INTRODUCTION

Shaping the Future of Knowledge, Research and Innovation

University of Mumbai is one of the oldest and most prestigious universities in India and has played a leading role in the field of higher education for the past 169 years while preserving a rich legacy of knowledge and academic tradition. Over the years, the University has made significant contributions to the educational, social, and intellectual development of the nation. By embracing change with time, it has strengthened its identity through innovative academic concepts, research initiatives, and socially responsive programmes. The academic year 2024–25 marks another significant milestone in the University's progressive journey.

In today's rapidly evolving global knowledge ecosystem, the role of higher education institutions has become more comprehensive and responsible. Guided by four pillars—knowledge creation, excellence in research, promotion of innovation, and a socially responsive outlook—the University successfully implemented several important initiatives during the academic year 2024–25. In alignment with the vision of the National Education Policy 2020, efforts were made to reform curricula, promote multidisciplinary education, strengthen skill-based learning, and expand student-centric teaching methodologies. These measures aim to make education more flexible, inclusive, and globally relevant.

The introduction of new academic programmes across various faculties, the growing momentum of research projects, and collaborations between academia and industry have created wider opportunities for students to acquire modern knowledge, technological competence, and essential skills. In the contemporary academic landscape, universities are not only responsible for disseminating knowledge but also for fostering knowledge creation and innovation. With this vision, the University has encouraged the development of advanced laboratories, research centres, and innovation-driven initiatives to strengthen the research culture. Knowledge exchange has also been further enriched through national and international conferences.

The holistic development of students remains a central focus of the University's educational philosophy. Along with academic excellence, several programmes have been organized to enhance student participation in sports, cultural, and social activities. Students have brought pride to the University through their outstanding achievements in arts, sports, and research competitions. At the same time, recognizing its social responsibility, the University has prioritized initiatives related to environmental protection, the development of a green campus, and sustainable development. The steps taken towards building a carbon-neutral green campus reflect the University's environmentally conscious and responsible approach.

In the era of rapid technological advancement, modernization of the education system has become essential. Through the adoption of digital learning platforms, online tools, advanced technologies for research, and the digitization of administrative processes, the University has made efforts to establish a more efficient, transparent, and student-friendly administrative framework. The continued integration of knowledge and technology has helped in enhancing the quality of education during this academic year.

To further strengthen its position among globally competitive and high-quality educational institutions, the University has also prioritized international collaborations, academic exchange programmes, and joint research initiatives. Partnerships with academic institutions across various countries have opened new global opportunities for students and researchers. These collaborations have facilitated knowledge exchange, innovation, and the development of a broader global perspective.

In the present era, universities are not merely centres of learning but powerful agents of social transformation. Through the integration of knowledge, values, and skills, the University continues to nurture capable, sensitive, and responsible citizens. During this academic year as well, the University's commitment to shaping students not only as career-oriented individuals but also as socially responsible contributors to nation-building has been clearly evident.

This Annual Report for the academic year 2024–25 serves as an important document presenting a comprehensive overview of the University's academic, research, sports, cultural, and social initiatives. It reflects the dynamic progress of the University, the milestones achieved, and its vision for the future. By remaining aligned with the changing times and placing knowledge creation, research excellence, innovation, and social service at the core of its mission, the University of Mumbai will continue to set new benchmarks in the field of higher education in the years to come.

Prof. Ravindra Kulkarni
Vice- Chancellor
University of Mumbai

EDITORIAL

University of Mumbai is one of the leading and historic universities in the country and has been making significant contributions to the field of higher education by harmonizing a rich tradition of knowledge, academic excellence, and a socially responsive vision. In the rapidly evolving global educational landscape, the University has embraced a new direction of progress by placing quality, innovation, and research at the core of its academic pursuits. The academic year 2024–25 has marked an important milestone in this journey, during which the University achieved notable progress through a wide range of academic, research, sports, cultural, and administrative initiatives.

This Annual Report presents a comprehensive overview of the various initiatives undertaken during the academic year 2024–25 by the University's departments, faculties, and affiliated colleges. It documents in detail the advancements in teaching and research, programmes organized for the holistic development of students, achievements in sports, culture, and research, as well as various community-oriented initiatives carried out during the year.

In alignment with the provisions of National Education Policy 2020, the University has introduced necessary reforms in curricula, implemented multidisciplinary education, promoted skill-based learning, and increased the use of technology-enabled teaching systems. Through these initiatives, the University has sought to provide students with more flexible, modern, and globally relevant education. At the same time, various research projects, conferences, and academic collaborations have been encouraged to further strengthen the culture of research and innovation within the University.

Giving priority to the holistic development of students, the University has actively promoted sports, cultural, research, and social initiatives. The remarkable achievements of students in these areas stand as testimony to the University's long-standing tradition of excellence. Several initiatives undertaken towards environmental conservation, the development of a green campus, and sustainable development reflect the University's strong sense of social responsibility.

This Annual Report is not merely a review of the University's activities but also a guiding document for its future course of development. The success of this journey has been made possible through the active participation of members of various University authorities, officers, faculty members, staff, researchers, students, and affiliated colleges. The University expresses its sincere gratitude for their dedicated contributions.

With a firm commitment to the values of knowledge creation, innovation, and social service, the University is confident of continuing to set new benchmarks in higher education in the years ahead. It is with this confidence that the Annual Report for the academic year 2024–25 is presented.

DEVELOPMENT REPORT

- The 'Distance and Online Education Centre' and 'Physical Education Department' of the University of Mumbai, in collaboration with the Nehru Yuva Kendra of the Ministry of Youth and Sports, Government of India and the Smart Commute Foundation, Mumbai, organized the 'Pedal Up Mumbai' cycle rally on the occasion of **World Bicycle Day**. More than 600 cyclists participated in this cycle rally.
- In the QS World University Rankings, the University of Mumbai has emerged as one of the top 20 educational institutions in the country. In the recently published QS World University Rankings, the University of Mumbai has risen to 67th place among the top educational institutions in Asia. Notably, the University of Mumbai has secured the second position among the traditional universities in the state of Maharashtra. Compared to previous years, the University of Mumbai has made a remarkable leap in the global rankings, advancing from the 1001-1200 range to the 711-720 bands this year. Significantly, in the subject-specific rankings, the University has proudly entered the 101-150 bands globally.
- In the Asian University Rankings 2025 announced by Quacquarelli Symonds (QS), the University of Mumbai has exhibited impressive performance. Compared to last year, the University of Mumbai has improved significantly in all criteria and has bounced directly from the 291-300 bands to 245. The University has shown exceptional improvement in its overall score, achieving 34 points this year compared to 19 points last year. Additionally, in the South Asia rankings, the University has made significant progress, rising to 52nd position from 67th.
- On the occasion of the **351st Shivrajyabhishek (Coronation Day)** of Chhatrapati Shivaji Maharaj, a cleanliness drive was implemented at Raigad Fort in association with the '*National Service Scheme Cell*', '*Student Development Board*' and '*Shriman Balasaheb Thackeray Adhyasan Kendra*' of the University of Mumbai. For the first time, a large-scale fort cleanliness drive was organized by the University of Mumbai. In accordance with the invitation of the *Shiv Smarak Utsav Samiti, Raigad Fort and Zilla Parishad*, under this cleanliness drive, plastics were collected and garbage was removed from the Raigad Fort and its surroundings. More than 500 students from various colleges affiliated to Mumbai University, non-teaching staff of the university and program officers of the National Service Scheme Cell participated in this cleanliness drive. Pro-Vice-Chancellor (Dr.) Ajay Bhamre, Director of Student Development Department Dr. Sunil Patil, Coordinator of National Service Scheme Cell Mr. Sushil Shinde and Cultural Coordinator Nilesh Save along with members of various authorities participated in the *Kille Raigad Swachh Campaign* organized under the guidance of Mumbai University Vice-Chancellor Prof. (Dr.) Ravindra Kulkarni. POST GRADUATE STUDY AND RESEARCH

CENTRE FOR DISTANCE AND ONLINE EDUCATION (CDOE)

DIRECTOR:- PROF. DR. SHIVAJI SARGAR

Mumbai University started correspondence education on March 24, 1971, which was later restructured as the 'Centre for Distance and Online Education' (CDOE) in 2024, in accordance with ODL regulations. Since its inception, CDOE has been providing quality education through various traditional, technical, and professional courses. Initially, 845 students enrolled, a number that increased to 76,495 in 2016-17. Many students have won gold medals and have gone abroad for higher studies.

CDOE operates at three levels– headquarters, regional centers, and learner support centers. The headquarters is located in Santacruz (East), and the regional centers are in Churchgate, Thane, Kalyan, Ratnagiri, and Sawantwadi.

The 'Centre for Excellence in E-Content Development' has been established to develop multimedia educational materials, and this center prepares e-content according to the guidelines of UGC SWAYAM MOOCs.

On March 24, 2024, the institution entered its 55th year. A total of 24,894 students enrolled in the institution's 16 courses.

