[[Light enlightens illuminations of the sky of toils and hard work . lights ends the whole darkness of ages as Knowledge River of education and holiness. ]]

One this occasion we can have the experience of these lines from university song.

Hon. Chancellor Sr. K. Shankarnarayan, Vice-President of Planning Commission Sri. Montek Singh Ahluwalia, Chief Minister Sri. Prithviraj Chavan High Education and Technical Education Minister Hon. Rajesh Tope were present on this occasion. These personalities on is occasion expressed valuable thoughts which were not only helpful for the students of this university but also for other students of higher education.

UGC and Maharashtra government helped to run of this university new model degree college in Hingoli district which is educational backward. One can read successful flight of this college in this report.

In this period there was inauguration of new buildings of department of Language and Literature, Education Studies Department, Media Studies and Fine and Performing Arts.

We have tried our best to summarize the conferences organized by different department and colleges of this university. Here you can see research papers appeared different conferences and magazines. In this way one can evaluate the exceptional progress in research field of this university.

Student is always the centre of the university. The progress of the students can be seen in this report. We have noted the progress in 'sport'. 'Youth Festival' is always been an important stage of the students who have interest in art. Superstar Shahrukh Khan was chief guest of youth festival which was attractive, sober and joyful. Editorial board tried it's best to modify this report. Apt graphs, statistical tables have been provided in this report. Appendixes have been attached to this report to focus more light on information. We believe that you will appreciate this report.

We are heartily thankful to those who have helped to us to publish this report.

## **Hon. Vice Chancellors Preface**

Education changes our attitude, habit and the perspective to see the world. Education also helps us to make a new civilization. Today's age is the age of competition. We must have to enrich our quality if we want to survive in the competition. Only to have degree is not enough today we must have enrich our self with advanced qualifications because of science we can see so many novel equipment and techniques and we should cope with these elements to gain material progress and achievements

Our university always focuses on quality of education. I humbly think the professors first themselves made true researchers and then they must ask students for promptness and strict manners. Marathwada is backward with compared to other parts. If we want erase this image then we have to work more hard. To stop intellectual migration we should inaugurate job-oriented courses and provide more facilities to students. In that perspective our university is progressive. In last some years so many foreigner students and researchers have been attracted towards our university.

So many students and professors have been awarded big opportunities because of national-international conferences, important educational contracts, and contacts with dignitaries from abroad. Soon there will be new girls' hostel, boys' hostels, guest house, new building for exam centre and rich library. In sub-centre of Latur, 'Adivasi Sanshodhan Kendra' and Model College in Hingoli we can see many proud mega-projects run by the university. Students must be awarded the essential facilities as near as possible. In this way, we are marching towards our goal with optimism and I am proud of this. I heartily bestow the best wishes to all.

# Convocation

# Hon. Vice-Chancellor Dr. Sarjerao Nimse's Convocational Speech

(Friday 04/03/2011)

Hon. President of 13<sup>th</sup> convocation program of Swami Ramanand Teerth Marathwada University, Nanded Chancellor of university and the governor of Maharashtra Hon. Shankarnarayan ji, chief guest of convocation program chief minister of Maharashtra Hon. Prithaviraj Chavan, university's D.Litt. awardee Sri. *Montek Singh Ahluwalia*, Maharashtra's Higher Education and Technical Education State-Minister and Nanded's Guardian Minister Hon. D.P. Sawant, Deans of all faculties, university's management committee and it's honorable members, directors of university, officers and workers, well-educated citizen, journalists, students and especially the awardees.

I first congratulate the students who are being awarded various degrees in this convocation program. I thank chancellor Hon. Shankarnarayan ji who have accepted our invitation of convocation and visited our university. I am also thankful that he has inaugurated the building of school of education. I thank him on the behalf of other members too.

I also thank Hon. Chief-minister Prithaviraj ji Chavan for his acceptance of invitation as chief guest. He firmly believes that science and technology will lead India to economical progress, social equality, and overall Human Development Index. He inaugurated many new projects when he was in Centre Government.

