Chairman's Message

It feels my heart with pride to witness the remarkable journey of MGM University in the past academic year. Established on the principles of Mahatma Gandhi, MGM University has once again proved its commitment to value-based education, holistic development and positive social change. At a time when the world is facing an increasing risk of violence, intolerance and non-cooperation among countries, it is imperative to embrace Gandhian ideals of truth, non-violence, and compassion to address modern challenges.

Education is the most powerful tool to shape the future and MGM University is making the most of this tool by empowering our young minds with a blend of academic excellence, ethical consciousness, and social responsibility. Our vision to create a dynamic centre of learning goes beyond the traditional boundaries of education. It promotes interdisciplinary learning and innovation that aligns with national priorities and global trends.

I am happy to learn that MGM University has placed a strong emphasis on value-based education, which develops not only competent professionals but also responsible citizens who can contribute meaningfully to building our nation. It strives to inculcate a sense of empathy, integrity, and sustainability in its students and prepares them to tackle real-world challenges with compassion and creativity.

I wholeheartedly appreciate the faculty, staff, and students who made it possible to achieve the milestones reflected in this annual report. Together, let us continue to uphold the legacy of Mahatma Gandhi and build a future that is filled with peace, progress, and prosperity.

With warm regards,
Kamal Kishore Kadam
Chairman, Mahatma Gandhi Mission Trust

Chancellor's Message

I am immensely pleased to present MGM University's Annual Report for the academic year 2023-24. The University has continued to build on its legacy of imparting value-based education inspired by the timeless teachings of Mahatma Gandhi. In a world often dominated by material pursuits, the relevance of Gandhian principles of non-violence, self-reliance, and truth are of even greater importance today.

This year, MGM University took several significant steps to integrate Gandhian and Buddhist philosophies into academic and cultural discourse. We inaugurated the Dr. Babasaheb Ambedkar Centre for Buddhist Studies, an initiative to promote research and understanding of Buddhist thought and its role in creating a peaceful society. The Philosopher's World Seminar Series further enriched our lives by bringing together scholars, thought leaders, and students to reflect on different philosophies from around the world.

The principles of Nataleem, envisioned by Gandhiji, have been woven into the fabric of our educational practices. Our university emphasizes practical, hands-on learning that empowers students to solve real-world problems with empathy and creativity. This includes a focus on skill development, community engagement, and social service. Our goal is to ensure that students graduate not only with knowledge but also with a sense of purpose and responsibility toward society.

At MGM University, we believe that true education is more than academic achievements. It is about shaping individuals who are deeply rooted in ethical values and equipped to become changemakers for nation-building and global harmony. We'll continue to march on this journey and I am sure that our collective efforts will help us realize our vision of creating a better world through education.

I express my heartfelt gratitude to our faculty, staff, students, and well-wishers for their commitment and contributions to the University's mission. Together, let us continue to uphold the ideals of Mahatma Gandhi and contribute to a more compassionate and inclusive society.

Warm regards,
Shri Ankushrao N. Kadam
Chancellor, MGM University

Vice- Chancellor's Message

I am deeply pleased to share the MGM University Annual Report 2023-24, which reflects our continued commitment to academic excellence, holistic education, and societal impact. At MGM University, we have fully adopted the vision of the National Education Policy (NEP-2020) and taken significant steps to ensure its effective implementation across all our academic programmes.

The NEP-2020 is about multidisciplinary education, flexibility in learning pathways, and the integration of vocational and practical learning. At MGM University, we have taken proactive measures to align our academic structure with the policy's vision. This includes offering interdisciplinary programmes, creating a basket of elective courses, introducing minor specializations, and promoting multidisciplinary research initiatives. We have also revamped our curriculum frameworks to ensure that our students are not only academically proficient but also equipped with 21st century skills, critical thinking abilities, and a strong sense of ethical responsibility.

On the research front, we are proud to highlight the achievements of our faculty and students, who have made MGM University a hub for innovative projects and entrepreneurial ventures. Our faculty and students have published scores of impactful research papers, participated in international collaborations, and filed several patents last year. We also promoted socially-oriented research with an aim to address the real challenges faced by communities and industries.

In line with the NEP-2020's focus on equity and inclusion, we have also strengthened our efforts to make education accessible to all, with a special emphasis on women empowerment, research aptitude, skill development and entrepreneurship initiatives. We undertook several community engagement programmes on a diverse topics ranging from arts and culture to science and technology.

Our journey is one of continuous evolution and innovation. With the collective efforts of our faculty, staff, and students, we have made great progress in academic excellence, research, and social service spheres. As we move forward, we commit ourselves to creating a vibrant academic ecosystem that nurtures leaders, innovators, and change-makers who will contribute to a better world.

I am deeply grateful to all stakeholders for their steadfast support and dedication to the University's vision. Together, we shall continue to work toward creating a sustainable and inclusive future for our nation and the world.

With Warm Regards,
Prof. (Dr.) Vilas Sapkal
Vice-Chancellor, MGM University

Registrar's Message

I am proud to present the Annual Report of MGM University for the academic year 2023-24. This report shows the progress made by MGM University in the past one year in different areas of education. As a young university with a rich legacy rooted in the ideals of Mahatma Gandhi, we have taken steady steps toward shaping an educational ecosystem that emphasizes holistic learning and social responsibility.

In alignment with the National Education Policy (NEP-2020), MGM University has effectively implemented several initiatives from introduction of multidisciplinary and interdisciplinary program, open electives and flexible subject choices. The introduction of specializations and skill enhancement modules has equipped students with the knowledge and competencies required to thrive in a constantly changing world. The University has successfully integrated internship and project-based learning across various programmes, which allow our students to gain hands-on experience and develop real-world problem-solving skills. On the research front, MGM University has made notable progress. Our faculty members and students published hundreds of research papers, in national and international journals and secured patents and copyrights during the year. These achievements underscore our belief that research should not remain confined to academic spaces but should contribute to societal progress and economic growth.

The university's emphasis on promoting Gandhian and Buddhist philosophies has been reinforced through various initiatives. Along with establishing Dr. Babasaheb Ambedkar Centre for Buddhist Studies and holding conferences on Gandhian philosophy, the University regularly organizes seminars, webinars, workshops and interactions to promote thoughtful discussions on moral leadership, human values, and sustainable living, which are essential in today's complex world. In keeping with Gandhiji's philosophy of Nai Taleem, the university had integrated practical education and community service into its curriculum.

Our digitization efforts have also gained momentum. From admissions and course registrations to examination management and feedback mechanisms, digital tools have enhanced the efficiency and transparency of our operations. The university library has also been strengthened with an extensive collection of both physical and digital resources, which provide students and faculty with access to knowledge across disciplines. Last year, we also achieved significant progress in placements and industry collaborations. Several national and multinational companies visited our campus for recruitment and offered placement opportunities to our students. Our partnerships with leading industries and institutions provided students with internship opportunities, real-world exposure, and access to cutting-edge technology and practices.

As we look back on the achievements of the past year, we also recognize that our journey is ongoing. There are always new challenges to overcome, new ideas to explore, and new milestones to achieve. The success of MGM University is a collective effort, and I am grateful to everyone who has contributed to it.

Together, we recommit ourselves to the MGM vision of creating a world-class institution that develops responsible leaders, ethical professionals, and compassionate human beings who serve the society. Let us continue to uphold the values of MGM University and work toward building a better future for all.

Sincerely,
Dr. Ashish Gadekar
Registrar, MGM University

MGM University

An Abode of Holistic Education

MGM University was established by the Mahatma Gandhi Mission Trust in 2019 with an objective to provide value-based, research-driven and experiential education that will transform the youth into competent professionals and socially responsible citizens. A number of MGM's colleges in Chhatrapati Sambhajnagar, many of whom shared a rich legacy of around 4 decades, were brought under the umbrella of MGM University (MGMU) to provide them with more autonomy, additional resources, unified administrative structure and a host of other facilities.

Located at the heart of the historical city of Chhatrapati Sambhajnagar in Maharashtra, MGM University's spacious campus is adorned with plenty of trees, sculptures and beautiful artefacts. The state-of-the-art educational facilities, research infrastructure and sports amenities make it one of the most preferred educational institutions in the region and beyond. Students from all over Maharashtra as well as India and abroad seek admission for different programs of the University.

Approved by the Government of Maharashtra as a self-financed State University under the Maharashtra Act No. XXVI of 2019 and accorded the 2(f) status by UGC, India, MGM University is a unique institution that offers over 340 programs in seven faculties of knowledge – Engineering and Technology, Management and Commerce, Basic and Applied Sciences, Social Sciences and Humanities, Performing Arts, Design and Interdisciplinary Studies on a single magnificent campus!

NEP-2020 Implementation

MGM University is one of the first universities in India to fully adopt and implement New Education Policy (NEP-2020). Designed to meet the needs of the 21st century, the policy emphasizes holistic development of students through experiential education. In line with the NEP-2020, MGM University provides multidisciplinary, experiential and career-oriented education for all round development of its students. The University has built a state-of-the-art infrastructure and provides world-class educational, research and sports facilities to its students to transform them into successful professionals into their areas of interest. The incredible variety of subjects, freedom of choice and flexibility in learning offered by the University has brought the vision of the policy into reality.

Multidisciplinary Education

One of the key characteristics of NEP-2020, multidisciplinary education allows students to pursue their interests in different fields. With its wide spectrum of programs and Choice-Based Credit System, MGM University ensures that students have this freedom in its true sense. Here, they can choose from 100+ minor programs in a range of subjects from AI, Machine Learning and Robotics to financial mgt., filmmaking, public speaking, journalism and design.

Experiential Learning

Since its very inception, MGM University has emphasised '*Learning by Doing*'. Right from designing the curriculum to actual teaching-learning, everything revolves around experience. The curriculum is developed by subject experts and people with extensive domain experience keeping in mind the current and future trends in the industry or a particular area of profession. The University employs many modern teaching-learning methods like project-based, problem-based, research-based and collaborative Learning that ensure in-depth understanding of subjects.

Research and Innovation

Research and innovation has always been a priority at MGM University. Year on year, it has increased the provision of research funds for faculty and students. As a result, the faculty members have published hundreds of research papers in reputed peer reviewed journals and filed over 50 patents. The University has also signed more than 100 MoUs with renowned universities, research institutions and companies to provide training and research opportunities to its faculty members and students.

State-of-the-art Infrastructure

MGM University has developed state-of-the-art infrastructure to support practical learning of its students, including a truly futuristic **Innovation, Incubation and Research Centre (IIRC)**, where

students work on live industrial projects using latest technologies. In addition, there are 179 well-equipped research Labs, 28 Innovation Centres, 22 Design Studios, Entrepreneurship Development Centre, Cyber Security Centre, Centre of Innovation in Hospitality, 3-D Printing Lab, Filmmaking Studio, Aviation Lab & Mock Room, Moot Court, Art Gallery, Preview Theatre, auditorium, seminar halls as well as 3 girls' and a boys' hostels.

Sports Facilities

Focused on all-round development of students the University has built world-class sports facilities like an Olympic-size swimming pool, cricket stadium, football field, Tennis courts, shooting ranges and gymnasiums. Students train here under the guidance of national level coaches to realize their sports dreams.

An Abode of Holistic Education dedicated to the intellectual, physical, psychological, cultural, moral and social development of students, MGM University continues to follow the footprints of the Mahatma, providing the new-age education to its students and transforming them into the leaders of tomorrow.

MGMU Campus – A Natural Abode of Education

Adorned with abundant greenery, beautiful sculptures, plenty of open spaces and creative areas, MGM Campus is a natural abode of education. The moment a student steps into the campus, she enters a new world, which calms her thoughts and allows her to dream big. Every student finds a space in the campus to nourish her interest and develop it into a skill, from an astronomical centre, film studio, pottery workshop to the libraries, museum, auditorium and Entrepreneurship Development Centre.

Awards and Accolades

MGM University has been honoured with multiple awards for its excellence in education along with its work for sustainable development and social initiatives. Many individual colleges of MGM University have also been recognized for their contributions and innovations in engineering, arts and sciences. Recipients of prestigious accreditations from National Accreditation Bodies, the colleges have built strong relationship with industry, which ensures the students get plenty of practical learning opportunities through internships and projects.

Given below are some of the awards received by MGM University:

- Navbharat Education Award 2021, Best Private University
- Green Campus Award by HRD Ministry, Government of India
- Outstanding Work and Contribution towards Promoting 'Khadi' award by Government of India
- Green and Clean Campus Award by Times of India Group

Rooted in Values, Driven by Vision

Moving forward with the changing time, MGM University has adopted many modern teaching-learning approaches enabling students to compete on the global podium. MGM University is rooted in values and driven by vision, which means it makes sure that its students receive the most advanced training in science and technologies but at the same time also develop impeccable integrity and commitment to human values.