55th Anniversary:-

On March 24, 2025, the institution completed 54 years. This anniversary celebration was held in the presence of the Vice-Chancellor of Mumbai University, Prof. Dr. Ravindra Kulkarni, and the Pro-Vice-Chancellor, Prof. Dr. Ajay Bhamre. The Vice-Chancellor of Yashwantrao Chavan Open University, Prof. Dr. Sanjeev Sonawane, was present as the chief guest at this anniversary celebration.

DEPARTMENT OF LIFELONG LEARNING AND EXTENSION

DIRECTOR:- PROF. DR. BALIRAM N. GAIKWAD

Lifelong Learning and Extension is established on October 12, 1978. Since 1994, the department has been known as the Teaching Department of the University of Mumbai to promote meaningful and sustainable rapport between universities and the public community. Activities are planned to create skilled and knowledgeable citizens through various activities and skill development programs in this department.

Objectives of the Department:

The mission of the department is to foster meaningful and sustainable relationships between universities and the public i.e. to implement educational programs for social change.

Objectives:

Lifelong learning to make learning relevant to real life situations. The objectives of the Extension Department are as follows:

- To create a sense of responsibility towards the society among the students.
- Designing programs that support students to face real life challenges competently.
- To train and enhance the knowledge of teachers and students to increase their broad relevance to real life situations through various programs.
- To make ideal citizens out of students for maintaining social commitment through skill development training.
- To increase employability of students.

During the Academic Year 2024-25 the following activities were implemented in DLLE department of University of Mumbai.

1. M. A in Rural development and Ph. D. Degree course

Mumbai University's jurisdiction is spread across the rural districts of Thane, Palghar, Raigad, Ratnagiri and Sindhudurg along with the Mumbai metropolis. Majority of the students come from rural areas, including scholars from underprivileged sections of the society with the modern culture of the cities of Mumbai and Thane. Therefore, the subject of rural studies has been introduced to make the students aware of the educational opportunities in rural areas and to understand the essentials for rural development.

The current curriculum for Rural Studies is designed with a view to enhance the basic skills of the students and develop knowledge about various aspects of rural development. The Post Graduate course of M. A. in Rural Development is a regular course and each subject is taught in the form of lectures by various experts, research project guidance, knowledge test, subject wise oral discussion, seminar, subject presentation and field visits. Currently 17 students have participated in this course.

2. Internship/Field Visit:

Field visits are organized as part of the course for students enrolled in this course. Also for a limited period of time rural development related work like fruit production, fruit processing, rural finance system, rice research center, agricultural land research are assigned to the students in order to gain experience of such processes and actual field visit was organized. In this, the following institutions guided the students.

- Krishi Vidyan Kendra, Jawhar
- Yusuf Mehr Ali, Village Development Centre, Panvel
- Leprosy Prevention Committee, Shantivan

- Mani Bhavan Gandhi Museum, Mumbai
- Kharzamin Research Centre. Panvel
- Apna Bazar Cooperative Society, Mumbai
- A.P.M. C Bazar House , Navi Mumbai
- Rural Development Colleges and Institutes, Rural Department.
- Dr. Balasaheb Sawant Konkan Agricultural University
- Rice Research Centre, Karjat
- Nisarga Nirman Agriculture Production Centre, Mumbai
- Akshara Agricultural Production Institute
- Mandeshi Foundation / BAF Foundation

3. Ph. D. Research Report (PPT) Presentation :

So far 18 students have received Ph. D. degree and 27 students are doing research for Ph. D. degree. The mid term report PPT presentation of these students was conducted in the presence of experts. In this, mainly guidance was given regarding research proposal presentation, library reading, note taking, review of relevant literature, case writing, research methodology and statistics.

4. Social Extension Work Activities for 10 grace marks in Final Examination of University of Mumbai

The Department is offering 10 types of Extension Work Projects out of which a student can take up any one project and work for 120 hours as per DLLE guidelines for entitlement of the benefit of 10 Grace Marks under Ordinance 229. A range of Extension Work Projects are offered for enhancing the employability and IT skills of the student. The degree college students in the faculties of Arts, Commerce, Science, Pharmacy, Law, Engineering, Education and Management. After completing 120 hours of social and academic work, students are awarded ten additional marks in the annual final examination by evaluating the extension work projects submitted by them. This extension work includes the following educational projects.

A. Professional career oriented project

1. Career Project
2. Industry Orientation Project
3. Anna Purna Yojana
4. Skill development

B. Community oriented projects

1. Population Education Club
2. Survey research
3. Education for all
4. Environmental Education
5. Civic Sense / Discipline
6. Customer guidance

College students register every year for extension work projects. With the aim of social commitment, students go out into the society and involve the society and realize their role in eradicating the social problems faced by the society. Human duties as an ideal citizen try to convince people. This extension work projects are introduced by the department to enhance the employability and technology and research skills of the students.

This year around 38000 students of 370 degree colleges affiliated under Mumbai University participated in these activities.

1. Online Document Submission Portal (ODSP)

As per the concept of Hon'ble Vice-Chancellor, in order to facilitate the documentation of all these extension work activities, the University has recently independently developed the Extension Work Activities Online Document Submission Portal (ODSP) using the relevant technology through which the documents of all the students participating in the extension work can be easily filed online. Not only this, the facility of online filing of all the reports of the extension work activities of the colleges has also been provided.

Functioning and Regulation of Online Document Submission Portal (ODSP) :-

- Online Document Submission Portal (ODSP) has many advantages. There is no need to come and submit the documents of students and colleges for registration in extension work activities from remote places in Palghar, Raigad, Ratnagiri and Sindhudurg districts. Those documents can be submitted online and a permanent record is available.
- Digital scrutiny and verification of the documents submitted online is done by the department.
- Work report and audio video as well as photographs submitted by various colleges can also be submitted online.
- Also online facility of evaluation of project reports submitted by students to teachers for benefit of 10 additional marks has also been provided.
- 38 thousand students and about 800 teachers can be easily distributed online certificate of completion of extension work.
- Official records and subject-wise list at anytime required for extension work activities are available and can be categorized annually.
- It has become easy to circulate departmental circulars with a single click and secure the relevant work data. It is easy to correct errors and mistakes in it.

The University has worked hard to develop this entire process and has tried to save time, additional costs and effort. All these functions are managed and regulated by the department regularly.

2. Regular Planning and Implementation of Educational Extension Work System:

In various colleges of the University of Mumbai, the Department of Lifelong Learning and Extension of the University of Mumbai conducts community-based social service educational activities through extension work projects for awareness with the specific objective of working for various sections of the society. Through this, various activities such as street plays, exhibitions, enlightenment songs, oratory, powada, surveys, seminars and conferences on various social issues are planned by the department to increase awareness among the public. This department deals with various social problems such as pollution, AIDS, global warming, environmental problems through various educational projects such as skill development, industry orientation, career guidance, information technology, entrepreneurship development, status of women in society, environment protection, and population education. It works to create awareness about illiteracy, child labour, dowry, malnutrition and government policies. For this, training programs were conducted for teachers and participating students in all districts .

3. First Term Training Program:

Students participating in extension work activities are registered every year. In order to acquaint these students with the extension work system, district wise training programs were organized in the colleges in the first semester in the month of July-August in all the districts including Mumbai. In this program, students and teachers are briefed about the complete outline and working methods of the department as well as the extension work activities. An informative lecture was given by the expert teachers and guides of the university about how to complete the

120 hours of work assigned to the students in the extension work project for the next year, as well as which documents and reports should be submitted along with the extension work admission form online. Through the evaluation session, the problems of the students were known and remedial measures were taken and reinforcement was given to complete the work smoothly. Regular feedback was taken after completion of work.

4. Second Term Training Programme:

A review of whether the work assigned in the first session training program is going on smoothly or not was conducted in the second session training program in the month of November – December. At the same time, students and teachers were trained through a detailed discussion on what activities should be undertaken in the second semester, how to complete them, how to write a report, and how to submit the necessary documents online for the final 10 additional marks. In the same training program, a seminar was organized about Udaan annual festival and the colleges willing to take responsibility for this festival were guided. And the present colleges were encouraged to participate in the Udaan festival. Colleges were appealed to participate by giving information about various competitions and rules of Udaan festival .

5. Udaan Festival:

Udaan Festival is organized in the districts of Mumbai including Thane, Palghar, Raigad, Ratnagiri and Sindhudurg in the month of January-February every year to showcase the talent of the colleges and students participating in the extension work.

The objectives of the festival are as follows:-

1. To create awareness in the society about the extension work done by University of Mumbai through affiliated colleges .
2. To create awareness about social issues through street play, creative writing, powada singing, elocution and poster painting competition focusing on college students of districts under Mumbai University .

Various Competitions in Udaan Festival:

1. Street Play
2. Powada singing
3. Creative writing
4. Elocution competition
5. Poster Competition

Students enrolled in the Department's Annual Extension Work Projects (Undergraduate and Postgraduate) are eligible to participate in these competitions. District-wise Udaan Trophy is awarded to the college which performs best in Thane, Palghar, Raigad, Ratnagiri and Sindhudurg districts along with Mumbai. Also, the chief guests present during the program as well as the extension work district area coordinator are also felicitated. This year the festival was organized in various colleges.