We know that honorable Sri Montek Singh Ahluwalia, vice president of Indian planning commission, famous economist, architect of 11<sup>th</sup> five year plan is also a world known highly educated scholar. I thank him he tried his best to grant the sufficient fund in the circumstances of work economical crisis. We also salute his hard works to grand more fund over all progress of Nanded city on occasion of Guru-Ta-Gaddi (J.N.N.U.R.M. Scheme). That why we can feel today the 'Global Touch' to Nanded. Our university also tries to have this 'Global Touch'. University campus is already purified with the presence of Guru Govind Singh Ji. We have a privilege so that 11<sup>th</sup> planning commission tried its best to grant more funds which will help educationally and structurally.

For the welfare of University we will ask help to Sikh Diaspora when needed.

I also thank to Hon. D.P. Sawant who is the guest of this function and a senate member of University. He is been always a life force to our university. University believes that he will try to solve problems faced by University as he is in Department of Higher Education and Technical Education.

In the sense our University is a new born baby as it was established in 1994. Therefore there is an urgent need to maximize the speed and tempo of progress and development. University has been granted abundant 550 acres region. Four districts are thankful of the University as our University has enriched an intelligentsia through results and practical performances. University is trying its best to satisfy the need of modern education. In this way, University is trying its best to stop the intellectual migration. University believes that through the valuable and useful research we will able to clear the backlog on all the fronts. University is trying to provide new courses to the students. Therefore the syllabus of M.S.C. Math and M.S.C. Statistic has been revised.

University also tried to provide special optional subjects like soft computing Maths and Cryptography Computational Fluid Dynamics. Course under statistics to become an Actuarist is possible now-a-day. In Nanded region the Biology-course after H.S.C. is been provided. In Latur region, five years course started in Latur sub centre from this educational year. University has provided 'the School System'. Therefore new international courses are

available now in the university. And hence credit and semester system has been started. University has awarded the educational autonomy to the departments.

We are trying to provide fundamental possibilities to students. Just at this morning our respected guests inaugurated three new departmental buildings. In department of 'Language and Literature' new courses of Foreign Languages have been started. Under education department new courses of M.Sc. sports have been started from the education year 2011-12. From 2010-11 new courses like 'M.A. Theatre Arts and Films' and Computer Graphics have been started in 'School of Fine and Performing Arts. In Latur a five storey building is being constructed. In upcoming some days we will available some more hostels and guest houses.

Two years before there were 40 professors but now there are availability of 140 professors. Soon there would be 200 professors and for that university is trying its best. University knows that, it will become well-known only if teachers will provide better tutorials and apt research guidance. It's good that the research projects are increasing day by day. Projects are estimated to 6.5 crores rupees. UGC under SAP has chosen two departments. Under UGC's innovative programmed one year P.G. diploma in Geo informatics has been started in School of Earth Sciences. In University campus the quantity students has been increased 700 to 1800. Under the project of vision 2020 we are trying to catch the target of 3000 students by providing courses.

University overall progress non-teaching staff is also important. The problems of this staff members especially those who are temporary are being solved.

In administration the rapid change is been performed. Till the end 2011, there would total computerization of the system. For this target national mission of education through ICT under MHRD has granted 2 crores rupees. With the help of BSNL the facilities of cables and other technical work has been completed. The speed of internet connectivity has been increased 1 GBPS to 1000 GBPS. This scheme is in second stage in various colleges. Afflicted colleges are the inspiration and power points of the university. Many projects have been started to strengthen those colleges. Especially from upcoming educational year new fundamental changes are to be applied in examination method. University is trying to apply Automation and transparency. Therefore results will be declared instantly. Therefore these results would be more trustworthy. Examination center tried to reformat the PET and designed new rules and regulations suggested by UGC.

University has provided special funds for the schemes like 'Earn and Learn'. University also tried to help economically backward students of under privileged strata. Students from different classes assert Swami Ramanand Teerth University a backbone. In this way many new projects of University are helping student.