5. Academic Programmes and Initiatives

MGM University in Chhatrapati Sambhajnagar, established by the Mahatma Gandhi Mission Trust, a pioneer with 4 decades of excellence in education, research and service, is a self-financed State University. The conducted Colleges/Institutes/Schools/Dept. of MGM University have a great track record of academic excellence and industry placements. They were operational from their inception and from the academic year 2019-20, have become conducted colleges and institutes of MGM University. Ph.D. programmes have been started in the faculty of Engineering and Technology, Management & Commerce, Basic & Applied Sciences, Social Sciences & Humanities, Performing Arts, Design and Interdisciplinary Studies from the academic year 2021-22 onwards.

The Faculty of Engineering & Technology has a well-established, four-decade-old Jawaharlal Nehru Engineering College (JNEC), the University Department of Information and Communication Technology (UDICT), the Institute of Fire Service Engineering and the newly established School of Engineering and Technology.

The Faculty of Management & Commerce has Institute of Management & Research, Institute of Hotel Management and Nath School of Business and Technology.

The Faculty of Basic & Applied Sciences has Dr. G.Y. Pathrikar College of Computer Science & Information Technology, Institute of Biosciences & Technology and University Department of Basic and Applied Sciences.

The Faculty of Social Sciences and Humanities has College of Journalism & Mass Communication, School of Film Arts, Department of Photography, Institute of Social Sciences, Institute of Indian and Foreign Languages and School of Legal Studies & Research.

The Faculty of Design has School of Design, Institute of Fashion Design, and College of Fine Arts.

The Faculty of Performing Arts has MAHAGAMI Gurukul Centre for Performing Arts.

The Faculty of Interdisciplinary Studies has the University Department of Gandhian Studies, Department of Sports, Physical Education and Yog Science, Department of Education, and School of Interdisciplinary Studies.

Innovation Incubation Research Center has been established on the University campus to inculcate the spirit of research and entrepreneurship in students. The University aims to create researchers and entrepreneurs rather than job seekers. Hence, has set up a centre dedicated to inspiring and empowering students to undertake socially-oriented research in various areas of life. These students will be an asset to society and will be nation-builders in the future.

In the pursuit to offer prompt quality services to the University community, the ERP system has been installed and further revamped. The different modules integrated into ERP are student registration, enrolment, course allocation, continuous evaluation, assignment & tutorials submission, proctored online examination, examination results, students' feedback, research publications, faculty development programmes, records maintenance, human resources-recruitment and appraisal system, finance and store.

5.1. New academic programmes started in 2023-24

5.1.1. Faculty of Engineering and Technology

5.1.1.1. Jawaharlal Nehru Engineering College

The flagship college of MGM University, Jawaharlal Nehru Engineering College (JNEC) was established in 1983 since then, owing to its excellent quality of education, it's been regarded as a premier institute of engineering. The college has created its own mark in the field of technical education and offers 28 degree programmes across the fields of engineering architecture and

computer applications - B. Tech., B. Arch., M. Arch, MCA, M.Tech., and Ph.D. approved by the national bodies - AICTE and COA.

The college has collaborated with leading tech companies, universities and industry experts and associations to provide hands-on training and understanding of the latest technologies along with internship, project and placement opportunities to its students. The Innovation, Incubation and Research Centre (IIRC) of JNEC has been established in collaboration with leading tech companies such as Mahindra Tech, BMW, MSC Software, Christiani-Sharpline etc. It is the first-of-its-kind Centre in the State of Maharashtra, where students work on emerging technologies. The college has obtained NBA, NAAC 'A' Grade accreditation with ISO 9001:2015, and 14001:2015 Certification.

The college offers a wide variety of advanced engineering programmes from Civil, Mechanical, Chemical, Electricals and Electronics to Computer Science, IT Engineering and Architecture.

6. NEP 2020 Implementation at University

MGM University has successfully implemented the new National Education Policy with the aim of transforming individuals into 'Global Citizens' in the era of modern technology. The university has set an exemplary standard for other institutions through the implementation of this new educational policy. In line with our objective, we have wholeheartedly embraced this policy to bring about significant changes in the Indian education sector and provide world-class education.

MGMU introduced the new National Education Policy 2020 with the objective of empowering students with the necessary skills and knowledge to establish supremacy in the field of knowledge. MGMU integrates a comprehensive and multidisciplinary approach, with the aim of developing the holistic and ethical growth of human capabilities. MGM University has fully implemented this policy and special preparations were made for its implementation within the university. Under this policy, a one-year diploma program, a two-year master's program, a three-year bachelor's degree, a four-year bachelor's degree, and postgraduate programs offering multiple entry and exit options have been made available.

The university offers students the freedom to select major and minor subjects based on the programs offered in seven faculty of University. Additionally, students now have the option to pursue two degrees simultaneously, as this facility has been made available to them. Furthermore, while learning, students have the freedom to choose the language of instruction, and through this policy, it will help in the preservation and development of all Indian languages.

During the implementation of the new education policy in the university, approval from the Statutory bodies, Board of Studies (BoS), Academic Council, Board of Management, and Governing Body was acquired after thorough discussions. Having a centralized timetable becomes essential during the implementation of the educational policy in the university. Additionally, it has been emphasized to keep students' interests in mind and ensure that they continue their studies in their respective major subjects while pursuing studies in other branches. To achieve this, a single timetable has been prepared at the university level.

Additionally, while studying, they will have the flexibility to choose from various modes of learning such as online courses from NPTEL/SWAYAM platform providing them with convenience and accessibility.

The university has undertaken special preparations in reference to the important components of the curriculum under the implementation of the new education policy. The university has fully prepared for aspects such as Major Mandatory courses, Major Elective courses, Multidisciplinary Minor courses, Open electives, Vocational skill courses, Skill Enhancement courses, Ability Enhancement courses, Indian Knowledge system, Value Education courses, On Job Training/Internship, Field projects, Community engagement and service, Co-curricular courses, Research methodology, Research projects.

1 of 2023	Degree of Doctor of Philosophy (Ph. D.) in all faculties in the University Ordinance, 2023
2 of 2023	Credit Framework for online learning courses through study webs of active learning for young aspiring minds (SWAYAM) for all faculties in MGM University, Ordinance 2023
3 of 2023	Examinations leading to the Degree of bachelor of Computer Application (Cloud Technology and Information Security) B.C.A. (CT&IS), three year degree program, semester pattern, choice based credit system, Ordinance 2023
4 of 2023	Examinations leading to the Degree of Bachelor of Management Studies, three year degree program, semester pattern, choice based credit system, Ordinance 2023
5 of 2023	An ordinance further to amend an ordinance in respect of "Conduct of Examinations" Ordinance, 2023
6 of 2023	Examinations leading to the Degree of Bachelor of Design (B. Design), Four year degree course, Semester Pattern, Choice Based Credit System (Amendment), Ordinance 2023
7 of 2023	Examinations leading to the Diploma (KALĀ UDAYAN), Two year program, Semester Pattern, Choice Based Credit System, Ordinance 2023
8 of 2023	Examinations leading to the Diploma in Natyashastra (NĀTYARPANA), One year program, Semester Pattern, Choice Based Credit System, Ordinance 2023
9 of 2023	Examinations leading to the Degree of Master of Performing Arts (MPA) KalāKovid, Two year / Three-year degree programme (including One year Bridge programme – as applicable), Semester Pattern, Choice Based Credit System, Ordinance 2023

8. University Admissions

Admissions to various programmes offered by the University are made strictly on the basis of merit which is calculated from the score obtained by the student in the qualifying exam/entrance test. The admission process follows the procedure prescribed in the MGM University Chhatrapati Sambhajnagar Act and relevant rules. Apart from MGM University's common entrance test, the students were admitted considering their scores in one of the state or national level qualifying entrance tests conducted by the government approved organizations wherever applicable.

They were honoured by the dignitaries.

The event was hosted by Purvi Bhawe and Neeta Paussare Walvekar, and the vote of thanks was delivered by festival coordinator Nilesh Raut.

On Thursday, January 4, 2024, the festival will feature the following events:

13.7.2.1. 2:30 PM: Master Class by Director R. Balki on popular Hindi films Pa, Chini Kam, Ghoomer, Sharmistha, Padman at Inox, Prozone Mall.

13.7.2.2. 6:00 PM: A special interview with renowned lyricist and screenwriter Padma Shri Javed Akhtar at Inox, Pruzone Mall, hosted by filmmaker Jayprad Desai.

13.7.3. The closing ceremony of the 9th Ajanta-Ellora International Film Festival.

The closing ceremony of the 9th Ajanta-Ellora International Film Festival, which brings the best films from around the world to the audience in Marathwada, was held at INOX, Pruzone Mall in the presence of artists from national and international levels. Renowned director Ashutosh Gowariker interacted with the attendees.

When we talk about Gujarati and Bengali films, they belong to specific states. However, here, regional films are being showcased along with global cinema. Marathwada has the potential to become a competent center for cinema where films from here will reach the national level, said renowned director Ashutosh Gowariker.

Present at the ceremony were special Police IG Dnyaneshwar Chavan, Municipal Commissioner G. Shrikant, Jury Chairman of the Indian Cinema Competition Section, Dhruvman Chatterjee, Jury Chairman of FIPRESCI India, N. Manu Chakravarthy, Vice-Chancellor of MGM University Shri. Ankushrao Kadam, Chancellor Prof. Dr. Vilas Sapkal, Festival Director Ashok Rane, Artistic Director Chandrakant Kulkarni, Organizing Committee Chairman Nandkishore Kagliwal, among others. The event was hosted by Dnyanesh Zoting and Purvi Bhawe, with the introductory speech by Nandkishore Kagliwal and thanks given by Prof. Shiv Kadam.

Director Ashutosh Gowariker said, "We have so many states, each with its own language, culture, and uniqueness, and people from these regions showcase their culture through cinema. This is not the case in Hollywood. Despite expressing ourselves in so many different ways, we create films that preserve the unity of our country. I am deeply happy to be here at the Ajanta-Ellora International Film Festival. This festival has made significant progress in a short span. I am particularly amazed by the Marathwada Short Film Competition. I had visited the Ajintha and Ellora caves ten years ago and later came here to see the Devgiri Fort during the production of Panipat. Now, I am here for this 9th edition of the festival, which signifies my personal progress," Mr. Gowariker remarked.

He further added, "I love film festivals, and my growth has been shaped by them. A film festival is a master class for me. It's a place where you watch films from morning till night, and many film lovers should participate in such festivals. The films shown at festivals are not available on OTT platforms. We often watch films alone on OTT, but at a festival, we watch films with everyone. This way, we learn a lot."

The role of the police in films, though indirect, is crucial, and many films wouldn't be complete without us. Police arriving on time is something that filmmakers should take note of, said Special Police IG Dnyaneshwar Chavan.

Municipal Commissioner G. Shirikant said, "We have developed government schemes in Latur by watching domestic films, which have benefited many citizens. I am confident that the Municipal Corporation will participate in future film festivals." He added that cinema inspires us, especially in my role as District Collector.

When this festival started, no one thought it would be so successful, but today it has earned national and international recognition. Next year will mark the 10th year, and we will celebrate this festival in an even grander way, said Nandkishore Kagiwal, Chairman of the Organizing Committee.

Festival Director Ashok Rane remarked, "This film festival has seen tremendous success in a short time. The credit goes to our entire organizing committee. Marathwada's films now have the chance to compete with global cinema through this festival. We are starting a 'Young Critic Lab' this year for students aspiring to be film critics."

The festival has reached new heights in a very short time, with Padma Bhushan Javed Akhtar, Director Ashutosh Gowariker, Director R. Balki, and Director Anubhav Sinha coming to guide and inspire new filmmakers. The standard of the festival is increasing every year. The registration for next year's festival will begin in February 2024, announced Artistic Director Chandrakant Kulkarni.

13.10. Abhirup Youth Parliament

Date: 05/02/2024

"Dreaming small is a crime, and anyone can become an MP. To become an MP, money or power is not necessary; a person who wins the hearts of the people becomes an MP," said former MLA Shri Krushant Joshi during his address at the inauguration of the 'Abhirup Youth Parliament' competition.

The competition was organized by MGM University in collaboration with Youth Bhiradari. The inauguration took place at 10:30 AM at the Rukmini Auditorium of the university in the presence of dignitaries. During the event, Shri Krushant Joshi interacted with students. Senior educationist Bhausaheb Rajale, senior editor Pravin Bardapurkar, evaluator Rupesh Kalantari, Youth Bhiradari's Sachin Wakulkar, University Registrar Dr. Ashish Gadekar, Prof. Dr. Asha Deshpande, and other relevant attendees were present.

Shri Joshi further stated, "We all have studied the workings of the Parliament, and today, we will use the various parliamentary tools. It is the responsibility of the youth to enrich Indian democracy, and it is essential to bring our expression to Parliament. We should highlight the mistakes of the ruling and opposition parties through social media. While everyone is participating in this competition at the regional level today, I wish that your college name shines at the national level."

The 'Abhirup Youth Parliament' competition has been held at MGM for the past few years, and students have consistently won first place. Senior educationist Bhausaheb Rajale expressed confidence that the youth will live up to the expectations placed on them.