6. Annual Monitoring and Evaluation Session of Extension Work:

After completing 120 hours of work, the students participating in the extension work submit an annual report as per the norms of the university. The evaluation session of these reports is conducted district wise in the month of March – April. The evaluation was done by the Extension Work Teacher , the Principal of the concerned College and the Extension Work Field Coordinator appointed by the department as per the University Rules.

7. Center for Distance and Online Education (CDOE) Guidance

Center for Distance and Online Education (CDOE) of University of Mumbai conducted a guidance session in the Lifelong Learning and Extension Department for the guidance of the

students enrolled in the Arts branch and taking online education through distance system in Churchgate and Fort area. In this session, regular lectures and guidance classes were organized on sociology, history, marathi and economics. Exam preparation, writing practice and career guidance camps were organized for the guidance of these students.

8. Lifelong learning or continuing education (what next after 10th and 12th?) :

Further education guidance after class 10th and 12th is conducted through the Department to provide opportunities for lifelong learning or continuing education. In this, students who could not complete their education till 10th or 12th and who want to get admission in the classes of National Open School, Delhi Board of Education were guided through the department. Also, 12th passed students were guided to complete their education through distance education system at Center of Distance and Online Education (CDOE) of University of Mumbai and the interested students were given admission for further education.

9. Implementation of Academic Programs as per Maharashtra University Act 2016 :

According to the Maharashtra University Act 2016, the government has directed the Department of Lifelong Learning and Extension to provide training to male and female nurses to take care of senior citizens and sick patients. **Accordingly, the department organized a training program for male and female nurses with the help of Nurse Training Colleges of Ratnagiri and Sindhudurg districts. 41 attendants from the district places attended this program.** Also, the department is working diligently to provide necessary skill training to the senior citizens to facilitate the aging period. Street plays and rallies were organized by the department to provide information about government schemes for senior citizens. Through the field visits of the students, they visits to senior citizens and old age care homes from time to time. In this way, the Department of Lifelong Learning and Extension is implementing social welfare activities in a unique way.

10. Contribution of Department in National Education Policy 2020 System:

- Lifelong Learning and Extension in collaboration with the Board of Studies in Extension Work has arranged various courses as per the National Education Policy 2020. For the academic year 2024-25, the subject extension work for degree course students in Vertical 1 is made available for the first year students in Arts stream .

Also open electives credit course for all branches in the Vertical 4 group has been introduced. The following four courses are offered for 2 credits each for the first semester.

1. Rural Studies -I,
2. Population Education -I
3. Electoral Literacy
4. Community Engagement

Also, in the same group, the following two courses for 2 credits each have been made available for the second semester .

1. Rural Studies -II ,
2. Population Education- II (Population Education - II)

- This year, as per the National Education Policy 2020, the department has made Extension Work available for the students in the Vertical 6 group for 2 credits each for the first and second semesters .

Also, the department is in the process of creating more curricula for other vertical groups for first, second and third year and for all branches of study.

Also, with the aim of informing all students and teachers about the National Education Policy 2020 by the department, awareness workshops were organized in various colleges in the

districts of Mumbai including Thane, Palghar , Raigad, Ratnagiri and Sindhudurg in which subject experts and teachers guided them.

The role of DLLE in facilitation of the recently held Lok Sabha and Vidhan Sabha Elections:

Election literacy and awareness campaign

As a part of the various activities of the department, the department has made a substantial contribution towards the society by undertaking the election literacy awareness campaign this year.

In line with the General Election 2024, various programs were organized by the Department of Lifelong Learning and Extension of the University of Mumbai to ensure electoral literacy among the public and students. According to the Memorandum of Understanding signed between the Election Commission of India and the Ministry of Education, Government of India, the University of Mumbai in collaboration with various colleges in the districts of Mumbai, Thane, Palghar, Raigad, Ratnagiri and Sindhudurg has implemented various electoral literacy programs on behalf of the Department in collaboration with the State Election Commission in the last year through electoral literacy and awareness campaign. The department has played a significant role in increasing electoral literacy.

- University of Mumbai has made provisions for giving the required credit by preparing **courses on voter education and electoral literacy** for students of various disciplines.
- **Teachers have been trained** to teach electoral literacy. **An institutional framework was created in line with the registration. At the same time**, a special awareness campaign was implemented through the department in collaboration with the government to register the students of Thane, Palghar, Raigad, Ratnagiri and Sindhudurg districts as new voters.
- With the electoral system of the country, as well as to create a desire among them to register voters and also **to create voter awareness, training programs for students have been conducted** in Thane, Palghar, Raigad, Ratnagiri and Sindhudurg districts of Mumbai. Also Electoral Literacy Clubs have been established in various colleges so far through the National Service Scheme to organize Electoral Literacy Club activities.
- Also, extensive activities were organized on the occasion of National Voter's Day. In this, a voter awareness campaign was undertaken and a rally was organized.
- Also, Mumbai University has organized various competitions like slogan writing competition, creative writing competition, elocution competition, rangoli competition and poster painting competition in all the districts on the occasion of Voter's Day. Through these programs, citizens were motivated to understand the importance of voting, the electoral process and exercise their right to vote.
- **Awareness campaigns for election literacy** have been conducted in the districts of Thane, Palghar, Raigad, Ratnagiri and Sindhudurg along with Mumbai through various mediums including print and social media to reach a wider public.
- **Workshops and training sessions** were organized to promote electoral literacy and train other students in the college.
- Every day hundreds of students come for guidance in various academic campuses of Mumbai University. To inform them about the voting process, boards and banners were put up in various academic premises of Mumbai University and awareness was created.

Like other parts of India, efforts are being made by the government to increase electoral literacy among the citizens in Mumbai. Election literacy has become very important in order to register new voters and participate in voting as much as possible in General Election 2024. Mumbai University has contributed to the efforts of the government by taking up election literacy activities with great diligence, keeping in mind the goal of making people understand

and know about the overall government system, voting process, election process. In this way various programs have been carried out by the Department of Lifelong Studies and Extension under the guidance of University of Mumbai to create electoral literacy and voter awareness.

UGC MALAVIYA MISSION TEACHER TRAINING CENTRE

DIRECTOR:- PROF. VIDYA VENCATESAN

UGC Malaviya Mission Teacher Training Centre, University of Mumbai is one of first few MMTTCs established in the year 1987. UGC MMTTC, University of Mumbai is popular in the country and well known for the quality of its training programmes. Since our MMTTC is located in the heart of Mumbai, we get participants with widely varying backgrounds from all parts of the country and their coming together in our programs provide a unique opportunity for the exchange of ideas that result in their all-round development. We are also able to draw our resource persons from renowned institutions like TIFR, TISS, BARC, BSE, IIT and ICT and from other industries, government bodies, cultural centres, in addition to the faculty from the University departments and colleges. These unique features make our programmes attractive and widely appreciated by our teacher participants. We have so far conducted 147 Orientation Program/Faculty Induction Program and 373 Refresher Courses, 107 Short Term Course and other courses benefiting around 33850 stake holders of higher education.

UGC MMTTC, University of Mumbai has been ranked 7th by NAAC in 2011 amongst then 66 MMTTCs in the country and also rated as Performer. We are also ranked first amongst the then existing HRDCs of the Western region i.e. Goa, Gujarat and Maharashtra. This was also recognized by the Government as we are the only MMTTC in Maharashtra to receive grants from Rashtriya Uchchatar Shiksha Abhiyan (RUSA) for training and for training infrastructure. Using RUSA grants we have so far conducted 141 programs benefiting around 10115 stake holders of higher education. We have also created excellent infrastructural facilities like new smart class rooms, computer lab with 100 computers, seminar hall, library with books and e-resources in the new Centre. We have recently entered into an MoU with Maharashtra State Faculty Development Academy for conducting Faculty Development Programs for teachers of Higher Education.

The main objectives of our MMTTC are to enable the teachers:

- To understand the significance of education in general and higher education in particular in Indian and global contexts.
- To acquire and improve basic skills of teaching and also the use of ICT in teaching learning process.
- To be aware of the latest developments in their specific subject.
- To understand the link between education and economic, social and cultural development of the country.
- To develop skills for online teaching and reach out to students across the world overcoming the constraints of geography and time.
- To develop one's personality and creativity and become inspirational role models for the students.

In the year 2024-2025, UGC MMTTC, University of Mumbai has conducted sponsored by UGC and RUSA 62 training programmes which include 02 Faculty Induction Programme, 10 Refresher Courses and 25 Short Term Courses and 09 NEP 2020 workshops online under UGC and 14 two day NEP 2020 Sensitization Workshop (Offline) and Two day Orientation Programme for Indian knowledge System workshop (Offline) and one day Orientation Workshop for NEP 2020 Curriculum for MMS and MCA (Offline) benefiting 6119 teachers and other stake holders of higher education.