With the help of higher education and research university is participating the over-all progress of the districts live Nanded, Hingoli, Parbhani and Latur. The schemas like INSPIRE have been started to enrich fundamental research. Many interesting and useful scholarship have been introduced under SHE (Scholarship for Higher Education). Fortunately many students of four districts have been awarded these scholarships. University has established a unit to successfully carry on this project.

The quantity of foreign students has been increased from zero to 26. Just our university is been included on the panel of ICCR (Indian council for cultural Relation). Next year we are expecting more foreign students for more new courses. Recently our University has made contracts with many foreign Universities.

In this way our University will acquire more revenue and more important thing is that in this way our University will be more global.

University is trying to increase GER (Gross Enrollment Ratio) through the medium of ODL (open and Distance Learning). For that DEC (Distance Education Council, New Delhi.) has granted an endorsement and fund of 10 lakes rupees. Next year ODL is entering more

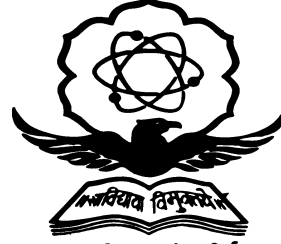

profoundly. In this way, University will acquire more development fund. The ‘Marathi-speaking, students of neighboring state can now easily acquire the degrees. Under Low GER districts, Central Government and State Government have granted Model College to Hingoli District. For this above mentioned college appropriate area has been chosen. In this college advanced pre-degree courses are going to be taught. We are sure that from 2011-12 educational year model college, Hingoli will be started.

From next educational year, with the help of UGC our University is going to introduce new courses like Bio-Energy, Solar Energy, Space Sciences, Petroleum Geology, P.G. Diploma in Disaster management, and 5 year integrated MBA (with specialization in Commutation). If Swami Ramanand Teerth Marathwada University were to be the University of 21th century, then it’s necessary that our University should prescribe international syllabus and execute outstanding research. For this, planning and action is been carried out by providing fundamental facilities. Both State Government and Central Government are granting funds and thus helping economically. It is very important that we should construct a mindset which will help in 21<sup>st</sup> century with the instrument of higher education and advanced research. And to mould this mindset our University will always help. Best luck to all degree-holders.

Jai Hind! Jai Maharashtra !!

### Reference Section

A Separate Reference Section is available in this central library of this University. It contains Reference Books, Thesis, Section of Hyderabad Freedom Struggle and various kinds of Reports. There are wellknown with the new updated versions.

In this section there is open Accers for readers and the help is also provided to findout particular information. The SET Questions papers are made available for the readers. Total 4114 readers are taken the benefit of this section and have used 11908 books. Apart from this various reference books are used.

### Xerox Section

In this report year total 23021 xerox copies are provided to the readers with the rates fixed by the University.

## Student Welfare Section

Student Welfare Section is one important part of this University. It works for the overall development of students. Various programmes – Youth Festival, Student Council Elections, Earn and Learn Scheme, Womens day and other programmes are conducted regularly.

Various Events are organized during the academic year 2010-2011.

01. Student councils election of campus on 06/09/2010 and Bagal Santosh Balaji of Chemical sciences is elected as the secretary.
02. Student council's election on 28/09/2010 and Ms. Selke Anuja Shivraj was elected as the president and Mr. Jadhav Pankaj Vasant was elected as the secretary.
03. In 2010-2011 Bahishal Vyakhyanmala upgoes to 74.
  - i. Hon. Swami Ramanand Teerth Vyakhyanmala.
  - ii. Mahatma Jyotiba Phule Vyakhyanmala.
  - iii. Mahatma Gandhi Vyakhyanmala.
  - iv. Dr. Babasaheb Ambedkar Vyakhyanmala.
  - v. Late K.M. Deshmukh Vyakhyanmala.
  - vi. Late Uttamrao Rathod Vyakhyanmala.
  - vii. Late narhar Kurudkar Vyakhyanmala.
  - viii. Principal Hemchandra Vyakhyanmala.
04. 8<sup>th</sup> March is celebrated as women's day in the presence of Dr. Shobha Vaghmare, Social Worker Nanded.
05. Earn and Learn scheme is run successfully for the year 2010-2011 Rs. 5 Lac's provision is made for this scheme.
06. Various artist students are encouraged with prizes and movements on 17 September.
07. Actress Pallavi Vaidya was invited as a chief guest for annual function of the University.