Senior editor Pravin Bardapurkar emphasized, "Our democracy is not just a parliament but a parliamentary democracy. We must have unwavering loyalty to our Parliament and Constitution. The politicians we elect today, we know well about them, and the current political equations and the state of democracy are concerning."

MGM University has been organizing this competition for the past four years, offering students a valuable opportunity to learn about the parliamentary system. University Registrar Dr. Ashish Gadekar advised that students should express themselves in their unique style during the competition.

A total of five teams participated in the competition, and they presented their arguments throughout the day. The winning teams were honored with certificates and cash prizes.

13.12. Varshamangal

13.12.1. Day1

Date: 14/06/2024

The program concluded with the devotional hymn, 'Mani Nahi Bhav, Mhane Deva Mala Pav'.

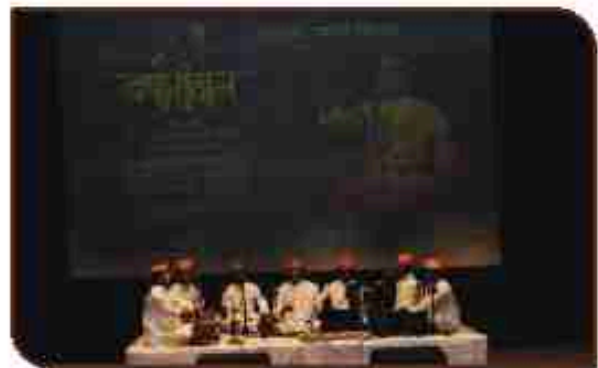

The birthday of Mahatma Gandhi Mission's Secretary and MGM University Chancellor, Shri. Ankushrao Kadam, is celebrated every year on June 15 with great enthusiasm. The series of programs associated with this celebration is referred to as 'Varshamangal'. On the eve of Varshamangul Day, the MGM Music and Performing Arts Department organized a program titled 'Khanjiri' by Pandit Raghunath Kardiker at Rukmini Auditorium. The program featured devotional compositions, hymns, Khanjiri music, ghazals, and shlokas by Rashtrasant Tukdoji Maharaj. The event concluded with the hymn 'Mani Nahi Bhav, Mhane Deva Mala Pav'.

To mark the Chancellor Shri. Ankushrao Kadam's birthday, the MGM Sati Restaurant's café was inaugurated at Rukmini Auditorium by Mrs. Shashikala Borade. Additionally, in honor of his 80th birthday, 108 dishes were prepared by the MGM Institute of Hotel Management. These dishes, representing Maharashtra, Gujarati, North Indian, South Indian, Bihari, Bengali, Rajasthani, and various snack cuisines, were displayed at the auditorium.

As part of the celebrations, the Gavalaksh quarterly magazine and the book MGMU Patent were released by dignitaries. Researchers who had obtained patents were honored during the event. A blood donation camp organized by the MGM Medical College and Hospital Blood Bank was held, where participants enthusiastically contributed.

Trailers for three feature films, Sudha, Grey, and Buz, produced by MGM School of Film Arts, were unveiled in the presence of esteemed guests. Another unique initiative was the presentation of the 'Infinity Mirror 80 Number' project by the MGM API Abdul Kalam Astronomy and Space Science Center. This project uses two parallel mirrors placed a few inches apart, with LED lights creating an illusion of an infinite tunnel. A creative photograph of Chancellor Shri. Ankushrao Kadam seated on an invisible chair was also showcased as part of the project, symbolizing the simple yet delightful principles of science.

A full day of vibrant activities was observed, attended by Vice-Chancellor Prof. Dr. Vilas Sapkal, Registrar Dr. Ashish Gadaskar, all deans, directors, principals, heads of departments, students, and other stakeholders. The program was anchored by Ashwini Dagherathe.

13.13, Mahatma Gandhi Mission Foundation Day

Date: 20/12/2023

Students Must Work Day and Night for a Bright Future - Hanmantrao Gaikwad

MGM's 41st Foundation Day Celebrated in a Festive Atmosphere

Students must strive for excellence in their work, no matter the field, and aim to perform at their best. Particularly, students should work diligently, day and night, to secure a bright future, stated BVG India Limited's Founder and Chairman, Hanmantrao Gaikwad, during MGM's 41st Foundation Day celebration.

The event was held with great enthusiasm at the MGM Stadium, N-6, CIDCO, in the presence of Mr. Gaikwad. He engaged with the audience during the celebration. Prominent personalities such as MGM Chairman Kamalkishor Kadam, Vice Chairman Dr. P.M. Jadhav, Secretary Shri. Ankushrao Kadam, MGM University Vice Chancellor Prof. Dr. Vilas Sapkal, Bhausaheb Rajale, Vijay Kadam, Abdul Kadir Manlana, and various dignitaries and officials of the institution graced the occasion.

Insights from Mr. Gaikwad's Speech:

While sharing his journey, Mr. Gaikwad said, "When I was 18 and pursuing my education in Pune, I lost my father. At 19, inspired by Shivaji Maharaj and Swami Vivekananda, I founded a service-oriented organization called Bharat Vikas Pratishthan. After becoming an engineer, I began working at Telco with a monthly salary of ₹8,000. My efforts saved the company ₹2.5 crore, and when they asked what I wanted in return, I requested jobs for youths in my village. I then took up Telco's housekeeping contract under my organization, marking the beginning of the future BVG Group's growth. Today, BVG handles cleanliness operations for prominent sites like Tirupati, Shirdi, Siddhivinayak, Dwarka, the Golden Temple, and 24 airports across India."

He praised MGM for its exceptional contributions, saying, "Over the past 41 years, MGM has accomplished remarkable achievements. Through MGM's platform, you are all passionately doing great work. MGM and BVG have opportunities to collaborate in various sectors in the future. Everyone defines happiness differently, and the world is full of opportunities. Initially, one may face humiliation, but that should not matter. Recognizing one's potential, working hard, and persevering always lead to success."

Chairman Kamalkishor Kadam's Address:

Speaking on the occasion, Mr. Kadam said, "What began as a small educational institution with 300 students now educates over 50,000 students annually across various MGM institutions nationwide. While traveling worldwide, it's heartening to meet MGM students who speak fondly of the institution. MGM has created a new avenue for art by bringing artists from across India. For four decades, MGM has been shaping students, and they, in turn, have enriched the institution through their achievements."

During the event, winners of MGM's Youth Festival were honored with mementos and certificates. The festival saw participation from 40 MGM departments, presenting 22 artistic categories. Students from MGM institutions who achieved success at national and international levels were also felicitated.

Publications and Highlights:

The event witnessed the release of MGM's annual report for 2022-23, its newsletter Gavalakha, Inspire, the astronomical activity calendar by the APJ Abdul Kalam Center for Space and Astronomy, JNEC's Vista, NSBT's Login, Impression by First Step, and Mirror by the College of Physiotherapy.

The 41st Foundation Day celebrations included various events. A documentary on MGM's journey was showcased. The event began with cultural programs and an informational film about MGM. Emphasizing India's unity in diversity, students performed the patriotic song Sare Jahan Se Achha Hindustan Hamara. Additionally, a multi-faith prayer was conducted, reflecting the spirit of harmony.

The program was hosted by Prof. Asha Deshpande and Prof. Ashwini Daghrahe. Thousands, including MGM officials, faculty, doctors, staff, students, and citizens, participated in the candlelight ceremony delivering the message of "Let's Spread Light."

About MGM Institution:

Mahatma Gandhi Mission Trust was founded on December 20, 1982, by former Higher and Technical Education Minister Kamalkishor Kadam and educational visionary Shri. Ankuashrao Kadam. Under MGM's umbrella, two universities are currently operational: MGM Institute of Health Sciences and MGM University. Both institutions educate thousands of students today.

After contributing significantly to education, research, and healthcare for four decades, MGM recognized Maharashtra's need for advanced education and established MGM University in Chhatrapati Sambhajnagar on September 9, 2019. It is Maharashtra's first and only self-financed university, with over 10,000 students currently enrolled.

MGM operates educational centers in Noida, Navi Mumbai, Nanded, Parbhani, Chhatrapati Sambhajnagar, and Gandheli. Through schools, colleges, and universities, MGM provides world-class education, enabling students to compete globally while upholding high standards. Alongside quality education, MGM is deeply committed to social responsibility and helping those in need. The institution also runs MGM Hospital, offering uninterrupted healthcare services.

Inspired by Mahatma Gandhi's ideals, MGM remains dedicated to carrying forward his vision in all its endeavours.

14.3. Inter-University Fencing Championship

Date: 23/12/2023

The All-India South-West Zonal Inter-University Fencing Championship, organized annually by MGM University and the Association of Indian Universities (AIU), was inaugurated at MGM Stadium in the presence of distinguished guests. Dr. Monika Ghughe, Asst. Director of Sports Authorities of India (SAI), Chhatrapati Sambhaji Nagar, interacted with participating athletes during the event.

Dignitaries Present:

The event was graced by MGM University Registrar Dr. Ashish Gadekar, AIU Fencing Tournament Observer Dr. Uday Dongre, Tukaram Mehetre, Dean Dr. H.H. Shinde, Dean John Chelladurai, Department Head Prof. Dr. Dinesh Wanjare, MGM Sports Club Head Nilesh Harde, Prof. Dr. Shashikant Singh, Dr. Srinivas Motile, and athletes from across the country.

Address by Dr. Monika Ghughe:

Dr. Ghughe expressed her delight at the enthusiastic participation of students from universities nationwide in this championship. She emphasized, "Indian athletes are second to none in the world. Along with mastering the technical aspects of sports, players should also study sports science. I sincerely commend MGM for creating an exceptional sports complex and providing top-notch facilities for athletes. Players should leverage these world-class resources to excel in their respective sports."

Achievements of MGM University:

MGM University, established just four years ago, has already hosted three successful AIU championships, including Soft Tennis, Cycling, and this year's Fencing Championship. In his introductory remarks, Registrar Dr. Gadekar welcomed all the athletes and expressed confidence that they would achieve great success at national and international levels.

Event Highlights:

The championship features teams from 75 universities in the All-India South-West Zone, comprising both men's and women's teams. This is the first time such a fencing championship has been organized in the city, with approximately 600 athletes participating.

During the opening ceremony, university teams from across the country participated in a march-past parade led by R.K. Danve. The program was hosted by Prof. Pratibha Mehetre and Prof. Shamal Ingle, while Dean Dr. John Chelladurai offered the vote of thanks.

Association of Indian Universities (AIU):

AIU is an organization comprising universities across India, with 965 domestic universities and 16 international universities as members. It plays a key role in promoting and representing higher education systems. AIU takes initiatives in policy development, organizing activities related to research, youth welfare, and sports, and fostering innovation for the advancement of higher education.

20. Patents & Copyrights

Patents & Copyrights Awarded/Granted/Published are as below:

Sr. No.	Institute/ School/ College/ Department	Title of the patent	Name of the patentee	Patent No.	Date	Granting/Awarding Agency
1	Electrical Engineering - JNEC	Integrated Drive System for E Vehicle with enhanced efficiency and performance	Dr.G.D.Shingade	202421053649A	02/08/2024	Patent Office Government of India
2	Electronics & Telecommunication Engineering - JNEC	AI Based Device For Splicing Optical Fibres	Dr. Chhaya Sunil Khandelwal	402720-001	01-02-2024	Granted (Government of India)
3	Electrical Engineering - JNEC	A System And Method For Yearly Diagnosis Of Heart Attack	Dr. Vandana B.Malode	2021106198	20-08-2021	Granted (Australian Government)
4	Computer Science Engineering - JNEC	Human Powered Pot Making Machine	Dr. Shilpa Joshi	390131-001	Published 12/10/2023	Patent Office Government of India
5	Mechanical Engineering - JNEC	IoT based rechargeable digital ultrasound therapy device	Dr. Dhananjay Dolas, JNEC	401583-001	7-Dec-2023	Patent Office Government of India
6		Smart medicine dispenser	Dr. Dhananjay Dolas, JNEC	401582-001	7-Dec-2023	Patent Office Government of India
7	Masters of Computer Application - JNEC	IoT Based Portable Machine For Cardiovascular Heart Diseases	Dr. Sonal S.Deshmukh	Design No. 402703-001	20/12/23	Patent Office Government of India
8		Institutional Network Security Assessment Device	Dr. Sonal S.Deshmukh	Design No. 407220-001	06/02/2024	Patent Office Government of India
9	University Department of Information & Communication Technology	Deep Learning Based Apparatus for Classification and Segmentation of Brain Tumor	Dr.Sharvari Tamane	405901-001	2024	Patent Office Government of India
10		Animal Identifying Device for Agricultural Farm	Ms. Rashmi Kunaria Nitwane	411620-001	2024	Patent Office Government of India
11		Machine learning and Remote sensing integrate with image processing-based approaches for analysing and estimating Soil Moisture Contents in croplands	Dr.Ayyakka nu Selvaraj	202321061620 (Patent Publication)	2023	Patent Office Government of India