Keeping in mind the requirement of teachers, we have conducted Refresher courses in Recent Trends Development in Training, Teaching, Evaluation & Research (Multidisciplinary); Physics, Commerce, Accountancy & Management; Recent Trends in English Language, Literature and Linguistic (Interdisciplinary); Life Sciences; Artificial Intelligence and Science; Social Sciences etc.

We have specially conducted 14 workshops on ‘Sensitization of Stakeholder for National Education Policy 2020’ (Offline mode) which were of 2 days’ duration for the sensitization of faculty members which has benefited 3587 teacher participants. We have also conducted 10 STC on E-Content Development with hands on training for 6 working days benefiting 374 teacher participants.

Our efforts have been quite fruitful as we are getting regular feedback from our teacher participants on how they are able to implement some of the ideas that have been taught to them which resulted in transforming them into better teachers. This transformation is important because teachers are still central to the educational system, even in this era of easy availability of information to students through various ICT platforms.

Our vision is *“To transform the teachers into inspirational role models for the young and inspirational students, who in turn will create just and equitable society that will be progressive and secular”*.

CENTRE FOR EXTRA-MURAL STUDIES, CENTER OF RECHAEOLGY

DIRECTOR:- DR. PRAKASH MASRAM

The Centre for Extra-Mural Studies, Department of Archaeology, University of Mumbai, conducted research projects in collaboration with other institutes and organized field trips for students during the period from 1 April 2024 to 31 March 2025.

RESEARCH PROJECTS:

Dr. R. C. Dhere Cultural Research Centre, Pune, invited the Department of Archaeology, Centre for Extra-Mural Studies, University of Mumbai, to participate in the project titled Gramadevata: Social Convergence and Protection of Environment. This project proposes a model for cultural studies of a village with reference to its village deity, focusing on Ratnagiri District. Five PG students from the Department worked under the guidance of expert coordinators, Mr. Rutvij Apte (Visiting Faculty) and Dr. Prachi Moghe (Assistant Professor, Ad-Hoc). Data analysis and chapter writing are ongoing.

PROGRAMMES:

UGC-Malaviya Mission Teacher Training Centre Short-Term Course (Multidisciplinary):

World Cultures & Civilizations: Lithuania, Romania, Slovakia, and Ancient Persia. Organized by the Centre for Hindu Studies and Department of Archaeology, University of Mumbai, in collaboration with the International Centre for Cultural Studies. Held on 24 September 2024 at Pherozeshah Mehta Bhavan, Department of Civics and Politics, University of Mumbai.

Archaeology Day National Seminar: In collaboration with PTVA's Sathaye College (Autonomous), Department of Ancient Indian Culture and Archaeology; and Samyak Prabhodhan Sangh's Bhimrao Pradhan College of Arts, Science, and Commerce, Shahapur. Celebrated on the birth anniversary of Prof. Dr. H.D. Sankalia with a focus on "Recent Researches on Deccan." Held on 11–12 December 2024 at Marathi Bhasha Bhavan, University of Mumbai, Vidyanagari.

The month of December holds significant importance in Indian archaeology, marking the birth anniversaries of two eminent scholars: Dr. H.D. Sankalia (pioneer of Indian archaeology, 10 December) and Dr. P. L. Gupta (Father of Indian Numismatics, 24 December). These dates have been celebrated as Indian Archaeology Day and Numismatics Day, respectively, since 2012. To honor their legacy and promote awareness of archaeology and heritage, the Department of Archaeology, University of Mumbai—in collaboration with the Department of Ancient Indian Culture and Buddhist Studies—organized Archaeology Fortnight with events including seminars, heritage walks, special lectures, and exhibitions from Saturday, 9 December 2023, to Sunday, 24 December 2023.

Seminar on Explorations in Maharashtra: Organized on 10–11 December 2024 at Marathi Bhasha Bhavan, University of Mumbai, Kalina Campus (hybrid mode). Prof. A. P. Jamkhedkar (Former Chancellor, Deccan College; Former Chairman, ICHR) delivered the keynote address. Twenty-six research scholars from Maharashtra presented papers.

Heritage Walks: Conducted at Kanheri, Elephanta, Vasai, and Mandapeshwar by Visiting Faculty Shri Prashant Gharat, Ms. Sneha Nagarkar, Shri Atharv Bedekar, and Dr. Siddhi Bhatagara on weekends in December 2024. Around 100 participants joined.

Exhibition: Antiquities (potsherds, sculptural remains, coins) from the Department of Archaeology, CEMS, were exhibited at Sathaye College premises alongside their collection from 19–22 December 2024. Sections included Gallery of Sculptures, Gallery of Coins, collaborators like CHAEN, Careers in Archaeology, board games, and traditional games. Around 5,500 visitors, including school students, college students, and laypersons, attended.

Workshop on Introduction to Field Archaeology: Organized by the Department of Archaeology, CEMS, University of Mumbai, in association with the Indian Numismatic, Historical, and Cultural Research Foundation, Anjaneri, Nashik. Held from 12–16 February 2025 at the Institute in Nashik. Conducted by Prof. Riza Abbas (Director, INHCR) and Dr. Prachi Moghe; 12 students participated.

Smart Gardening Workshop: Organized by the Centre for Extra-Mural Studies, University of Mumbai, in association with the National Society of Friends of Trees. Covered exotic vegetables, mushroom cultivation, terrace gardening, microgreens, urban landscaping, and organic inputs. Held on 8–9 March 2025; 170 participants attended.

Pottery Workshop: Organized by the Department of Archaeology (CEMS), University of Mumbai, and the Indian Numismatic, Historical, and Cultural Research Foundation. Held for 4 days from 13–16 March 2025 under the supervision of Dr. Prabhod Shirvalkar (Assistant Professor, Department of Archaeology, Deccan College, Pune). Participants were introduced to pottery types from archaeological contexts, manufacturing processes, analysis, and drawing. Dr. Debasri Ghosh and 12 students participated.

In-House Theatre Production: Students of the Certificate Course in Dramatics, Centre for Extra-Mural Studies, University of Mumbai, performed Sangeet: Kay Vaatel Te on 21–22 March 2025 at Marathi Bhasha Bhavan, University of Mumbai.

FIELD TRIPS:

Kokan (Ratnagiri and Sindhudurg Districts): Conducted from 27 October–2 November 2024. The group visited 10 petroglyph sites, 1 prehistoric site, 1 cave architecture site, 9 temples, and 2 forts. Mr. Rutvij Apte (Visiting Faculty) and 20 students participated.

Megalithic and Historical Sites, Nagpur Region: Semester IV students, guided by Prof. Dr. Debasri Ghosh and Prof. Saishruti Bhatt, visited undocumented megalithic sites in Vidarbha. Held from 10–12 March 2025 in collaboration with the Department of Archaeology, Nagpur University. Accompanied by Mr. Sushant Begade (PhD student, Nagpur University). Aimed at understanding explorations and documentation of megaliths.

EXCAVATION:

Department of Archaeology, University of Mumbai, in collaboration with the Directorate of Archaeology and Museums, Government of Maharashtra; IISER Mohali; and Konkan Geoglyph and Heritage Center, Ratnagiri. Excavation at Koloshi, Taluka Kankavli, District Sindhudurg, Maharashtra, from 13–27 March 2025. 20 students trained under Shri Rutvij Apte (Visiting Faculty and Co-Director). Included planned excavation and surrounding landscape exploration, integrating techniques with analysis of prehistoric behavior, technology, and settlement in the Konkan region.

WESTERN REGIONAL INSTRUMENTATION CENTRE

DIRECTOR:- DR. SHIVRAM GARJE

Western Regional Instrumentation Centre (WRIC), Mumbai is an autonomous institute and was established in the year 1977. It is fully funded by the University Grants Commission (UGC), Government of India, New Delhi in association with University of Mumbai as a part of UGC's comprehensive programme of establishing four Regional Instrumentation Centers (RICs) and University Science Instrumentation Centers (USICs) all over the country. Since 1981, WRIC has been functioning as a Registered Society with a Governing Council of which the Vice-Chancellor of the University of Mumbai is the ex-officio chairperson. At present, WRIC is the only Regional Instrumentation Centre in India and which has now been recognized as a **National Facility Centre for Instrumentation** by UGC.

The major responsibilities of WRIC are to conduct various activities in the field of instrumentation in association with various colleges, universities, national research institutes and industries in the country.

Mission Statement:

To develop a technological culture and provide leadership in the field of instrumentation and to be an excellent resource and training center for academic, research and industrial organizations in India.

Main Objectives:

1. Resource Centre to create necessary facilities for Instrumentation programmes.
2. To act as a role model for providing instrument services
3. Design and development of new teaching aids to facilitate teaching and research.
4. Conduct training programmes in various aspects of instrumentation including their repair and maintenance.
5. R&D in instrumentation for Education, Research and Industries

The overall impact of the Centre's activities since its inception has been to further the UGC's efforts in creating adequate, self-supporting infrastructure in the Indian Universities by providing research, maintenance, testing and measurement services in the field of instrumentation.