***Collaborations & MoU***

1. IIG, Mumbai.
2. government Institute of Sciences, Aurangabad.

***Crativity, Innovations and Impact***

The impact is good placing from the students of ESE in different organizations.

**Faculty Achievements and Awards**

***Foreign Visits***

1. Prof. Dr. D.B. Panaskar visited to Bangkok, dates No. 25 to 29, 2010, participated and chairing the session in the international Conference.
2. Dr. H.S. Patode and Dr. A.B. Bhosle visited to Singapore and Malaysia for participation and presentation of paper in the conference.

**Notable Activities for Students**

***ISC (International Student Centre; university open doors to foreign students)***

Ph.D. Student from Yeman is working under Prof. Dr. D.B. Panaskar.

***Further Studies***

1. Awarded Maulana Azad National Fellowship to Mr. Sayyed Juned and Ms. Parveen Shaikh (Ph.D. Student) and
2. Awarded Rajiv Gandhi Fellowship to Mr. Watode (M.Phil. Student)

***Participation in Conclave***

Participation with students in Science Conclave: Mr. V.M. Wagh and Mr. Y.P. Loalage.

***Field Tour and Study Tour***

Field and Study Tours are organized in various places of Maharashtra by Dr. H.S. patode and Mr. V.M. Wagh.

***Gust Lecturers of Eminent personalities***

2 Guest Lecturers 1. C.Shivaji, DIST, new Delhi and 2. Dr.Balram, NGRI, Hyderabad.

# School of Computational Sciences

## 1. Mission and Vision

### Academics

#### ➤ New Courses Introduced

The School of Computational Sciences has been imparting courses in computer science since 1994. In 1994, in the framework of the University Reform Law, the school opened a new post degree course in Computer Applications, M.Sc.(CA). Keeping in mind the large number of registrations witnessed and comparatively less number of available seats for this course, in 2005, the school has started a specialized post degree course, titled, M.Sc.(CN) . In mean time, the then administrative authorities found that the software industry was very attracted to MCA course. Hence, in 2008, the school has started additional three years PG course in Computer Applications, titled MCA. Very recently, the school has proposed to start an advanced, industry demanded, specialized course, titled M.Sc. (Computer Science with specialization in Multimedia technology). Final sanction to this is still awaited.

#### ➤ Syllabus Revision

Important changes were introduced in existing courses, not only in the contents but also in the organization and course development. In addition, the curricula adopted a CGPA style semester structure and some changes in the teaching methodology were introduced. In particular, the courses in the school have been properly tuned for four types of activities: theory lectures, applicative seminars, laboratory practical and project practical. The groups of students for theory lectures may be large. The groups for applicative seminars and laboratory practical are smaller, since the objective is to facilitate the interaction between the student and the lecturer.

#### ➤ Research Program

##### 1. PhD Related Statistics

a. PhD Guides at School	--	01
b. PhD Awarded in current academic year	--	00
c. PhD Research Scholars in 2010-11	--	NIL

(Registrations Confirmed)

##### 2. M.Phil Related Statistics

Faculties completed M.Phil in 2010-2011	--	NIL
---	----	-----

#### ➤ Admission Requirement, Student Intake and student Profile –

There is no specific admission requirement like entrance test for M.Sc courses. Admissions are made on merit basis. Any science graduate and other graduates in computer allied undergraduate courses are eligible. However, the admissions to MCA course are governed by DTE, Mumbai Norms. The student intakes for M.Sc courses in 30 each and for MCA is 60 students.