Sr. No.	Institute/ School/ College/ Department	Title of the patent	Name of the patentee	Patent No.	Date	Granting/Awarding Agency
12		Development of UAV based spectro radiometer for spectral data collection for minerals and vegetation	Dr.Ayyakka nu Selvaraj	20234104 406 (Patent Publication n)	2023	Patent Office Government of India
13		IoT based real-time health monitoring system	Dr.Ayyakka nu Selvaraj	20234104 5211 (Patent Publication n)	2023	Patent Office Government of India
14		Smart and accurate election prediction system using machine learning techniques	Dr.Ayyakka nu Selvaraj	20234106 4034 (Patent Publication n)	2023	Patent Office Government of India
15		Integration of the internet of things and Machine learning algorithms-based approaches for online education management system.	Dr.Ayyakka nu Selvaraj	20232106 7371 (Patent Publication n)	2023	Patent Office Government of India
16		CNN based intelligent automotive light and speed control system	Dr.Ayyakka nu Selvaraj	396461-0 01	2024	Patent Office Government of India
17		Ultrasonic Rail track testing device	Dr.Ayyakka nu Selvaraj	397579-0 01	2024	Patent Office Government of India
18		IoT based Robot to Sorting Goods	Dr.Ayyakka nu Selvaraj	40424-00 1	2024	Patent Office Government of India
19		AI based Neurological assessment device for Autism	Dr.Ayyakka nu Selvaraj	398411-00 1	2024	Patent Office Government of India
20		AI and machine learning based Credit Fraud detection system	Dr.Ayyakka nu Selvaraj	20231107 4090 (Patent Publication n)	2023	Patent Office Government of India
21		Deep learning based Agricultural machine for seeding	Dr.Ayyakka nu Selvaraj	399890-0 01	2024	Patent Office Government of India
22		Next-Gen Medical Imaging Diagnosis using Machine learning	Dr.Ayyakka nu Selvaraj	6328912	2024	IPR, UK
23		Environmental pollution prediction and alert system	Dr.Ayyakka nu Selvaraj	6326338	2024	IPR, UK

Sr. No.	Institute/ School/ College/ Department	Title of the patent	Name of the patentee	Patent No.	Date	Granting/Awarding Agency
24		AI based vegetable snatching robot	Dr.Ayyakka nu Selvaraj	401326-01	2024	Patent Office Government of India
25		AI based coconut husk removing device	Dr.Ayyakka nu Selvaraj	400731-01	2024	Patent Office Government of India
26		AI enhanced Neuro sense based Health system	Dr.Ayyakka nu Selvaraj	6330072-UK	2024	IPR, UK
27		AI based device for Slicing Optical fiber	Dr.Ayyakka nu Selvaraj	402720-01	2024	Patent Office Government of India
28		AI based PCB Metallization device	Dr.Ayyakka nu Selvaraj	405535-01	2024	Patent Office Government of India
29		AI based Robot Chef	Dr.Ayyakka nu Selvaraj	401744-01	2024	Patent Office Government of India
31		AI based electro surgical pencil	Dr.Ayyakka nu Selvaraj	402314-01	2024	Patent Office Government of India
32		AI based neck pain remover and drowsiness alert device in Car	Dr.Ayyakka nu Selvaraj	402820-01	2024	Patent Office Government of India
33		AI based Home Respiratory device	Dr.Ayyakka nu Selvaraj	402228-01	2024	Patent Office Government of India
34		AI Based pesticide spraying and fruit harvesting machine	Dr.Ayyakka nu Selvaraj	403218-01	2024	Patent Office Government of India
35		IoT based borewell child rescue system	Dr.Ayyakka nu Selvaraj	403560-01	2024	Patent Office Government of India
36		Infrared Projector for Vein detection	Dr.Ayyakka nu Selvaraj	404874-01	2024	Patent Office Government of India
37		AI based Animal Tissues decellularization device	Dr.Ayyakka nu Selvaraj	402914-01	2024	Patent Office Government of India
38		Harvest Energy from exhaust gases device using AI	Dr.Ayyakka nu Selvaraj	404096-01	2024	Patent Office Government of India
39		ML based nursery rice seeding machine	Dr.Ayyakka nu Selvaraj	404007-01	2024	Patent Office Government of India

Sr. No.	Institute/ School/ College/ Department	Title of the patent	Name of the patentee	Patent No.	Date	Granting/Awarding Agency
40		Monitor and record fracture and cracks in concrete structure	Dr.Ayyakka nu Selvaraj	404005-01	2024	Patent Office Government of India
41		AI based pesticide spraying and Fruit Harvesting Machine	Dr.Ayyakka nu Selvaraj	403218-01	2024	Patent Office Government of India
42		Improving Bitcoin Transaction Security, Ransomware Attack Detection using Reinforcement Learning in Blockchain	Dr Sharvari C Tamane	202321040958	2023	Patent Office Government of India
43		AI based plant extract analysing device to identify plant disease	Dr.Ayyakka nu Selvaraj	406420-01	2024	Patent Office Government of India
44		AI based portable ultrasound machine to examine abdomen structure	Dr.Ayyakka nu Selvaraj	406091-01	2024	Patent Office Government of India
45		System for Gender and Age Group Identification from Iris Images"	Dr. Minakshi Rajput	201821029452	2024	Patent Office Government of India

21. Awards, Achievements & Recognition

MGM University not only provides a conducive environment for learning to its students, but also encourages its faculty and staff to acquire latest knowledge and new skills. It generously supports the research endeavours of its faculty members with a number of fellowships. The University marks a substantial amount for research grants to its professors and students. Given below are some of the key achievements of the University's faculty members and students in the year 2023-24.

21.1. Jawaharlal Nehru Engineering College

21.1.1. Computer Science Engineering - JNEC

Date: 24/08/2023

Award/Recognition: Red-Hat Certified System Administrator (RHCSA)

Faculty: Mr. S.K. Kankal

Details: Certified with a perfect score of 300/300.

Virtusa Technology Orientation for Faculty (VTOF)

Date: April 2024

Award/Recognition: Star Performer Certificate Faculty: Ms. Priya Borade, Ms. Sukhwant Kour Siledar

Details: Recognized as Star Performers in Virtusa's faculty orientation program.

Pragati Cohort by Infosys Springboard

Date: April - July 2024

Award/Recognition: Graduation Certificate Faculty: Ms. Sanjyoti Surya, Ms. Sukhwant Kour Siledar

Details: Graduated from Infosys Springboard's Pragati Cohort.

MGMU Heritage Run

Date: 10th December 2023

Award/Recognition: Completed Marathon

Faculty: Ms. Pallavi Galkwad, Ms. Pooja Tayade, Dr. Shilpa Joshi Details: Completed the MGMU Heritage Run marathon.

21.1.2. Mechanical Engineering- JNEC

Date: 21st December 2024 Name of Awards/Recognition: Best Paper Presentation award

Name of Faculty: Dr. A.L. Chel

Details: Best Paper Presentation award to Dr. A.L. Chel in presence of Hon. Justice Prakash Shrivastava at National E-Waste Colloquium on science and legal interventions targeting e-waste problems.

21.1.3. Masters of Computer Application - JNEC

Date: 7-9 December 2023

Award/Recognition: Best Paper

Award Faculty: Sujata N. Bhosle Details: Awarded Best Paper for the paper titled "Network Traffic Classification Solution to Detect Intruder" at the 2nd International Conference on Advancement in Smart Computing and Information Security, organized by Marwar University, Gujarat.

21.1.4. Architecture- JNEC

Life Time Achievement Award to Prof. V.N. Tawade

Name of Awards/Recognition: Life-Time Achievement Award

Name of Faculty: Prof. V.N. Tawade

Details: Life Time Achievement was awarded to Prof. V.N. Tawade by IIA, Chh. Sambhajinagar Center, Maharashtra Chapter

21.2. University Department of Information & Communication Technology

Date: 5th & 6th April 2023

Award/Recognition: Teaching Excellence

Award Faculty: Dr. A. Selvaraj

Details: Awarded Teaching Excellence by Dhaka International University, Bangladesh.

Date: March 8-9, 2024

Award/Recognition: Best Paper

Award Faculty: Dr. A. Selvaraj

Details: Awarded Best Paper at the International Conference on Data Intelligence and Secure Computing (DISC-2024) by AMRITA University.

Date: March 8-9, 2024

Award/Recognition: Best Paper

Award Faculty: Dr. A. Selvaraj

Details: Best Paper Award at the International Conference on Data Intelligence, Computing and Technology (ICICT-24), Sri Ramakrishna College of Arts and Science.

Date: 6th May 2023

Award/Recognition: Best Presenter

Award Faculty: Dr. A. Selvaraj

Details: Awarded Best Presenter at KCC Institute, Greater Noida.

Date: 26-28 May 2023

Award/Recognition: Teacher of the Year 2023

Faculty: Dr. A. Selvaraj

Details: Awarded Teacher of the Year for outstanding contribution to remote sensing.

21.3. School of Engineering & Technology

Date: 07/10/2024 - 25/10/2024

Award/Recognition: ISRO IIRS Training on SAR Remote Sensing Technologies

Faculty: Mr. Shinde Suryakant Annesabheb

Details: Selected as one of 20 trainees for the ISRO SAR Remote Sensing Technologies & Its Application course at IIRS, Dehradun.

21.4. Neth School of Business & Technology

Date: 25/05/2024

Award/Recognition: Secretary of Aurangabad Chapter (ICAI)

Faculty: Dr. Sanvedi Rani

Details: Elected as Secretary of the Aurangabad Chapter (ICAI).

Date: 1st April 2024 / 20th June 2024

Award/Recognition: WIRC Member / Advisory Committee Member

Faculty: Akanksha Kakde

Details: Elected as WIRC Member (Western Region, CA Institute) and Advisory Committee member at Omprakash Deoda Peoples Co-op Bank Ltd.

21.5. School of Legal Studies and Research

Honoured with Nari Shakti Sammanptra

Date: 8th March 2024

Name of Awards/Recognition: Nari Shakti Sammanptra

Name of Faculty: Ms. Reena Mandhani

Details: Ms. Reena Mandhani was honoured with the Nari Shakti Sammanptra for her contributions.

21.6. Mahagami Center for Performing Arts

Date: November 2024

Name of Awards/Recognition: Felicitation by Maharashtra State Archaeology Department

Name of Faculty: Ms. Parwati Dutta

Details: Felicitated on Heritage Week November 2024 for her contribution to the furtherance of Indian Cultural Heritage and Local Heritage Awareness.

Date: 8 February 2024

Name of Awards/Recognition: Guest Lecture and Workshop

Name of Faculty: Ms. Parwati Dutta

Details: Invited by MGM Institute of Health Sciences (Deemed University) for an interaction with university leaders and to conduct a lecture and workshop for Medicine and Physiotherapy students.

Date: October 2024

Name of Faculty: Ms. Parwati Dutta

Details: Invited by Goa University under the Nana Shirgaonkar Research Chair to conduct a research-based workshop on Dhrupadangi Music & Dance.

21.7. Faculty of Interdisciplinary Studies

Lalit Lekhan Spardha Award

Date: 27th February 2024

Name of Faculty: Prof. Dr. Bhagwat M. Wagh

Details: Prof. Dr. Bhagwat M. Wagh was awarded for "Lalit Lekhan Spardha" on the occasion of Marathi Bhasha Gaurav Din.

22. Green & Sustainability Initiatives

22.1. Jawaharalal Nehru Engineering College

22.1.1. Electrical Engineering - JNEC

The institute is certified for ISO 14001:2004 Environment Management System (EMS). This certification underlines the commitment to environmental conservation, focusing on aspects such as energy, water, wastewater management, noise, paper, and electronic waste. The institute has established an Environment Policy adhering to the broad framework of ISO 14001:2004 guidelines to promote sustainable practices and foster environmental responsibility among students and staff.

22.1.2. Computer Science Engineering - JNEC

Clean Plate Campaign

On March 11, 2024, a "Clean Plate Campaign" was organized for 2nd and 3rd-year students by Ms. K.M. Vaishnav in the CSE Seminar Hall. The initiative aimed to educate students about the alarming levels of food wastage in India and encourage them to utilize food properly. The campaign concluded with a collective pledge by students to avoid wasting even a single morsel of food, reinforcing the importance of mindful consumption.

22.2. University Department of Information & Communication Technology

CMIA Energy Conclave 2024

The Chamber of Maharashtra Industries and Agriculture (CMIA), in collaboration with MGM University, organized the 7th edition of the "CMIA Energy Conclave 2024" on March 1-2, 2024, at Rukmini Auditorium. Themed "Sustainable Energy Transition Trends," the event involved 40 UDICT students who participated actively in paper/poster presentation competitions and reel competitions. Spanning 14 sessions, the conclave brought together students from prestigious colleges across Chhatrapati Sambhaji Nagar and the Maharashtra region to explore sustainable energy trends.