The major activities of WRIC are as follows:-

Research, Design and Development (RD&D):

The Centre has modern RD&D facilities and expertise in different areas. It carries out projects and collaborative activities with industry, R&D institutions and Government Organizations. The Centre also offers consultancy services to industries.

Major Activities of RD&D:

- Development of teaching aids and testing them with the help of university and college teachers.
- Development of instruments of middle level sophistication, suitable for technology transfer in industry.
- R&D supported by funding agencies.
- Technologies / instruments know-how transfer

Ongoing Activity of R&D:

- **Quantum Efficiency of Large Area Silicon Solar cells**
- **WRIC Spectral Response Meter Model 1**

Main Features:

- Low Cost instrument for education, used by National Center for Photovoltaic Research and Education (NCPRE) of IIT Bombay for the "Teach 1000 Teachers" program at 35 centers all over India. Several copies of instrument fabricated distributed to various centers.
- Instrument uses 20 LEDs of different wavelengths, near UV 365 nm to near IR 1060 nm. Current response of small area silicon solar cell ~ 14 cm² measured in response to calibrated power of each LED displayed. Each LED is selected manually with a key and resulting solar

cell current displayed. Ratio of solar cell current to light power of each LED gives spectral response.

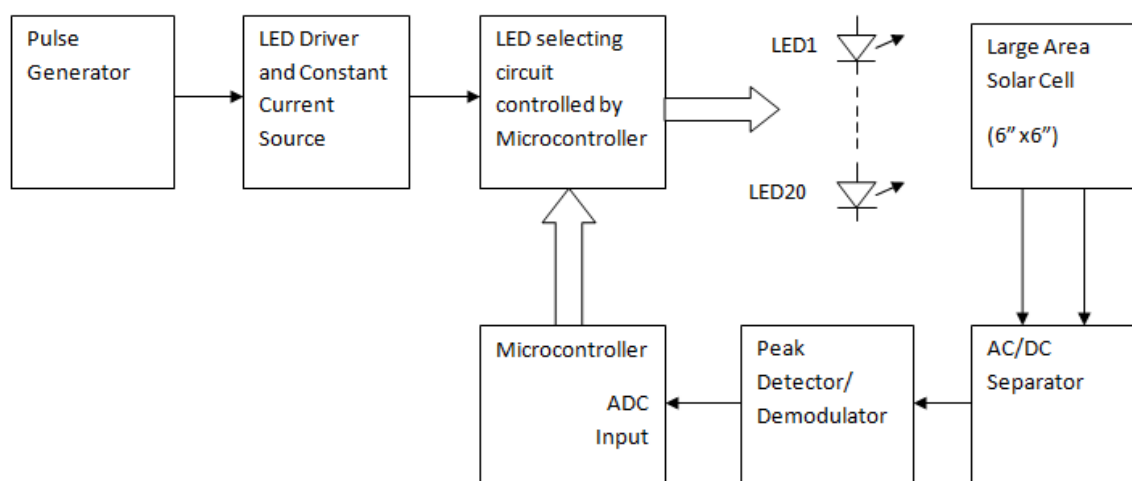

- External Quantum Efficiency is calculated directly from spectral response.

- **WRIC Spectral Response Meter Advanced Model:**

Main Features:

- The advanced model will be used for on large area silicon cells $\sim 150 \text{ cm}^2$ in Ambient light
- Automated measurements: 20 LEDs turned on sequentially, one after the other, and solar cell current recorded for each LED. Result displayed directly as External Quantum Efficiency versus wavelength on screen.
- Currently working on a scheme which distinguishes probe light of LEDs is separated from DC response of solar cell to ambient light.
- Detection of AC response separated from DC response due to ambient light. Different approaches for this operation under experiment:
 - i) capacitive coupling
 - ii) transformer coupling

Block Diagram of Advanced model of WRIC Spectral Response Meter

Training & Education Division (TED):

WRIC routinely conducts training programmes in diverse areas of instrumentation for teachers and technical staff of colleges, university departments in the country. We conduct such program in rural areas in state as well as at national level. The strategy adopted here is to identify and select a prominent college/University department / deemed University. The neighboring colleges and other educational institutes around them are requested to bring their non-working laboratory instruments which are then repaired by the participants under the guidance of WRIC technical staff. During these training all the participants are given training of basic repair and maintenance of the laboratory instruments. This builds up the confidence of the teachers and technicians and helps them in overcoming their inhibitions in handling the instruments

This has resulted into a great interaction between WRIC and various academic institutes and industries that has benefitted to all. The Centre perceives its training programme in instrumentation in the form of enabling technology with hardware being the main component. Basic underlying idea of conducting short term training programme is to increase the productivity of individuals at their workplace by giving specific & direct inputs coupled with the **focus on quality to foster a culture of continuous learning & growth.**

The programme contents are chosen and structured to meet the needs of each of the target groups of science teachers, research and post graduate students, technicians and laboratory staff in universities and colleges, technical officers of the USICs, R&D supervisors, scientists, industrial technicians, analysts / operators.

Major academic activities at Regional / all India level:

- Short-term courses for USIC staff.
- Need-based short-term training programmes for university/college teachers and laboratory staff.
- Orientation training programmes for college teachers whose institutions are implementing the UGC scheme for vocational subject of instrumentation at B.Sc. degree level.
- Refresher courses in instrumentation for USIC officers / Teachers from Science and Engineering colleges for fulfillment of UGC norms of career advancement.

Types of Training Programmes conducted:

A. Outreach Training Programmes:

C. Internship / In-plant Training for the Diploma & Engineering students

As a part of its training activity, WRIC has always encouraged students from University Departments, local science and engineering colleges to participate in their ongoing programmes.

SR. NO.	TITLE	VENUE	TARGET AUDIENCE	DURATION	NO. OF PARTICIPANTS
1	6 Months In-plant Training	WRIC	Final year Diploma students from Government Polytechnic, Mumbai	8 th January to 8 th July 2024	4

During the report period 4 Diploma students from Government Polytechnic, Mumbai completed a variety of projects and in-plant training of six months under the expert guidance of the technical staff of WRIC.

Technical Services Division (TSD)

The Technical Services Division (TSD) of WRIC has 1) Well-equipped Test, Calibration and Repair facilities, 2) Maintenance and Repair Services. The main beneficiary of these maintenance services are the U.G. and P.G. colleges in various Universities, University Departments, R&D institutions & industries in the country.

1. Test & Calibration Services

Test and Calibration Service is one of the important activities of WRIC wherein calibration of electrical, electronic, temperature and pressure related instruments used in industries are carried out. We provide Calibration Services Traceable to National Standard (NPL) through internal & external chain of calibration.

WRIC has various types of calibration standard equipment which is used for calibration of a variety of instruments from educational institutions, Government Organizations and Industries. For the report period, out of 92 instruments were calibrated.

2. Maintenance and Repair Services

First category of services is through direct in-house services and is basically restricted to colleges and various departments of University of Mumbai and SNDT University. A variety of laboratory instruments are regularly collected from these institutions and repaired in WRIC either free of cost or at nominal repair charges so as to cover the cost of the major components used. This has helped the colleges to reduce the down time of the instruments considerably which has improved the working of their laboratories. This activity has also helped the students and teachers in their laboratory courses. This type of service makes use of all available infrastructure of the Centre.

Second category of services offered by WRIC is by conducting **instrument maintenance camps** at various colleges & university departments, USICs and other institutes of higher education all over the country. The strategy adopted here is to identify and select a prominent college/University department/ USIC/deemed University. The neighboring colleges/ educational institutes around them are requested to bring their non-working laboratory instruments which are then repaired by the participants with the help of WRIC technical staff. During these camps the technical staff and teachers of the colleges/educational institutes are also given training in the basic repair and maintenance of the laboratory instruments. This builds up the confidence of the teachers and technicians and helps them in overcoming their inhibitions in handling the instruments. The idea behind conducting such camps is to institutionalize an understanding that failure to provide maintenance increases operating cost reduces competitiveness and necessitates early investment in new systems/instruments.

During the report period, out of 380 instruments received for repair, 350 instruments were repaired.

Maintenance Camps:

Maintenance Camp is an outreach and high performance activity started during 2004-05. Aim of this activity is to provide repair & maintenance services at the door steps of colleges thereby maximizing the effectiveness of the activity. These programs aimed at creating maintenance culture in colleges and awareness about the instruments and their problems. These programs offer professional services at an affordable cost to various colleges in and around Mumbai.

Impact Value of Maintenance Camps:

WRIC organises Maintenance camps at various colleges. We inspect laboratory instruments of entire college and repair non working instruments at a nominal cost. We assist the colleges to scrap-out the non-repairable instruments.

Around 500 instruments more than Rs.70.00 Lakhs were repaired. Thus a savings of Rs.8.00 – 10.00 lakhs for colleges mentioned during the report period. WRIC takes very nominal charges for these maintenance camps.