#### ➤ Semester Commencement : As per Academic Calendar

#### ➤ Autonomy to School – School enjoys academic autonomy from this year

## School of Life Sciences

Mission & Vision :

Academics:

- New Courses Introduced : NA
- Syllabus Revision : First & Second semester of Biotechnology/Microbiology and Zoology
- Research Program : Ph. D. & M. Phil
- Admission intake : 20 x 5 courses = 100
- Semester commencement : 08 July 2010
- Autonomy to School : Academic autonomy is given to School

Research and Discovery:

- Research findings in brief : 03 Ph. D awarded  
Dr. Nagesh Dhole,  
Dr. Rupesh Deshmukh  
Dr. Mrs. H. J. Bhosale
- Research projects completed : 03  
Dr. K. S. Mohan (UGC)  
Dr. Rajesh N. Gacche (CSIR)  
Dr. Rajesh N. Gacche (UGC)
- Research Projects on-going : Ongoing five projects (08)  
Dr. K. S. Mohan (UGC)  
Dr. K. S. Mohan (UGC-SAP)  
Dr. C. N. Khobragade (UGC)  
---do--- (RGSTC)  
---do--- (Woman Scientist)  
Dr. A. P. Pathak (UGC)  
Dr. B. S. Surwase (UGC)  
Dr. R. M. Mulani (RGSTC)

## **School of Commerce and Management Sciences**

01. For Commerce Third year students, Talent Hunt examination was conducted.
02. Various extension activities organized by school
  - Plantation
  - Career Guidance and Training Program
  - Social and Cultural Program

### **Research:**

- In academic year 2010-2011, more than 40 research papers has been published.
- Three faculty visits abroad
  1. Dr. J.V.Joshi
  2. Dr. (Mrs.) V.N.Laturkar
  3. Dr. B.R.Suryavanshi

### **Industrial Tours**

- At Banglore and Mysore, Karnataka

## **School of Media Sciences**

- ETV Hyderabad organized interviews for various posts in the school.
- Educational tour at RAMOJI Film city, Hyderabad.

## **School of Physical Sciences**

The School is running M.Sc. Physics course having specialization in Astrophysics, Materials Sciences, Fiber Optics & Laser and Electronics.

The School has modified and reframed the syllabus of special papers viz., Astrophysics, Materials Science, Fiber Optics & Laser, and Electronics to be implemented w.e.f. ACADEMIC YEAR 2011-2012. The School has about 33 research students and 05 M.Phil. Students in addition to the normal strength of M.Sc. Students. The I & III semester started on 19 July, 2010. The II & IV semester started on 05 January, 2011.

The revenue of about Rs. 100 Lakhs is generated through various funding agencies by faculty of our School viz., Prof. R.S. Khairnar (UGC), Dr. A.C. Kumbharkhane (DIST), Dr. M.K. Patil (UGC/ISRO) Dr. (Mrs.) M.P. Mahaole (DST), Dr. A.V. Sarode (UGC), Dr.A.S. Chaudhari (ISRO/CSIR). One Major UGC project and one DST project amounting to Rs. 36 Lakhs is completed by Prof. R.S. Khairnar. Besides these research project, the School also received funds of Rs. 55 Lakhs from DST under FIST Scheme. The School has joint research programme of three years duration with Protugal funded by DST in the field of grapheme gas sensors. Prof. Khairnar visited University of Aveiro, Protugal as a visiting Professor under Joint research program between India & Protugal in December, 2011. The faculty has published more than 15 research papers in international journals having high impact factor.

The School is carrying out quality research work and many research students have attended and presented their research work in international conferences & symposium held in foreign countries viz., France, Italy, Korea, Taiwan, Japan, U.K. Australia. Besides the fellowships from sponsored & funded projects, some research students are also selected for Rajiv Gandhi Fellowship, INSPIRE Fellowship and Minority Fellowships. Two students were getting university scholarship for carrying out Ph.D. work.

### **Research Projects**

"Study of gas sensing properties of eco-friendly zeolie synthesized using environmentally helath hazardows fly ash" project is sanctioned by DST (SR/S2/CMP-49/2009) in Nov. 2010.