22.3. University Department of Pharmaceutical Sciences

Tree Plantation Gandheli Campus, MGM University, Chhatrapati Sambhajinagar (Ek Ped Maan Ke Naam)

As part of their induction program, first-year students visited the Gandheli Campus, where Dr. Mhaake, HOD, Food Technology, highlighted the importance of plants and the environment. Students explored the Krishi Vigyan Kendra, plant nursery, medicinal garden, bamboo farm, MGM silks, and Khajur farm, gaining valuable insights into sustainable practices and agricultural innovations.

22.4. Dr. G. Y. Patilkar College of CS & IT

The Institute has achieved ISO 14001:2015 Environment Management System certification. As part of this initiative, the institute continuously monitors environmental aspects such as paper waste, e-waste, and chalk dust, striving to maintain a sustainable and eco-friendly campus environment.

22.5. Mahagami Gurukul Center for Performing Arts

Title of Initiative: Cultural Ecology

Yoga in The park on 22 June 2024

The event began with Yoga, Music and Dance at the Kham River Restoration site at Caritt. An awareness session was conducted by the faculty and students.

Cultural Pollution is considered a pollutant in society as defined by UNESCO. Mahagami team has conducted 15 awareness workshops on Indian dance heritage at various locations – Selu, Ambed, Jalna and at local organisations.

Title of Initiative: Village Outreach

Mahagami team has taken an initiative to offer Cultural education in rural areas. Around 120 students from 12 villages and settlements are being trained along with imparting value education.

Title of Initiative: Sutratman Immersive workshop

A unique immersive program designed by Parwati Dutta named 'Sutratman' works around the concept of 'sutra' meaning thread. Just as a thread when spun becomes strong yet agile and when woven becomes a fabric unifying many threads; similarly the body, mind and spirit must come together to realise an awakened person. The sessions begin with spinning the charkha which is taught to a group of participants followed by motivational talk and lec-dem bringing 3 streams of gayan, vadan, nritya to form 'sangeet'. Three sessions of 'Sutratman' for a group of total 300 participants have been arranged.

23. Infrastructure Facilities

Spread on a lush green campus of over 70 acres, MGM University provides world-class educational facilities and extensive research infrastructure along with a caring, safe, inclusive and conducive environment for learning to its students.

23.1. Key Facilities at MGMU:

23.1.1. Educational Infrastructure

- 152 classrooms
- 179 laboratories
- 28 Expert laboratories
- 22 Design Studios
- 8 Seminar Halls
- An auditorium with seating capacity of 900
- Central Library & 11 Departmental libraries
- Innovation, Incubation and Research Centre (IIRC)
- Khadi Research & Manufacturing Centre
- Centre for Entrepreneurship Development
- Mechanical Museum
- Plumbing lab and Material Museum
- Aviation Lab & Mock Room
- Film Studio
- Sound Studio and Editing Lab
- VFX Lab
- Colour Correction Lab
- Chroma Studio
- Radio Station
- Photo lab and station
- Moot Court
- Art Gallery
- Training & Placement Office
- Preview Theatre
- State-of-the-art film city
- Legal Aid

23.1.2. Student Facilities

MGM University has finest facilities for its students:

- 3 Girls' hostels
- 1 Boys' hostel
- Emergency alarm and fire extinguishers on each floor
- Round-the-clock security
- Spacious recreation room
- Well-maintained and hygienic mess with spacious dining area
- Well-furnished study hall
- A furnished visiting hall (for visitors)
- Laundry facility
- Sick room

23.1.3. Research and Innovation Facilities

Innovation, Incubation and Research Centre (IIRC)

- 11 State-of-the-art Labs
- 12 Innovations
- Training-Project-Prototype
- One of a kind centre in the state
- Unique industry-academia initiative

The Innovation, Incubation and Research Centre (IIRC) offers engineering students a hands-on industry exposure in high technology areas, research and innovation.

- The first of its kind innovation hub in Maharashtra
- From design to Manufacturing and Rapid Prototyping to Industry 4.0
- Students work on live projects using emerging technologies like AI, ML, Robotics and IoT
- First ever in India, MSC Software (USA), the international leader in simulation software and services, in association with SSIGMA has collaborated with MGMU's Jawaharlal Nehru Engineering College to establish
 - An advanced centre for Reverse Engineering and Rapid Prototyping
 - Advance Driver Assistance System (ADAS)
 - Unmanned Aerial Vehicle (Drone Lab)
 - Industry recommended advanced simulation software like Adams, Atran, Nastran, Simufact

Following research labs in IIRC offers advanced training in respective areas:

- Mechatronics and Industry 4.0 Lab
- Endress+Hauser Lab
- Advanced Driver Assistance System Lab
- Additive Manufacturing & Reverse Engineering Lab
- Industrial Robotics Lab
- Industrial Hydraulics & Pneumatics
- Industrial Automation & Drives Lab
- Electric Vehicle Lab
- Unmanned Aerial Vehicle (UAV) Lab
- Computer Integrated Manufacturing Lab
- BMW Lab

Mahindra Makers Lab – An innovative initiative by Tech Mahindra, Makers Lab in Computer Science and Engineering Department of MGM University is an advanced engineering R&D centre where students work on future solutions.

23.1.4. Laboratories

With a strong emphasis on research, MGM University has set up 123 well-equipped laboratories for different disciplines of knowledge including Basic and Applied Sciences, Biosciences, Technology and Social Sciences.

Studios and Film City – To nurture the creative spirit of the students and enable them to explore alternative opportunities, MGM University has set up state-of-the-art film and photography departments with ultramodern facilities like,

- Latest cameras with all types of lenses
- Image Processing Lab
- Photography studio
- 5 Independent FCP Editing Setup
- DI Theatre
- Sound Recording & Mixing Facility
- Ready to shoot Chroma setup
- Preview Theatre
- Animation & Vfx workstations
- Music Arrangement Setup
- A modern Film City near Chhatrapati Sambhajanagar with all the necessary set-up

23.1.5. Libraries

The Central Library of Jawaharlal Nehru Engineering College (JNEC) is the state-of-the-art facility with,

- A rich collection of 83,500 books

- 22,000 titles
- 21,000+ e-books
- 2636 e-journals and print journals
- Spacious reading rooms
- Reference section
- DELNET (Developing Library Network) - for availability of books from other libraries across India
- URKUND antiplagiarism software - to promote ethical research work by the students and researchers.
- JNEC Library Apps – to access books from anywhere
- NPTEL video lectures

Other conducted colleges of the University also have their own well-stocked libraries

23.1.6. Digital Infrastructure

MGM University has an extensive digital infrastructure to help students and faculty keep pace with changing technologies and times.

Digital Infrastructure at a glance:

- 2236 Computers
- 130 Projectors
- 181 Printers
- 32 Display units
- 180 Access Switches
- 95 Routers
- 97 DVR/NVR
- 1091 CCTV Cameras
- A dedicated Data Centre

23.1.7. Sports Facilities

MGM University believes in an all-round development. Therefore, along with excellent educational infrastructure, it has built ultramodern sports facilities in the campus to nurture the sporting talent of the students and encourage them to maintain a healthy lifestyle. The students train here under national level coaches and participate in national and international championships.

Sports facilities at a glance:

Sports Facility	Area (Sq. mt.)
Stadium and Ground	38314.37
Badminton Courts (Four)	1050.74
Lawn Tennis Courts (Three)	2733.66
Football Ground	9589.64
Two Indoor Rifle Shooting Ranges (10 Mtrs. each)	433.00
Swimming Pool complex	5981.12
Basketball ground	1020.06
Kabaddi ground	96.00
Kho-Kho ground	342.89
Table Tennis Area	241.76
Chess Hall	117.18

Sports Facility	Area (Sq. mt.)
Carom Board Hall	117.18
Sports Adm. Building	3124.08

MGM University has a magnificent educational campus, on which present buildings/infrastructure of educational institutions have been set up. Apart from this, a leased plot, exclusively for Sports/Stadium/Club purpose (adjacent plot with common boundaries with above educational plot) is part of the university. This area is fully developed as a Sports Complex with modern sports facilities and amenities.

23.1.8. Amenities and Facilities

All the classrooms of the university are well ventilated and equipped with modern audio/visual facilities. Below are the number of classrooms in different colleges of the University. MGM University boasts spacious recreation rooms, well-furnished study halls, and a furnished visiting hall for visitors, all complemented by round-the-clock security. Additionally, the MGMU campus offers hostel facilities for both girls and boys, conveniently located within walking distance. With accommodation for over 1000+ girls and 500+ boys, students can opt for AC or Non-AC rooms according to their preferences.

23.2. Inaugurations at MGM University

23.2.1. IEEE Student Branch Inauguration at MGM University

On 13th July 2023, MGM University inaugurated the IEEE Student Branch at the University Department of Information and Communication Technology. The event, held at Rukmini Auditorium, featured Mr. Gaurav Somwanshi, CEO and Co-Founder of Imortech Innovations, as the keynote speaker. He emphasized the importance of learning how to learn and shared insights about embracing failures as steps toward success. Distinguished guests included Chancellor Shri. Ankushrao Kadam, Vice-Chancellor Prof. Dr. Vilas Sapkal, Registrar Dr. Ashish Gadekar, and Prof. Dattatreya Sawant from IEEE Mumbai Branch. Prof. Sawant highlighted the benefits of IEEE membership and discussed advanced robotics with students. Dr. Sapkal stressed adapting to rapid technological changes to become 'global students.' The event, anchored by Sakshi Patil and Baswaraj Shirasgavkar, concluded with an optimistic outlook on the opportunities this platform would bring, including access to global projects, competitions, and knowledge exchange for aspiring engineers.

23.2.2. Dr. Babasaheb Ambedkar Center for Buddhist Studies

On 14th April 2024, MGM University inaugurated the Dr. Babasaheb Ambedkar Center for Buddhist Studies in Rukmini Auditorium to honor Dr. Ambedkar's birth anniversary. Chief Guest Dr. Wangchuk Dorji Negi, Vice-Chancellor of the Central Institute for Higher Tibetan Studies, delivered a keynote on "Buddha's Way of Leadership." He emphasized that genuine success lies in contributing to others' welfare rather than personal gains. He traced Dr. Ambedkar's inspiration from Buddhist teachings, highlighting their influence on the Indian Constitution. The event also featured a lecture by Dr. H. N. Sonkambale on Buddhist philosophy. Chancellor Shri. Ankushrao Kadam remarked that integrating Buddhist principles would help develop ethical, responsible citizens. The center aspires to promote holistic education, encourage curiosity about Buddhism, and foster leadership rooted in compassion and social transformation. This initiative reflects MGM University's commitment to nurturing values alongside academic excellence.

23.2.3. Centre of Innovation in Hospitality

On 24th April 2024, MGM University's Institute of Hotel Management launched the city's first 'Centre of Innovation in Hospitality.' Renowned chef Vishnu Manohar inaugurated the facility, praising the university's efforts to foster creativity in culinary arts. The center offers state-of-the-art kitchens, mixology labs, and spaces to practice diverse cuisines and beverages. Vice-Chancellor Prof. Dr. Vilas Sapkal noted the center would benefit not only MGM students but also learners from the broader community, promoting inclusivity. Director Dr. Kapilesh Mangal shared that students could create digital content, produce videos, and experiment with new recipes. The initiative aims to provide advanced learning resources, encouraging students to develop practical skills and entrepreneurial mindsets in hospitality. The inauguration marks a milestone in MGM University's vision to integrate innovation, hands-on training, and modern facilities to prepare students for dynamic careers in the hospitality sector.

23.2.4. Kanjeevaram Silk Loom Electronic Jacquard Inauguration

On 27th April 2024, MGM University's Leonardo da Vinci School of Design launched the Kanjeevaram Silk Loom Electronic Jacquard to blend traditional artistry with modern technology. Chancellor Shri. Ankushrao Kadam inaugurated the facility, highlighting its role in preserving heritage while enhancing efficiency. Vice-Chancellor Prof. Dr. Vilas Sapkal emphasized that this initiative would empower students and provide economic opportunities to local silk weavers. Dean Dr. John Chelladurai stressed the importance of integrating innovation without losing respect for traditional crafts like Paithani-style weaving. The center offers hands-on training in Kanjeevaram silk weaving, equipping learners with valuable skills to support regional industries. Faculty, students, and dignitaries attended the ceremony, reflecting MGM University's commitment to skill development and cultural preservation. The project aims to nurture craftsmanship, promote sustainable livelihoods, and position the university as a hub for heritage-inspired design innovation.

23.4. University Library

All constituent colleges & institutes of the university have their own libraries. The Central Library is the state of the art facility which has grown from a small collection of books in 1983 to a rich treasure house of thousands of books, journals and periodicals. The Library is spread over 1587 square meters across three floors with well-designed furniture suited for long duration stay of students in reading rooms. The library has a rich and diversified collection of books, titles, e-books, e-journals, print journals, NPTEL video lectures, Book CDs in circulation, reading room, book bank and reference section.