Following are the maintenance camps carried out during the report period:

SR. NO.	NAME OF THE COLLEGE	UNIVERSITY	TYPES OF INSTRUMENTS REPAIRED	DURATION	NO. OF INSTRUMENTS REPAIRED
1	Thadomal College, Bandra	University of Mumbai	Electrical, Analytical & Physics Lab. Instruments	30 th April 2024	110
2	Mithibai College, Villeparle	University of Mumbai	Electrical, Analytical & Physics Lab. Instruments	16 th Oct. 2024	350

Training program held up for Technical staff of WRIC to upgrade knowledge of new trends in technology

A lecture with demonstration conducted for staff on ‘Silicon Solar Cells and Modules’. A lecture was delivered by Prof. B.M. Arora, I.I.T., Mumbai.

Analytical Instrumentation Laboratory

WRIC has Analytical Instrumentation Laboratory which is open to research scholars and teachers for their research work either free of charge or at very nominal charges. Teachers from colleges and Universities along with research scholars pursuing their Ph.D., M.Phil and M.Sc. Degrees, avail of these facilities.

Analytical lab at WRIC is well equipped with latest Analytical Instruments includes,

GC and HPLC: Chromatographic section

FTIR, UV-Visible, AAS: Spectroscopy section.

Services offered:

- One week hands-on training program to develop the skills required to handle and operate sophisticated analytical instruments.
- WRIC offers a comprehensive sample testing facility with smart report.
- Short term specialized programs on analytical laboratory techniques - spectroscopy and chromatography.
- Provides a platform for research scholars OR any individual for analysis and method development.

Optical & Glass Blowing Shop

Many of the science colleges and University Departments have a large number of laboratory microscopes used in their Physics, Chemistry, Biology, Life Science, Microbiology, Biotechnology laboratories. WRIC offers its expertise in repairing and servicing of microscopes and other optical instruments, to science, engineering, agriculture colleges and Universities in the country.

Mechanical Workshop

The mechanical workshop has conventional mechanical as well as two CNC Machines which are used in fabricating the various mechanical components required for the R&D projects undertaken by the Centre. In addition, a number of specialized mechanical components required for the repair & maintenance, calibration, training programme activities of the Centre were designed and fabricated in-house.

Ongoing Projects:

- Working on designing new training setup for Raspberry Pi Model – B, RP2040 Pico, RP2040 Pico with WIFI, IoT etc. for enhancing to latest technology skill in field of embedded.
- Industry sponsored Spectrophotometer development,

Vibration testing machine:

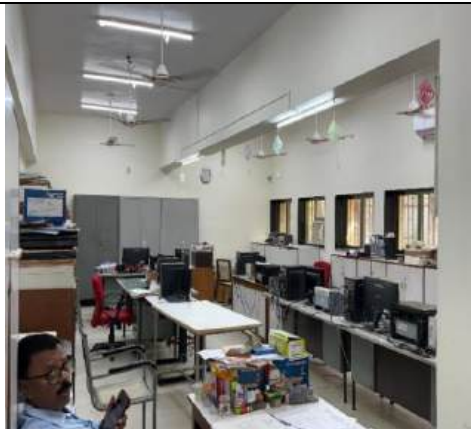

Vibration testing will be useful to demonstrate a product's ability to resist dynamic loads without losing critical functional or structural integrity under specified loads. It can be used to identify accumulated stress effects, and the resulting mechanical weaknesses and performance flaws.

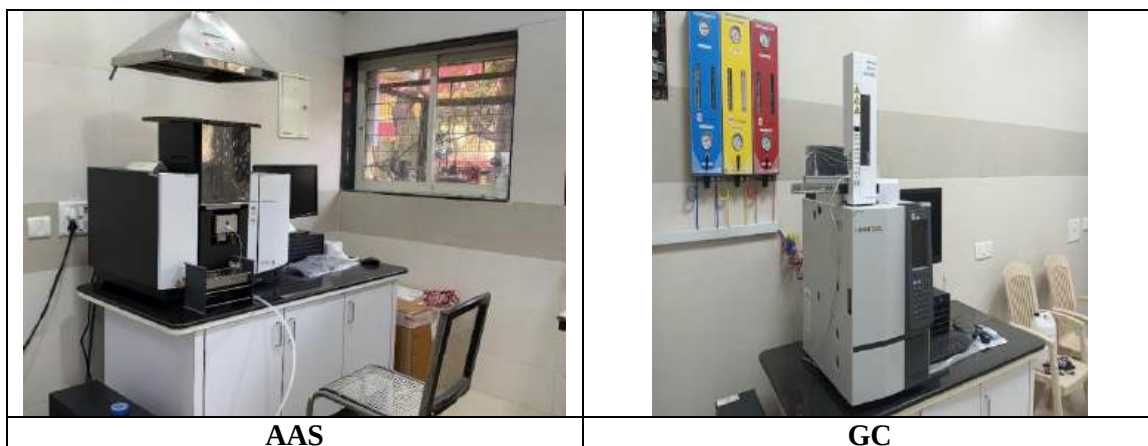

Renovation WRIC main building & Guest House:

WRIC received Grants from UGC during F.Y 2023-24 for renovation of WRIC main building & Guest House. After getting structural audit report, Work being carried through E-Tender process under supervision of University Engineering Department.

Following Major repairing work carried out

- Structural damage repair of Main building
- Terrace waterproofing of WRIC main building and Guest house
- RCC flooring at WRIC admin and Library rooms
- New Analytical lab setup
- Renovation of All guest rooms at Guest house
- Renovation of ground floor wash rooms
- Plinth protection of WRIC main building
- Laying of tiles at ground floor
- New director's office
- Creation new computer lab, Lecture hall and seminar hall, new Admin office.

TRAINING INCLUDES

- Basic electronics components
- Soldering techniques
- pH meter, Colorimeter, Potentiometer, Conductivity meter
- Flame photometer, spectrophotometer
- Laboratory electrical instruments
- Microscope

Through experimental methods learn in-depth practical knowledge about analytical laboratory instruments.

- Systematic operation
- Working principle & instrumentation
- Essential calibration
- Preventive maintenance
- Trouble shooting and maintenance of analytical laboratory instruments

Working principle, essential calibration, preventive maintenance and trouble shooting of electrical appliances.

- Magnetic stirrer
- Oven incubator
- Water bath
- Hot plate
- Heating mantle etc.

All about microscopes

- Types of microscopes
- Assemble and dis-assemble of microscope
- Proper handling and caring
- Preventive maintenance
- Maintaining log-book

INDIAN COUNCIL OF SOCIAL SCIENCE RESEARCH

DIRECTOR :- PROF. KAVITA LAGHATE

- **Summary of Research Activities of Western Regional Centre, ICSSR, Mumbai in the Financial Year (2024-25)**

The Western Regional Centre was established with the approval of the Government of Maharashtra in January 1973 in collaboration with the University of Mumbai on the new campus of the University at Vidyanagari. It consists of three buildings – a wing of the Jawaharlal Nehru Library (1976), the ICSSR Hostel building (1976) and the J P Naik Bhavan (1983). The ICSSR Conference Hall is located on the ground floor of the J P Naik Bhavan. The major objectives of the Centre are the promotion of research in social sciences, the imparting of training in research methodology to those aspiring to undertake research and the exposure of young social scientists and researchers to the benefit of the expert knowledge of specialists not only from the western region but also from the rest of India and abroad.

During the year 2024-25, the Centre sanctioned 15 research projects across various Central and State Universities are currently ongoing. The Centre also sanctioned 17 conferences, 15 seminars and 04 workshops, along with 8 research methodology courses, 2 training and capacity-building programs. Under the Azadi Ka Amrit Mahotsav (AKAM) initiative, 06 conferences, 04 seminars were sanctioned by the Centre.

Furthermore, WRC provided 4 book grants, 1 study grant, and 2 journal grant to support research efforts. Through these initiatives, WRC continues to play a crucial role in fostering social science research and academic collaboration in the western region.

- **Research Activities organised by the Western Regional Centre, Mumbai**

1. One day Seminar on *Criminal Law and Constitutional Perspective: A Historical Overview with Special Reference to New Criminal Law*, Organised by Western Regional Centre, ICSSR, Mumbai on 29th August 2024 in Collaboration with University of Mumbai Law Academy (₹ 1,91,344)
2. Outreach Program on *Hindi Bhasha Pratiyogita*, organised by Western Regional Centre, ICSSR, Mumbai on 20th September 2024. (₹ 4,984)

3. One Day national Conference on *Investigating the Impact of Socioeconomic Environment on Academic Research and Outcome: A Policy Oriented Approach* organized by Western Regional Centre, ICSSR, Mumbai on 24th January 2025 in Collaboration with University of Mumbai, Mumbai. (₹ 3,63,476)
4. Lecture on *Bhartiya Knowledge System in National Education Policy, 2020 and Vision for Writing History*, organised by Western Regional Centre, ICSSR, Mumbai on 6th March 2025 in Collaboration with Department of Archaeology, University of Mumbai, Mumbai. (₹ 2,075)
5. One day national seminar on *Breaking the Glass Ceiling: Women Who Made It*, organised by University of Mumbai, Mumbai on 15th March 2025 in Collaboration with Western Regional Centre, ICSSR, Mumbai.