1. Presented Major Research Project to UGC on 4th Feb. 2012.
2. h-index-21 citafions-7600.

- One patent related to Nanomaterials in its field by Prof. R.S. Khairnar on 11/06/2011.
- UGC major Research Project.
- DST Gas Sensor project publication (3 nos)
- DST India & FCT-protugal joint collaboration research programme for three years.
- Citations (index)-79.

Report of NET Coaching Scheme: July, 2010-June, 2011

The following tables describe details regarding the NET/SET coaching classes implemented by various schools.

## **School of Education**

In academic year 2010-2011, eight students were passed in NET and SET Examination and Two were qualified for JRF.

- Dr. S.K.Singh has got research grant from ICSSER, New Delhi for project entitled "Indo-Thai medical student".
- Dr. S.K.Singh has been selected by Physical Education Foundation of India for 17<sup>th</sup> International sports Law congress, Moscow, Russia.

### **School of Language and Literature**

The school of languages and literature offers master degree courses in English and Marathi. The school has initiated certificate courses in German and Chinese languages under Foreign language Center. The school has also initiated research courses like M.Phil. in Marathi and English. The school has revised the curriculum and introduced new syllabus for M.A. first year English and Marathi. The school has also made an innovative approach of introducing job oriented new papers like screenplay writing, Advertisement writing, Translation study, Proof reading and Marathi Grammar. The school is actively engaged in research activities reflected by their contributions in projects and research publications.

Dr. Yonini Satarkar- Indian writers in English a treatise book has been accepted for current publication, Agra.

## School of Mathematical Sciences

- **Mission and Vision:**

The School of Mathematical Sciences, established in 2009, offers M. Sc. programmes in Mathematics and Statistics with intake capacity of 40 each. Within a short span of time, School has done remarkable progress. The M.Sc. course is of two years duration to be completed in four semesters. The school follows CGPA scheme of assessment, where each student is required to complete 100 credits in two years with 25 credits per semesters.

M.Sc. (Mathematics) course is a two year degree course with major emphasis on Algebra, Analysis and Number Theory. M.Sc. (Statistics) course is of two years duration with major emphasis on Operations Research, Industrial Statistics, Agricultural Statistics and Actuarial Sciences.

Apart from regular class room teaching, the School is offering SET/NET/GATE guidance to students. Remedial coaching is provided to weaker students. Much attention is given on student's personality development. This makes them bold enough for facing interviews in different corporate sectors. The project work is basic component of both the courses.

- **Academics:**

- ✓ New Courses introduced: M.Sc.(Statistics)
- ✓ Syllabus Revision: M.Sc. (Statistics) syllabus has been prepared and that of M.Sc.(Mathematics)-III and IV sem has been prepared.
- ✓ Research Programme: Ph.D.
- ✓ Admission Requirement, Student intake and student profile:
  - (1) For M.Sc. Mathematics: Any graduate (Arts/ Science/ Engineering) with Mathematics as an optional subject at degree level.
  - (2) For M.Sc. Statistics: Any graduate (Arts/ Science/ Engineering) with Statistics / Mathematics as an optional subject at degree level.
- Admission Criteria: Based on merit.
- ✓ Semester Commencement: As per applicable to all schools in our University.
- ✓ Autonomy to Schools:
- Research and Discovery
  - ✓ Research findings in brief with illustrations/photographs:
    - Mrs. U. K. Sangale: Presented one paper in the National Conference on "Recent development in graduate ,post graduate and research level Mathematics" during 10-12 Jan 2011.
    - Dr. Aniket A. Muley: Participated and one paper is published entitled "A new fuzzy MADM ranking methodology for finite alternatives" in National Seminar on Advances in Computational Mathematics held at Rajarshi Shahu College, Latur between 23-24 Feb,2011, pp 102-113. (ISBN NO. 978-81-920783-4-2)
- Seminar/Workshops/Conferences organized/attended:
  - (1) Organized a one day workshop on "Rough sets" on 10 Nov 2010.
  - (2) Organized SET/NET workshop in Mathematical Sciences.