The college has been taken membership of DELNET (Developing Library Network) which ensures the availability of books from other libraries across India. Library also provides facility of OURIGINAL (Part of Turnitine Family-UGC approved Plagiarism Detection Software) (Formerly known as URKUND) anti-plagiarism software to promote ethical research work by the students and researchers.

About MGMU Libraries:

Central Libraries of MGM University, Chhatrapati Sambhajinagar are state of the art facilities which have a huge and rich collection of books, journals and periodicals. The Libraries is spread over 2,000 square meters across three floors with well designed furniture suited for long duration stay of students in reading rooms. Details of collections, subscriptions, Library services and facilities, integrated management system as below,

Library automation: MGMU Libraries automated by JUNO CAMPUS ERP system, Library Configuration, Members, Catalogue, Issue Return, Book-Bank and Reports etc modules are available with OPAC (Online Public Access Catalogue) facility in the JUNO CAMPUS ERP Library module system. Every students, researchers and faculty members can check availability of books by using Library OPAC facility. Daily issue-return report, accession register report and other reports facility are available in the ERP system.

Collection of Books: MGMU Libraries have huge and rich collection of books, presently that total 1 lakh 62 thousand 590 Volumes of books with 48,000 titles of books available in the MGMU Libraries. Every faculty members can get 10 books for 6 months and every student can get 2 books for one week from circulation section and 2 books from Book-Bank section for whole semester. MGM University have been purchased books as per students a requirement as well as AICTE, COA, BCI, PCI and UGC norms time to time.

Subscription of print journals: Presently MGMU Libraries subscribed 269 titles of the print journals to support research activities of the students and faculty members. MGM University is subscribing print journals every year as per AICTE, COA, BCI, PCI & UGC norms and departmental requirement of journals.

Collection of e-books: MGMU Libraries have been taken perpetual subscription of highly cited Springer e-books package to support teaching learning and research activities of the students and faculty members for total 10,141 e-books. Springer E-books can be access remotely by 24/7 by students and faculty members. MGM University also have been taken DELNET & N-LIST memberships for e-books as well as Inter Library Loan service.

Subscription of e-journals: MGMU Libraries has subscribed highly cited and indexed in SCOPUS and Web of Science 9,186 E-journals from various societies & publishers to support research activity and programs of MGM University. Presently MGM University has been taken subsections for ASCE Library, ASME Digital Collection, IEEE Digital Library, SAGE Journals, Lexis-Nexis Law Database, DELNET Database, N-LIST Database etc.

Library Committee: MGM University constituted University Library advisory committee to smooth functioning & take decision on purchase of books, subscription of journals and provide better library services to its students.

Multimedia content facility: MGMU Libraries also taken initiatives to provide multimedia contents to the students and faculty members, for that Central Library has taken copied NPTEL Video lectures from IIT Bombay also Central Library has taken DELNET-Developing Library Network membership to provide multimedia contents to its students.

OPAC (Online Public Access Catalogue) facility: Online Public Access Catalogue (OPAC) facility is implemented for searching and locating of books in the Library as well as students ERP Login credential which helps in quick retrieval of books. Time proven Dewey Decimal Classification (DDC) system makes it easier for effective library management in terms of cataloguing of available books.

Library Network Membership: MGM University has taken institutional membership of DELNET-Developing Library Network, New Delhi since 2019. Thousands of E-books, E-journals and E-articles are available to remotely access 24/7 for students and faculty members on DELNET Discovery Portal. DELNET-Developing Library Network, New Delhi College has database of 4 corer books and college provides Inter Library Loan service through this DELNET network.

Library services & facilities: MGMU Libraries provide various library facilities like Home lending services, Book Bank Facility to all students, Reading Room Facility (For 1000 Students), Reference services (Reference books & sources will be provide), Reprographics Service, Inter Library Loan service (by DELNET), Digital Library, Internet facility and MOOCs Center are available, NPTEL Video lectures are available for 930 online courses, Institutional registration on NDLI these library services and facilities provides by Central library to the students, researchers and faculty members.

Research support services: For checking similarity index of research articles and thesis, MGM University is using UGC approved DrillBit anti-plagiarism software to promote ethical research work by the students and researchers. Every Ph. D. supervisor, Research Scholars and Faculty members can get login details of this UGC approved plagiarism detection software by Librarian.

It's a moment of pride for the Librarian and the library teams as students attribute their success in academics or job placement to the dependable support of the library. In sum, libraries indeed, represent a symbiotic engagement of the seeker and the provider.

To fulfil students learning needs, all the constituent colleges, institutes and departments have collection of E-journals, Print journals, E-books and Print books.

E-resources

- Elsevier's Science Direct 275 E-journals available for Engineering and Technology.
- DELNET (Library Network) has 860 e-journals and 10,839 e-books.
- Springer Link has 10,141 e-books.
- NPTEL Video lectures available for 930 online courses.
- IBM E-journals collection for Faculty of Management.
- DATANET statistical database for Faculty of Management.
- EMERALD E-journals for faculty of Management.

Knowledge Resource Centre

- Member of National Digital Library of India (NDLI Club).
- Library Automation using JUNO CAMPUS ERP Library module.
- Smart card application.

- Barcode systems to quick transaction of books.
- Cloud based OPAC (Online Public Access Catalogue) facility for searching Library books with locations and availability.
- Internet labs and MOOC's centre
- CCTV Cameras and Fire alarm system
- Membership of DELNET & INFLIBNET ESS and N-LIST for subscription of packages
- OURIGINAL (UGC approved-Part of Turnitine Family)/URKUND Anti plagiarism software

Subscriptions

- 1,076 E-Journals for Social Sciences, Management and Engineering & Technology (Taylor and Francis)
 - 275 E-Journals are available for Engineering & Computer Science (Science Direct)
 - 10,141 Springer E-Books are available for Engineering and Technology
 - 123 E-Journals are available for Management discipline (ESS-SAGE Publication)
 - OURIGINAL (Formerly URKUND) Anti Plagiarism software
- Print journals have been subscribed as per the guidelines of AICTE and UGC

23.5. Sports Facilities

MGM University believes in and emphasizes all-round development of its students. Therefore, along with quality education, it promotes a culture of sports and fitness and has built ultramodern sports facilities in the campus to nurture the sporting talent of the students and encourage them to maintain a healthy lifestyle. The university also offers attractive sports scholarships. MGM Students train under national level coaches and participate in national and international championships.

Our sports facilities boast a wide range of indoor and outdoor amenities, including a Cricket Stadium, Swimming Pool, Badminton Courts, Tennis Courts, Football Ground, Table Tennis Hall, Rifle Shooting Range, Kho-Kho, Kabaddi, Basketball, and Volleyball Courts. These facilities provide students with opportunities to enjoy fitness and leisure activities.

Cricket Stadium

The lush green cricket ground features a pavilion and a seating capacity of 10,000.

- Dedicated Area: 38,314.37 sq. meters.
- MGM students excel in cricket competitions under the guidance of NIS Coach Sagar Shewale.
- The MGM T20 Trophy is hosted every December, attracting players worldwide.
- A Balling Machine was recently installed to enhance batting skills.

Swimming Pool Complex

Swimming is a lifetime fitness activity that provides excitement and health benefits. Our campus offers multiple swimming options, including

- Olympic-Size Pool: Depth 1.8m, Width 25m, Length 50m.
 - Used for competitions and professional training to prepare swimmers for high-level contests.
- Diving Pool: Depth 3m to 4.8m, Width 22m, Length 20m.
 - Includes instructional scuba diving and diving practice under expert supervision.
- Novice Pool: Length 21m, Width 9m, Depth 1.2m.
 - Ideal for learners, with professional coaches ensuring safe training.

Football Field

Through individual coaching and programming, MGM develops players with skills and attributes for professional football.

- Expert Trainer: Rahim Khan.
- Around 70 professionals are trained regularly, with students achieving excellent results in various competitions.

Tennis Arena

We offer tennis programs for beginners and elite players, focusing on technical and practical aspects of the game.

- Facilities: 3 clay courts and 1 hard court.
- MGM recently hosted the All India Soft Tennis Inter-University Matches.

Badminton Hall

Badminton training sessions are available for players of all levels.

- Facilities: 3 wooden courts for regular coaching under expert guidance.
- MGM students excel in badminton competitions at various levels.

Shooting Range

The 10m Rifle Shooting Range features 20 lanes with international-level facilities.

- Safety is prioritized with professional planning and training under expert coaches.

Basketball Court

Our cemented basketball court is used for daily training and professional preparation.

- We train players to excel in their careers, providing opportunities to advance professionally.

Volleyball Grounds

Two clay courts are available for regular training and intercollegiate competitions.

- Students perform exceptionally well in volleyball competitions.

Table Tennis Hall

Indoor facilities are available for regular table tennis training.

- Students utilize these facilities optimally and perform well in competitions.

Gymnastic Center

Indoor and outdoor gymnastics training is conducted with international-standard equipment under expert coaches.

Kho-Kho Ground

Our clay court is used for regular training and intercollegiate competitions under professional guidance.

Kabaddi Ground

Two outdoor clay courts provide daily training for students.

- These facilities are also used for intercollegiate competitions.

Fitness Centre

A modern fitness center equipped with the latest equipment is available for students to enhance overall health and fitness.

Yoga and Meditation Hall

Regular yoga and meditation classes are conducted to promote health and relieve stress.

- Classes are held under the expertise of professional yoga teachers.

Golf Course

A 9-hole golf course sprawled across 32 acres of lush greenery at Padegaon, Aurangabad, is used for training and recreation purposes.

Gymnasiums:

Health and fitness facilities spread across 2150 sq. ft with well-equipped state-of-the-art machines and equipment, well organized and spacious workout places. From fitness balls to treadmills, from step mill to stretching mats, either cardio or free weight systems with various fitness activities like GFS, Zumba are conducted by our professional fitness experts.

23.6. Accreditations

Educational accreditation and affiliations requires institutes to maintain high standards, which boosts accountability and helps build trust in the college or university. The accredited Colleges and Institutes of MGM University signify the quality educational standards maintained. This enables students to make an informed decision and they can gauge the level of excellence and commitment of an accredited college.

23.6.1. NAAC Accreditations

The process of submitting proposals for the University's accreditation is ongoing, and the accreditation process will be completed in the academic year 2024-25. Additionally, the University has not affiliated any colleges. However, some colleges

that were under the jurisdiction of the sponsoring body before the establishment of the University had already completed their accreditation before the University was established. All colleges that were previously under the jurisdiction of the sponsoring body are now functioning as departments of the University.

23.6.2. Affiliations

- 23.6.2.1. Jawaharlal Nehru Engineering College: Extension of Approval from AICTE & COA
- 23.6.2.2. Institute of Management and Research: Extension of Approval from AICTE
- 23.6.2.3. Mahagami Gurukul: Member of UNESCO - International Dance Council

23.6.3. Certifications

- 23.6.3.1. Jawaharlal Nehru Engineering College: ISO 9001:2015, ISO 14001:2015 and ISO 11620:2014
- 23.6.3.2. Dr. GY Pathrikar College of Computer Science & Engineering ISO 9001:2015 and ISO 14001:2015

- 23.6.3.4. Institute of Hotel Management ISO 9001 : 2015 and ISO 14001 : 2015
- 23.6.3.5. Institute of Management & Research: ISO 9001:2015 & 14064:2006

24. ICT for Academic & Administrative Governance

MGM University Enterprise Resource Planning (ERP) system has evolved as a central platform for managing various administrative and academic functions. By integrating data and processes across different departments like Admission, Finance, Academic, Examination, HR, purchase, stores the ERP system has significantly enhanced operational efficiency, improved decision-making, and promoted transparency and accountability. This report aims to highlight the key contributions of ERP to academic and administrative governance in MGM University which has a user base of approximately 1200 employees and 9,000 students.

24.1. Role of ERP in Academics

Streamlining Academic Process. MGMU ERP system plays a crucial role in streamlining academic processes including:

- 24.1.1 **Student Admission:** Processes like Course configuration, admission process, criteria, Seats categories, eligibility of admission, Entrance test, fees, admission cancellations, applicant profile, document management, online forms, ID cards are enabled in ERP system.
- 24.1.2 **Student Management:** ERP system manages student records of entire academic cycle like enrollment, course registration, Managing Courses, Syllabus management, Subject allocation, timetable, attendance, evaluation, feedback, Class register and daily monitoring.
- 24.1.3 **Academics:** An integrated module with academic calendar, academic planning, scheduling, course file, mentoring practical and projects. Course File includes academic calendar, lesson plan, delivery report, assignments, tests, question banks, subject notes, attendance and evaluation.
- 24.1.4 **Student Internal Assessment:** This module facilitates objective tests, subjective tests, question banks, question paper generation, evaluation scheme, time-bound answering, negative marking, and reports.
- 24.1.5 **Student Online Access:** Through student online access, ERP facilitates ready availability of data and information to the students like their fee structure, payments, generation of receipts, their attendance, curriculum schedules, exam schedules. Students are provided with facility to apply and pay fees for various academic documents and certificates. They are given facility to manage their personal data in student profile includes personal, educational, work experience, contributions and achievements, research, patents, conferences, and related reports.
- 24.1.6 **Curriculum Management:** ERP systems facilitate curriculum development, course scheduling, and faculty workload management, enabling efficient and effective academic planning. Academic time table along with academic calendar is also facilitated through ERP.
- 24.1.7 **Examination Management:** ERP systems has automated exam registration, scheduling, grading, result processing, student exam ledger and statement of grades, reducing administrative burdens and enhancing result accuracy along with degree configurations, transcripts and related documents like migration certificate and provisional passing certificate.
- 24.1.8 **Library Management:** Stocking of books/journals/CDs/DVDs/magazines management, membership management, catalogue management, Online Public Access Control (OPAC), transactions, and reporting.