PM- USHA

CO-ORDINATOR:- PROF. VARSHA KELKAR-MANE

The University of Mumbai received a grant of Rs 20Cr under GSU of PM USHA. Two major green initiatives undertaken were completed this year. These included rainwater harvesting (amt utilized @ 7 lakhs) and solar panel installation at Thane and Kalyan campuses (Focus districts) (amount utilized @59Lakhs) component 2 sanctioned for its campuses in focus districts.

Significance of:

1. **Rainwater harvesting:** It is observed that though the rain count in Thane is satisfactory, rapid concretization has led to massive draining of rain water leaving no scope for percolation. In a view to counteract the same the university proposes a rain harvesting unit that would facilitate alleviating the water shortage on campus and also enable rise in the water table benefiting the locals as well.

2. **Solar Photovoltaic Power Generation System** - @ 60 lakhs (Thane and Kalyan sub campus) have made the campuses Self Sufficient in terms of Power Generation. It has also enabled reduce C foot print and make the campus E-Friendly **Renovations** (Allocation of @ RS 5Cr) are proposed for strengthening of the existing incubation centre on Vidyanagari campus with an intention to boost internship opportunities, research and provide entrepreneurial experience to

learners. Allocation for improving the infrastructure including construction of internal roads, drainage systems to avoid water logging and compound walls at thane subcampus are also in completion.

Infrastructure construction: Allocations proposed Rs 12.16 crores

1. Girls Hostel at Mumbai Sub Urban: Vidyanagari campus. University of Mumbai has an high enrolment ratio of female students across India. The three dedicated hostels in the Vidyanagari campus have been running to its full capacity. In a view to boost the PG+ accommodation the said facility is proposed that will provide the researchers more than stay facilities.

2. Sports facilities: tennis and Volley ball courts at Thane subcampus. The University aims to emphasize role of health and sports in holistic development in youth. With the proposed constructions it is aimed to train more than 10 teams /year that will include physically challenged, women as well as transgenders that can represent not only the state but at National levels. The said complex is proposed to be operational in the year.

C. Equipments: Fund allocations 41lakhs

High end equipment have been procured for developing a AI in healthcare facility on the Vidyanagri campus. The Proposal covers early disease detection, efficient healthcare resource management, and wellness through yoga, offering a holistic impact on healthcare. It Develops and enhances the **skills of the research staff** in the area of AI in healthcare – industry ready to work on AI in Healthcare. It will also provide AI based solutions to the healthcare sector. Equipments including software and hardware amounting to Rs 38 lakhs have been purchased under PM USHA.

In a view to boost Pali language and culture the department was able to procure meditation seats, computers and bookshelves under the grants. The allocations as briefed herein have been crafted meticulously by the University to satisfy the requirements of component 2 Grants to strengthen Universities of PM USHA. So far and expenditure of @ Rs 1.6 Cr has been made from the Grants sanctioned.

HEALTH CENTRE

MEDICAL EXPERT:- DR. DILIP VASWANI, DR. YASHWANT PAREKH, DR.

NITIN KOCHAR, DR. SMT. PRADNYA SAMANT

NURSE AND SECRETARY:- SMT. MANSI PRAKASH BHOSALE

The University of Mumbai Health Centre has been operational in the Vidyanagari campus since January 1991. Students, teachers, non-teaching staff, and their families from the university, as well as residents of the Vidyanagari area, hostel students, and guests staying at the guest house, all avail themselves of the services provided by this health centre. This service is provided free of charge to everyone.

The following activities are carried out at this health center:-

1. General Outpatient Department: This service is provided daily on all working days of the university. It includes general examination and treatment of patients. With the help of medical

experts, patients' health-related complaints are addressed, and they are provided with health advice and guidance.

2. Ayurvedic Outpatient Department: On four days of the week – Monday, Tuesday, Thursday, and Saturday – general examinations and treatment are provided to patients by Ayurvedic specialists. Additionally, patients' health-related complaints are addressed, and they are given health advice and guidance.

Health Check-up:

A. Pre-employment health check-ups are conducted free of charge for the teaching and non-teaching staff of the university, and they are issued medical certificates. Similarly, health check-ups are conducted for students admitted to the university hostels, and they are also issued medical certificates.

B. Students participating in various university activities undergo health check-ups. During the reporting period, a total of 4587 patients availed of general healthcare services, 1163 patients benefited from the Ayurvedic outpatient department, and 133 patients underwent medical examinations.

C. Activity:

1. During the anniversary period, a blood donation camp was organized on 07/12/2024 in coordination with the health center and HDFC Bank & others.

2. During the anniversary period, an awareness lecture by Dr. Anuja Pethe on the topic of "Diabetes plan for reversal of Diabetes and obesity" was organized on February 13, 2025.

RATNAGIRI SUBCAMPUS

I/C DIRECTOR:- DR. KISHOR SUKHATNAKAR

The teaching, the on job training, the research project, etc. as per the New Education Polity, of all the regularly conducted M.Sc. programmes were completed.

The workshop giving guidance on the issues related with enrollment, eligibility, affiliation, examination, Samarth system, etc, were organised, for which were invited the staff the affiliated colleges, helping them handle these issues at Ratnagiri itself instead of going to Mumbai.

This office participated in the enterprise of the University Department Ranking Framework and accordingly submitted the proposal. This office also made efforts to improve the ranking.

This office actively participated in the voter awareness campaign for the Maharashtra Legislative Assembly Election 2024. In this, the banners showing slogans creating awareness of voting, were prepared and placed at various locations in the city of Ratnagiri.

The days, anniversaries were celebrated. The seminars were organised on the occasion of National Science Day, Lokmanya Tilak Anniversary etc.

The successful candidates in various competitive examinations and who are registered in the Competitive Examination Guidance Centre in this office, were honoured. Shrimati Smita Sutar, Police Inspector, Cyber Cell, Ratnagiri was invited as Chief Guest for this programme.

This office requested the Hon. Collector, Ratnagiri to organise the Aadhar Updation Camps so that the needy students can get their Aadhar updated which is an essential pre-requisite for generation of ABC id, important constituent of New Education Policy.

The coordinations and conduct of examination of Maharashtra State Eligibility Test (MH-SET) for Assistant Professor 2025, in Ratnagiri was done by this office.

THANE SUBCAMPUS

I/C DIRECTOR:- DR. SUCHITRA NAIK

The University of Mumbai's Thane Sub-Campus, established in 2014–15, was envisioned as a modern academic extension of the parent university to cater to the growing educational needs of the Mumbai Metropolitan Region, particularly the Thane district. It currently houses two major schools: the School of Management Studies and the School of Law.

- **School of Management Studies (SMS), University of Mumbai – Thane Sub-Campus**

The School of Management Studies offers the BMS–MMS (Five-Year Integrated Programme in Management), a professional program designed to provide foundational to advanced managerial education within a continuous academic structure.

- Intake Capacity: 60 seats
- Current Student Strength: 70 students across various semesters
- Implementation of NEP 2020 Framework: Introduced from 2023–24
- MH-CET Integration: Admissions brought under MH-CET from 2024–25
- Current (2025–26) Admissions: 11 students enrolled

- **School of Law, University of Mumbai – Thane Sub-Campus**

The School of Law offers the BBA–LL.B.(Hons.) (Five-Year Integrated Programme), aimed at developing competent legal professionals with strong managerial insights.

- Year of Commencement: 2014–15
- Intake Capacity: 120 seats
- Current Student Strength: 350 students
- MH-CET Integration: Admissions brought under MH-CET from 2022–23
- Current (2025–26) Admissions: 90 students enrolled

- **Campus Environment and Co-Curricular Development**

In addition to academic rigor, the Thane Sub-Campus places strong emphasis on holistic development. Students regularly participate in:

- Co-curricular activities such as debates, seminars, expert lectures, and industry interaction sessions
- Cultural programs that encourage creativity, teamwork, and leadership
- Sports competitions and fitness-oriented activities
- Community engagement initiatives and outreach programs
- The campus also supports students through internship facilitation and final placement assistance, helping them transition smoothly into corporate roles, legal practice, or higher studies.

SCHOOL OF ENGINEERING AND APLIED SCIENCES- KALYAN

I/C DIRECTOR:- DR. SUCHITRA NAIK

The admission process for the academic year 2024-25 has begun at the School of Engineering and Applied Sciences in Kalyan, established by Mumbai University to create skilled manpower in line with industrial needs, alongside its innovative courses. From this academic year, the following postgraduate programs will be offered: 1. M.Tech Computer Engineering, 2. M.Tech Chemical Engineering, 3. M.Tech Artificial Intelligence and Machine Learning, 4. M.Sc. in Zoology (Oceanography), and 5. M.Sc. in Material Science. Plans are also underway to establish Ph.D research centers in Computer Engineering and Chemical Engineering.

Considering the growing needs of the industrial sector in line with changing times, the university has started these courses here to provide students with more employable academic programs.