**Mr. Nitin S. Darkunde:**

- (1) Participated in ICM (International Congress of Mathematicians)-2010 held at HICC, Hyderabad between 19th August-27th August, 2010.
- (2) Participated in Indocrypt 2010. (11th International Conference on Cryptology in India 'Indocrypt 2010' during Dec 13-15, 2010.) held at Hyderabad.
- (3) Participated in National Conference on recent Developments in Graduate, Postgraduate and Research Level in Mathematics organized by JES College, Jalna. during 10-12 January, 2011.

- (4) Participated in Induction Training for Newly appointed teachers organized by BCUD and School of Educational Sciences, SRTMUN, on 18th March, 2011.
- (5) Delivered a lecture on 'Career Opportunities in Mathematics' at Rajarshi Shahu College, Latur on 25/01/2011.
- (6) Worked as a recourse person in SET/NET workshop (in January-2011) in Mathematics (on Linear Algebra) organized by Department of Mathematics, NES Science College, Nanded.
- (7) Worked as a judge for Junior Scientist Event in PRAGYAA 2011 at SGGS Institute of Engineering and Technology, Vishnupuri, Nanded on 05/03/2011.

**Mrs. U. K. Sangale:**

- (1) Attended International Conference for Women Mathematicians during 17-18th Aug 2010 in the University of Hyderabad, Hyderabad.
- (2) Presented one paper in the National conference on "Recent development in graduate ,post graduate and research level mathematics" during 10-12 Jan 2011.
- (3) Participated in Induction Training for Newly appointed teachers organized by BCUD and School of Educational Sciences, SRTMUN, on 18th March, 2011

**Dr. Aniket A. Muley:**

- (1) Participated in Induction Training for Newly appointed teachers organized by BCUD and School of Educational Sciences, SRTMUN, on 18th March, 2011
- (2) Participated and one paper is published entitled "A new fuzzy MADM ranking methodology for finite alternatives" in National Seminar on Advances in Computational Mathematics held at Rajarshi Shahu College, Latur between 23-24 Feb, 2011, pp 102-113. (ISBN NO. 978-81-920783-4-2)

**Mr. Uday S. Divyaveer:**

- (1) Participated in Induction Training for Newly appointed teachers organized by BCUD and School of Educational Sciences, SRTMUN, on 18th March, 2011
- University Department Schemes
  - Creativity, Innovations and Impact: New courses are introduced with innovative teaching aids like LCD, OHP etc.
    - Faculty achievements and awards
  - Notable activities for students
  - Notable student accomplishments
    - ✓ University Scholars prepare for University and beyond:

(1) List of the selected students in MTTTS (Mathematics Training and Talent Search Programme) organized by NBHM(National Board for Higher Mathematics )

Sr. No.	Name of the student	Level	Year	Venue
1	Ms. Ambulge Priyanka M.	II	2011	UICT, Mumbai

Three students from M. Sc. Statistics were participated in "National Workshop on Official Statistics in National Development", held at N. M. University, Jalgaon (in January-2011)

(2)List of the participated students:

Sr. No.	Name of the student	Class	Year
1	Mr. Patil Ravindra S.	M. Sc. (Statistics) I	2011
2	Mr. Powar Ananda V.	M. Sc. (Statistics) I	2011
3	Mr. Basatwar Nikhil G.	M. Sc. (Statistics) I	2011

(3) Two students of M.Sc. (Mathematics) were participated in MMS (Marathwada Mathematical Society) Seminar Competition.

- ✓ Placement: Nil
- ✓ Further studies: Proposed new course from 2011-12: M. Phil.(Mathematics)
- ✓ Guest lectures of eminent personalities:Dr. Sartaj Ul Hasan, Scientist 'B'from DRDO, New Delhi has delivered lectures(in January 2011) on Cryptography techniques and Career opportunities for Mathematics students in Defence.
- Alumni Relations: Nil
- Extension activities: : Nil
- Facilities: Well furnished computer lab, with softwares like MATLAB, Scilab etc. LCD, scanner, White boards, Interactive boards etc.