24.2. Role of ERP in Administrative Efficiency

Enhancing Administrative Efficiency, the MGMU ERP system has streamlined administrative processes leading to improved efficiency.

- 24.2.1 **23.2.1. Human Resource Management:** ERP systems manage employee records, Muster, roster, service book, leave accounting, salaries, fees, inward/outward, documentation, and related reports.
- 24.2.2 **Financial Management:** ERP systems manage financial transactions, accounting, and procurement, providing real-time financial visibility and control. Expense and advance vouchers, ledgers, trial balance, expenditures, income statements, expense statements and statistical reporting.
- 24.2.3 **Purchase:** Vendor management, letter of intent, quotation, purchases order, invoicing, delivery challan generation, bill payments, receipts making and reporting.
- 24.2.4 **Inventory Management:** Movement of items, procurement management, stock management, distribution, inventory control, reordering and reporting.
- 24.2.5 **Scheduler:** Personal planner, academic planner, financial planner, placement planner, event planner, reminders, emailing, sending SMS, scheduling, to-do lists, reporting.

24.3. ERP Promote Data-Driven Decision Making

MGMU ERP systems provide a centralized repository of data, enabling the organization to make informed decisions based on comprehensive information:

- 24.3.1 **Performance Analytics:** ERP system generates reports and dashboards that provide insights into student performance, faculty effectiveness, and resource utilization, enabling data-driven decisions.
- 24.3.2 **Predictive Analytics:** MGMU ERP systems are used to predict enrollment trends, resource needs, and student success rates, informing strategic planning and resource allocation.
- 24.3.3 **Benchmarking:** ERP system enables the organization to compare their performance against industry benchmarks, identifying areas for improvement.

24.4. Transparency and Accountability

MGMU ERP system promotes transparency and accountability by providing real-time access to information:

- 24.4.1 **Data Sharing:** MGMU ERP system facilitates data sharing across departments, ensuring that stakeholders access to the information they need.
- 24.4.2 **Audit Trails:** ERP system maintains audit trails of all transaction and changes through event logs, providing a record of accountability.
- 24.4.3 **Compliance:** ERP system helps the organization to comply with regulatory requirements and maintain ethical standards.

MGM University's ERP system has enhanced academic and administrative governance in the organization, providing a comprehensive platform for managing processes, enhancing efficiency, and promoting data-driven decision-making. By streamlining operations, improving transparency, and fostering accountability, MGMU ERP system has become integral part of the university seeking to achieve excellence in its governance.

25. Innovation Incubation Research Center

MGM University has collaborated with leading companies from different sectors to establish this state-of-the-art centre. The first of its kind research and learning centre in Maharashtra, IIRC is equipped with some of the most advanced technical equipment, with which students work on complex industry problems using emerging technologies like AI, Machine Learning and Internet of Things (IoT) under the guidance of faculty and industry experts. Some of the facilities in the centre areas follows: Robotics, Mechatronics, Industrial Automation, Computer Integrated Manufacturing, Electric Vehicle, Advanced Driver Assistance System (ADAS), Unmanned Aerial Vehicle (DRONE), Additive Manufacturing & Reverse Engineering.

The Innovation Incubation & Research Centre (IIRC) at MGM University not only empowers its students with the advanced knowledge of their field through practical training but also offers design consultancy and rapid prototyping for research work to industries.

The unique infrastructure has been established with an objective and vision that it should meet the future demands of all types of Industries starting from design to Manufacturing and Rapid Prototyping to Industry 4.0 and provide technological solutions to industry challenges. Inculcating a research aptitude and an entrepreneurial way of thinking in the students, IIRC is thus a gateway to infinite opportunities for the engineering student at MGM University.

A brief account of innovation projects undertaken in IIRC labs is as follows:

AM & RE Lab Projects

Prototype for Worm Gear: Motorcycle Speedometer

As a part for its consultancy services, IIRC designed Worm Gear for motor cycle speedometer and material characterizations. Total 27 specimens were 3D printed under this project for testing different parameters. The dedicated team, which carried out the project successfully consisted of Dr. Nitin Phafat (IIRC Incharge), Prof. M. N. Bargir, Mr. Kishore Mate and Mr. Prashant Murmude.

Another interesting consultancy project that IIRC carried out was prototype design and 3D printing of a garlic peeling machine. The Rotor Manufacturing Process for this project was carried out at AM & RE LAB at IIRC. This project was accomplished under the "Innovative Idea Accelerator Program 2021" by TATA Technologies Pune, MASSIA, Chhatrapati Sambhajnagar & IEPC (Innovation and Entrepreneurship Promotion Center).

Pressure biofeedback device" For Physiotherapy

As an important contribution to the field of healthcare, IIRC has designed a 'Pressure Biofeedback Device'. The device provides valuable information to ensure precision in neck exercises and muscle testing in physiotherapy. It allows the physiotherapist and the patient to determine if the patient is able to selectively isolate and maintain contractions of the cervical or lumbopelvic core stabilization muscles. The measuring range of this device is 0-30 lbs digital pressure with an accuracy of 0.1 gm pressure. The device includes a resting pad with base, pressure sensors, and a digital remote monitor. The passionate team that developed this design included Dr. Nitin Phafat (IIRC Incharge).

Tibia Bone Analysis

Students of Biomedical utilised the cutting-edge Hexagon Arm-83, 3-D scanner to delve into the intricacies of human bone structure. They 3D printed a replica after scanning human bones, bringing theoretical knowledge to life.

Drone Lab Projects

Land Surveying With A Drone (UAV)

The Innovation Incubation & Research Centre surveyed a land area of 16 acres at a Pump house in Gandheli, Chhatrapati Sambhajnagar by using RGB Phantom 4 DJI Drone. A number of photographs of the area were taken from different angles by the RGB camera and each image was tagged with coordinates under this survey. After successful completion of the survey, a

topographical GIS report was also prepared. The project was carried out by Prof. M N Bargir, Pankaj Dhole, Laxmikant Kokate, Amol Mahadik, Vishal Ghatge and IIRC team members.

Design and Development of Autonomous Quadcopter

An aspiring team of students of Mechanical Engineering - Rajendra Vajinath Bhalekar, Sushil Asaram Shelke, Kunal Shailesh Wankhade and Shivprasad Devling Zadbuke chose drone technology as their project work, titled "Design and Development of Autonomous QuadCopter". The project was completed successfully with help of IIRC team. They were also able to calibrate and turn the drone. The team also designed 3-D printed covers for the drone body. The frame used here was X type frame. The controller is Pixhawk 2.4.8 flight controller. In order to make it an autonomous drone, GPS and Telemetry systems were also incorporated into it. The selection of motors and battery was done according to the thrust calculations.

Design and Development of Autonomous Hexacopter Drone

Another creative team of students from Mechanical Engineering Department consisting of Rishi Pankaj Pahade, Yash Pradeep Lodha, Manish Chandrakant Pawar and Tejas Pratap Patil designed and developed an 'Autonomous Hexacopter Drone' under the guidance of Prof. M.N. Bargir and with the support of the IIRC team. Initially, the students studied the different types of drones, the components they are made up of and their applications. After a thorough study, they decided to create a hexacopter drone as it offers more in-air stability compared to a quadcopter drone. Instead of using the already available standard drone components, they prepared an in-house drone design in CREO. After a lot of testing, the body material was chosen to be a Flexible Acrylic Sheet, which was later cut and framed using an in-house laser cutting machine. The arms of the drone were made from carbon fibre rods. Couplings were designed 3D printed in ABS for holding arms with the frame. The controller used was Pixhawk 2.4.8 flight controller. The GPS and Telemetry System were also included in the drone. The selection of motors and battery was done according to the thrust calculations.

CIM LAB Project

Measurement of Ra Value

IIRC is equipped with the Mitutoyo SJ410P Surface Roughness Tester. The SurfTest SJ-410 surface roughness measuring instrument here, offers numerous innovative features to provide smoother operation and more accurate measurements. It's an easy-to-use, portable unit with a high straightness specification of 0.3 – 0.5µm over a traverse length of 25 – 50mm.

Roboguide

IIRC has also designed a fantastic ROBOGUIDE that leads the visitors through the Innovation Incubation and Research Center (IIRC). The ROBOGUIDE runs on an embedded Arduino-based system. The line follower mechanism has been achieved using an IR sensor which tracks the white line and stops at every lab when it detects a cross black line. It provides thorough information of each lab using audio commands.

Industrial Hydraulics Pneumatics Workshop

MGM University in association with Quality Circle Forum of India (QCFI), Chhatrapati Sambhajnagar Chapter started need-based, customized training programmes for industries in the region. The program focused on training in areas like Industrial Hydraulics, Pneumatics, and Industrial Robotics. The workshop was held on 21st & 22nd March 2022 involving participants from Dhananjay Group, Accrete Electricals Pvt. Lt. and Badve group of Industries, Waluj Chhatrapati Sambhajnagar. The customized training programmes are developed around different levels of the content, language suitability, duration of the program and flexible schedules. A comprehensive feedback system ensures continuous improvement in the programmes and processes. Due care is also taken to ensure that the benefit reaches local industries and people.

Workshop on "Prototype: Process, Design & Development Prototyping" for Physiotherapy students

To foster the culture of innovation amongst the students of MGM School of Physiotherapy, IIRC conducted a three days workshop on "Prototype: Process, Design & Development Prototyping" in

Additive Manufacturing & Reverse Engineering Lab from 9th June to 11th June 2023 In this workshop, various activities that focus on innovative ideas, innovations, and how to take these innovations forward into the world of start-ups through 3D printing Technology were conducted. Activities, featuring a design of a medical gadget on Catia software and guiding students to do its 3D printing on Stratasys 3d Printer throughout the process were performed.

Students of MGM School of Physiotherapy have designed Knee pads to safeguard against impact and provide cushioning when kneeling. Taken together, A-pose and re-aligned bent knee data provided the basis for knee shape analysis to support the knee-pad design. Stratasys 3D printer was used to manufacture the Knee pad.

26. University Policies

MGM University has designed and developed comprehensive policies for effective and streamlined operations of the institution. These policies work as guidelines to help the University march steadily and strongly towards its goals.

A brieflist of the key policies of MGM University is given below:

- Cancellation of Admission Policy
- Curriculum Revision Policy
- Fee Concession & Scholarship Policy
- Advertisement & Promotion Policy
- Sports Policy
- Admission Policy
- Welfare Policy for Staff & Students
- Admission of International Student Policy
- Research Policy
- Memorandum of Understanding (Mou) Policy

27. Internal Quality Assurance Cell for Educational Quality Enhancement

Under section 41 of the MGM University, Chhatrapati Sambhaji Nagar Act 2019 (Maharashtra Act No. XXVI of 2019) the MGM University is required to obtain accreditation from NAAC. For the purpose as per NAAC and UGC guidelines Internal Quality Assurance Cell (IQAC) is constituted by the University Authorities.

27.1. IQAC Committee

- Prof. Dr. Vilas Sepkal
- Dr. P.M. Jadhav
- Mr. C.P. Tripathi
- Shri Bhausaheb B. Rajale
- Mr. Abhay Hanchamal
- Mr. Mukund Lehekar
- Mr. Harahwardhan Jajoo
- Dr. Ashish Gadekar
- Dr. Harirang H. Shinde
- Mr. Bharat Pantewar
- Mr. Abhijeet Chavan
- Dr. Prapti Deshmukh
- Dr. John Chelladurai
- Dr. Annasaheb Khemnar
- Dr. Deepa Deshpande
- Dr. Tarveer Hundekari
- Mr. Faizal Shaikh
- Dr. Sonal Deshmukh
- Dr. Ashish Mohture
- Mr. Shashank Bhat
- Dr. Parminder Kaur

27.2. Activities Conducted

27.2.1. Dr. G. Y. Pathrikar College of CS & IT

27.2.1.1. Guest Lecture on "Quality Assurance in Higher Education: Lessons Learned from a Decade"

Guest of Honour/Speaker: Dr. Rajmohan Pardeshi, IQAC Coordinator, Karnataka Arts Commerce College, Bidar, Karnataka.

Date: 15/03/2024

Details of the Event: This program was organized by the IQAC of Dr. G. Y. Pathrikar College as a quality initiative. The guest lecture on "Quality Assurance in Higher Education: Lessons Learned from a Decade" was delivered by Dr. Rajmohan Pardeshi, IQAC Coordinator, Karnataka Arts Commerce College, Bidar, Karnataka.

27.2.1.2. Guest Lecture on "CO PO Framing"

Guest of Honour/Speaker: Dr. Rajmohan Pardeshi, IQAC Coordinator, Karnataka Arts Commerce College, Bidar, Karnataka.

Date: 16/03/2024

Details of the Event: This program was organized by the IQAC of Dr. G. Y. Patilkar College as a quality initiative. The session on "CO PO Framing" was conducted by Dr. Rajmohan Pardeshi, IQAC Coordinator, Karnataka Arts Commerce College, Bidar, Karnataka.

28. MGM University's 4th Foundation Day

The fourth Foundation Day of MGM University was celebrated on 9th September 2023 at Rukmini Auditorium with enthusiasm and a sense of purpose. Chief Guest Dr. T.V. Kattimani, Vice-Chancellor of Central Tribal University, commended MGM University for its proactive implementation of the National Education Policy (NEP) and emphasized the importance of skill-based and practical education. He inspired students and faculty by highlighting India's vast opportunities and the need to nurture innovation and creativity, stating that institutions like MGM should become "Idea Factories." Dr. Kattimani also underlined the significance of preserving traditional values, recognizing local enterprises, and encouraging language studies as a path to diverse careers.

During the program, Hon'ble Vice-President Dr. P.M. Jadhav reflected on the role of perseverance in achieving success and noted MGM's commitment to providing comprehensive education and excellent sports facilities. 29. MGM University's 2nd Convocation

The second convocation ceremony of MGM University was held on 13th October 2023 in the Rukmini Auditorium, where Union Minister Nitin Gadkari, serving as the chief guest, emphasized the importance of continuous learning as a lifelong pursuit and urged graduates to uphold integrity, transparency, and credibility as their greatest assets. In an inspiring address, he encouraged students to contribute to strengthening the Indian economy through dedicated entrepreneurial efforts. During the ceremony, degrees were awarded to 867 graduates in an atmosphere of pride and celebration. A posthumous D.Litt. degree was conferred on Mahakavi Vamandada Kardak, honoring his literary contributions. Vice-Chancellor Prof. Dr. Vilas Sapkal presented the university's progress report, and Chancellor Shri. Ankushrao Kadam delivered the presidential address, marking the occasion as a significant milestone in the university's journey.

Prominent dignitaries present included MGM Chairman Shri. Kamalkishor Kadam, Chancellor Shri. Ankushrao Kadam, Vice-Chancellor Prof. Dr. Vilas Sapkal, Governing Body Members Dr. Nitin Kadam, Dr. Sudhir Kadam, Dr. P.M. Jadhav, Bhausaheb Rajale, Board of Management Members Dr. Harirang Shinde, Dr. Prapti Deshmukh, Dr. Shashank Dalvi, Dr. Rekha Shelke, Dr. John Cheladurai, Dr. Vijaya Musande, Prof. Parvati Datta, Dr. Paraminder Kaur, Registrar Dr. Ashish Gadekar, Dean Dr. Monica Agarwal, Chief Financial Officer Bharat Pentawar, deans of various faculties, members of academic councils, local representatives, distinguished citizens, department heads, institute directors, college principals, relatives of Mahakavi Vamandada Kardak, teachers, students, and citizens.

Key Highlights of Gadkari's Address

Mr. Gadkari commended MGM University for awarding a posthumous D.Litt degree to Mahakavi Vamandada Kardak as an initiative for social justice. He appreciated the university for its sensitivity and decision-making. He emphasized the importance of knowledge and technology while underscoring entrepreneurship as paramount. Students should aim to become job providers instead of job seekers, adopting a mind-set of innovation and excellence in their respective fields. He stressed the need to differentiate between arrogance and self-confidence, advocating for positivity and confidence to achieve success.

Chancellor's Presidential Address

Chancellor Shri. Ankushrao Kadam urged the graduates to be their own guiding light, make every moment count for self-improvement, always speak the truth, and regard parents, teachers, and the nation as divine entities. He encouraged them to embrace discipline and intellectual curiosity, strive for the highest quality, and develop social, ethical, and emotional capabilities. He emphasized transforming global challenges into opportunities through knowledge, training, and skills. He called upon the graduates to uphold the principles of freedom, secularism, equality, and social justice enshrined in the Indian Constitution and actively contribute to national development.

Academic Achievements and Milestones

In the academic year 2023-24, MGM University offers 314 programs, including degrees, postgraduate courses, PhDs, postgraduate diplomas, diplomas, and certifications, catering to over 7,000 students. The progress of MGM University and its students is interdependent, with the university's growth reflected in the achievements of its students. Vice-Chancellor Dr. Sapkal encouraged the graduates to stay updated, pursue innovation, and excel in their fields through research and experimentation, thereby transforming challenges into opportunities and achieving success.

Degrees Conferred

Degrees were awarded to students who completed various courses between 2021 and 2023. Among the 867 graduates, 353 received undergraduate degrees, 443 received postgraduate degrees, 42 earned diplomas, 20 completed postgraduate diplomas, and 9 received certificates. These graduates came from diverse fields such as engineering and technology (70), basic and applied sciences (305), management and commerce (291), social sciences and humanities (138), performing arts (15), interdisciplinary education (14), and design (34).

Posthumous D.Litt. Degree for Mahakavi Vamandada Kardak

31. Best Practices

MGM University follows several best practices, many of which it has inherited from its founder body – Mahatma Gandhi Mission Trust and have stood the test of time. These practices have helped the university achieve impactful and long-lasting outcomes. They also gave it its own unique identity.

31.1. University level Best Practices

31.1.1. Mentor-Mentee Program:

Mentoring provides genuine support and guidance to students who are experiencing challenges in learning due to educational, social, emotional and behavioural problems that are consequently affecting their learning and performance. Effective mentoring seeks to offer motivation, rock-support, directive guidance and role modelling to mentees. Mentor- Mentee Programme is a highly valuable development activity which is firmly implemented at all the constituent colleges of MGMU. Mentoring helped the students to choose the right career option and pursue their choice with focus and dedication. Mentoring also helped the mentees to decide on how to choose a relevant workshop, seminar and value added course of their specialization.

31.1.2. Feedback Mechanism:

At MGMU to evaluate the existing teaching-learning environment and curriculum and to take appropriate action for the improvement of poor performing areas a strong feedback system is designed. At the end of each semester curriculum feedback, teacher feedback, teaching pedagogy feedback and infrastructure and other resources available feedback is taken manually as well as through online platforms like Google forms, ERP learning management system. Apart from this feedback from employers and alumni is also taken.

31.1.3. Environment Conservation:

At MGMU special focus on dissemination of environmental literacy for motivating students, teachers and supporting staff has been implemented. Transformation of the campus into a pollution free and environmentally friendly eco zone is the main objective of this practice. MGMU with various sustainable initiatives has worked to develop an eco-friendly, sustainable campus and to disseminate the concept of eco-friendly culture. Activities like Gampati making Workshop, Varaha Mangal celebration, Clean India campaign etc.

31.1.4. Experiential Learning:

All the constituent colleges of MGMU have adopted the student centered framework which includes practices like interactive learning, participatory learning, ICT enabled learning and innovative practices of learning. All of these bring about an all-encompassing growth in the students' knowledge acquisition. Bridge course is an initiative that enables students to bridge the gap between the academically weak and strong students by solving subject specific problems of the former. Initiatives like guest lectures by industry experts, seminars, workshops are also conducted to expose the students to advanced levels of information. Departmental activities like Induction Program, Freshers, Cultural Fest are organized keeping in mind curriculum related needs. This becomes a creative platform of learning that encourages students to transform classroom knowledge into quizzes, debates, games and technical exhibits. Innovative methodology projects include MGM Community Radio 90.8 and Bai Manna where students experience hands-on training and also can do internship Hands On training & Internship.

31.1.5. Interfaith Prayer:

MGMU Gandhian Studies department organises weekly interfaith prayer for staff and students to offer spiritual value. This prayer helps in keeping the mind and the soul peaceful. The main objective is to inculcate moral and ethical values among the staff and students and to develop their behaviour. Prayer enhances the team spirit, self-confidence, leadership quality and strengthens personality. In the context of increasing antagonism among diverse communities in the country, students require a clear perspective. Hence every week one institute of the MGMU organizes the interfaith prayer. Students of all institutes and the organizing institute in particular attend.

31.1.6. Inculcating Gandhian Values:

To inculcate the Gandhian ideology amongst the students and society, MGMU is organizing various activities like lecture series, competition and visit to various places like Wardha (Sevagram Ashram). This practice helps in exposing non-violence practice, dissemination of Gandhian ideology for the betterment of the society. Students' perspective is limited to their local area and it affects their behavior when they step into global habitation for their profession, attending national camps, listening to national Gandhian scholars, visiting various institutes including MGIRI (Inst. Rural Industrialization) and Centre of Science for Villages.

31.1.7. Nai Taleem Program:

Inspired by Gandhi's Nai Taleem, MGM University has initiated a unique program to promote skill-based and job-oriented learning. This initiative involves identifying growth domains and job areas that align with current market trends. Once these job positions are identified, we determine the specific skills required for success in these domains. Our curriculum is then designed to incorporate these skill sets, ensuring that our students receive relevant and practical education.

31.1.8.

In addition, we have introduced Engineering Exploration in the first year of our engineering program, which allows students to collaborate in teams and develop projects based on real-world problems. The valuable knowledge gained through experience is later applied to practical project implementations. This hands-on approach fosters critical thinking, problem-solving skills, and teamwork abilities among our students.

31.2. Institute level Best Practices**31.2.1. Jawaharlal Nehru Engineering College****31.2.1.1. Electrical Engineering - JNEC**

The department implemented the Mentor Mentee Program for understanding student's issues related to academics, administrative and personal problems. Mentors also help students for placement activities. Department Conducts guest lectures, workshops and industrial visits for overall growth of practical knowledge of the student.

The department helps students for campus placement drives by conducting aptitude tests, technical test for preparation of student.

31.2.1.2. Electronics & Telecommunication Engineering - JNBC

The departments organize industrial visits related to the curriculum and interest of students on a regular basis. Students visit the industries where they interact with the industry personnel and are made aware of the processes/ functionality of the industry. The purpose behind this is to make the students familiar with the industrial practices. Students are exposed to practical situations and events in industries.

- Adherence to Academic Calendar
- Preparation of Academic Action Plans/Lesson Plan
- Pedagogical Initiatives – Content Delivery (method of instruction)
- Methodologies to Support Weak Students and Encourage Bright Students
- Quality of Class Room Teaching.
- Conduct of Experiments.
- Student Feedback and Action Taken.
- Mentor – Mentee Program
- Interfaith Prayer
- Industrial Visit

31.2.1.3. Computer Science Engineering - JNEC

Fostering strategic alliance with industries for knowledge sharing and training by using pedagogy of industry expert sessions for some part of the syllabus. Adoption of evolving curriculum as demanded by industry & employability skills. Also, Mentor Mentee programme is followed for betterment of students.

31.2.2. University Department of Information & Communication Technology

The University department of information and Communication Technology is started with a vision to ensure sustainable human development, which encourages self-reliant and self-content society. Providing community services, social welfare and also Indian heritage and culture. To establish a centre of excellence for modern education, research, innovation and all round development of students.

The department organises continuous student centric activities under IEEE student chapter.

The department has a strong NSS cell to look after social services, and solve societal problems.

Industrial visits, project development and innovative projects are undertaken like AI anchor and AI speech translation class room applications.

Virtual Lab Outreach Program

- Objectives:
 - To provide remote-access to simulation-based Labs in various disciplines of Science and Engineering.
- To enthuse students to conduct experiments by arousing their curiosity. This would help them in learning basic and advanced concepts through remote experimentation.
- To provide a complete Learning Management System around the Virtual Labs where the students/ teachers can avail the various tools for learning, including additional web-resources, video-lectures, animated demonstrations and self-evaluation.

Following subject's practical are conducted through Virtual Lab

- Data Structures Lab
- Computer Organization and Architecture Lab
- Artificial Neural Networks Lab
- Core Java Programming
- Image Processing Lab
- Cryptography Lab

31.2.3. College of Journalism & Mass Communication

31.2.3.1. MGM radio 90.8 FM

in association with Ayush mantralaya and CIMCA New Delhi celebrated International World Yoga Day and a yoga session was also arranged.

31.2.3.2. Mahila Balkhyat Samiti

Adhyaksha Adv. Asha Aherkhane's interview on the topic "child labor" was conducted by MGM 90.8 FM