Previously, apart from the affiliated engineering colleges, there was no institution providing engineering education within the university. Therefore, the university has taken this important step to establish a robust future system for providing engineering education and research at the University's School of Engineering and Applied Sciences in Kalyan.

The courses offered through this program are designed with the objective of training students with advanced computer knowledge, along with advanced knowledge in the fields of computer engineering and chemical engineering. The university has selected these courses to provide students with knowledge in various specialized and cutting-edge fields such as rapidly evolving artificial intelligence, cloud computing, machine learning, big data, image processing, advanced operating systems, and embedded system design, in response to the growing need for improvements in computer architecture, integration of computer hardware, software, algorithms, and data management techniques, and advancements in chemical processes and software tools required for chemical process simulation, in line with changing needs.

Furthermore, considering the vast 720 km coastline, the growing employment opportunities in this sector, and the need for new marine research, the university has started the M.Sc. Zoology (Oceanography) course here.

The importance of materials science, architecture, novels, and advanced literature has been a source of inspiration since ancient times. Nowadays, humans cannot survive without things like food, air, water, and shelter, and therefore, it is always a topic of discussion. Materials science is multidisciplinary and encompasses everything from the production of aluminum, steel, and silicon to the development of new materials.

Therefore, materials technology is a crucial field for Indian industry. The right choice of materials can save companies a lot of money and effort. Today, materials technologists face exciting challenges in environmentally friendly metal production and recycling, the use of advanced materials in oil and gas operations, and sustainable national energy resources. Recognizing the need for this research, the university has started an M.Sc. in Materials Science program. The university has issued a circular regarding the admission process for this program.

INNOVATION, INCUBATION AND LINKAGES

DIRECTOR:- DR. SACHIN LADDHA

To promote innovative ideas, the **University of Mumbai** has established the **MU-IDEAS Foundation, an Incubation Center**. The aim of this Incubation Center is to contribute to the Government of India's policy objective of enabling the creation of successful enterprises and generating large-scale employment opportunities to strengthen the overall economic health of the nation and the state.

Annual Report for the Year 2024-25:-

1. IDEATHON 2.0 Competition:

MU-IDEAS Foundation organized **IDEATHON 2.0** through the Incubation Center to provide a platform for students' new and innovative ideas. A total of **146 participants** from various affiliated colleges of the University of Mumbai registered for the competition.

2. Start-Up Manthan Workshop (Palghar):

MU-IDEAS Foundation conducted a **Start-Up Manthan** workshop at **Sonopant Dandekar College, Palghar (West)** to promote entrepreneurship among students.

3. Start-Up Manthan 1.0 (Jointly Organized):

MU-IDEAS Foundation, in collaboration with the **Department of Communication and Journalism**, University of Mumbai, jointly organized the **Start-Up Manthan 1.0** program. Around **110 students** participated in the event.

4. Proposal under MEITY's IT for Masses Scheme:

Under the **Board of Innovation, Research and Collaboration** of the University of Mumbai, MU-IDEAS Foundation and the **Institute for Design of Electrical Measuring Instruments (IDEMI)** jointly submitted a proposal to organize **entrepreneurship-supportive courses** sponsored by the **Ministry of Electronics & Information Technology (MEITY), Government of India**. These courses are proposed for students belonging to **Scheduled Castes (SC), Scheduled Tribes (ST), Other Backward Classes (OBC), Economically Weaker Sections (EWS), and Women** from all departments and affiliated colleges of the University of Mumbai.

5. Under the Board of Innovation, Research and Collaboration, several Memorandums of Understanding (MoUs) have been signed with various national and international universities and institutions, as listed below:

A teachers' meeting was held at the Department of Pali, for the preparation of the TYBA syllabus, 8. A teachers' meeting was held where discussions

regarding the syllabus and various academic topics were conducted under the guidance of Dr. Yojana Bhagat Madam. The meeting provided a platform for collaborative planning and ensured that all academic matters were reviewed and addressed effectively, Total Participated Ptofesser- 20.

- ❖ **Physical facilities of the Department:-** PC:- 06 (4 Department Budget+ 2 PM USHA Scheme), Laptop:- 5, Conference Room :- 1, Multi Purpose Hall :- 01 Meditation Hall.
- ❖ **Efforts made to increase Educational Quality:-** 1) On 21st 22nd December 2024 The Department of Pali, University of Mumbai organized a two-day workshop on Brahmi Script and Pali Language, along with a photo exhibition and an exhibition of Ashokan landmarks, including pillars. The workshop aimed to provide students with hands-on learning of ancient scripts, Pali language skills, and historical insights into Ashokan heritage. The program commenced with an introductory lecture by Dr. Yojana Bhagat, who provided an overview of the significance of Brahmi script in Buddhist and Indian history and its connection to Pali literature. Following this, teachers conducted practical sessions, teaching students the Brahmi script alphabets to enhance their reading and writing skills. A special guest from Somaiya College, Dr. Pallavi, conducted sessions on Brahmi script numbers, enriching the workshop with additional historical and linguistic knowledge. The sessions were interactive and hands-on, allowing students to practice writing and understanding the ancient script. The workshop was attended by around 87 registered students, who actively participated in the lectures, script exercises, and exhibition activities. The photo exhibition and Ashokan landmarks display further provided students with visual and contextual understanding of the historical and cultural significance of the scripts and Buddhist heritage. In conclusion, the two-day Brahmi Script and Pali Language Workshop was highly successful, combining practical learning, historical education, and interactive engagement, thereby significantly enhancing students' knowledge of ancient Indian scripts, Pali language, and Buddhist history. 2) The Department of Pali, University of Mumbai organized a study tour to Odisha from 5th February to 14th February 2025 for students of the department. The tour was conducted under the expert guidance of Dr. Yojana Bhagat, providing students with a hands-on learning experience in Buddhist heritage, archaeology, and Pali studies. During the tour, students visited important historical and Buddhist sites, including:
 - Ratnagiri, Lalitgiri, and Udayagiri– renowned Buddhist monastic complexes, rich in stupas, monasteries, sculptures, and inscriptions.
 - Dhauli – site of the famous Kalinga War and Ashokan edicts, providing insight into the historical spread of Buddhism.
 - Jagannath Puri– a significant pilgrimage site where students observed the syncretism of Buddhist and Hindu traditions, studied local temple architecture, and learned about cultural and religious interactions in Odisha.
 - Odisha State Museum, Bhubaneswar– for examining Buddhist relics, inscriptions, and ancient manuscripts.
 - Chausath Yogini Temple – for understanding medieval tantric traditions and local religious practices.
 - Sarala Sahitya Sansad, Cuttack – to study literary contributions and highlighting Odisha's rich literary and cultural heritage program was going on and Dr. Yojana Bhagat Madam was felicitated during the program in recognition of her valuable contributions and guidance.
 - Utkal University, Bhubaneswar – for academic interactions, understanding research practices, and exploring resources related to Buddhist studies and Pali literature.
 - Khandagiri and Udayagiri Caves – ancient Jain and Buddhist rock-cut caves showcasing inscriptions, art, and monastic dwellings.
 - Kharavela Inscription – to study the edicts of King Kharavela, providing insights into religious and political history.
 - Langudi Hill – a significant site with Buddhist stupas and ancient remains, representing early Buddhist settlements.
 - Tarapur Stupa – an important archaeological site reflecting the spread of Buddhism in Odisha.
 - Konark Sun Temple – to observe architectural grandeur and the syncretism of religion and art, highlighting cultural interactions during the medieval period.

Students were fortunate to receive continuous guidance from Dr. Yojana Bhagat, who explained the historical, cultural, and religious significance of each site. Her mentorship helped students understand research methodologies, proper documentation techniques, and analytical approaches while conducting field studies. The study tour provided a unique opportunity for experiential learning, combining academic knowledge with practical observation, and fostering critical thinking, research skills, and cultural awareness among the students.3) On 8th March 2025, the Department of Pali, University of Mumbai organized a workshop and exhibition on flower arrangement themed “Teachings of Buddha” at Language Bhavan, Kalina Campus, University of Mumbai. Around 40 students participated in this event, gaining both practical skills and insights into Buddhist philosophy.

The workshop was conducted using the Iqban Japanese technique (Ikebana), which emphasizes mindfulness, balance, harmony, and simplicity. The instructor explained how Japanese flower arrangement techniques align with Buddhist meditation practices, encouraging students to:

- Focus their attention and cultivate patience while arranging flowers.
- Engage in mindful observation, reflecting on impermanence, beauty, and the interconnectedness of all beings.
- Experience a meditative state through the creative process, fostering inner calm and spiritual reflection.

During the exhibition, students displayed their flower arrangements inspired by Buddhist teachings, demonstrating aesthetic creativity, cultural understanding, and meditative awareness. The activity helped students integrate artistic expression with spiritual practice, highlighting how everyday tasks can serve as a means for mindfulness and contemplation in line with the Buddha’s teachings.

4) The Department of Pali, University of Mumbai, organized the Antevasikanam Pali Parisa 2024 on 7th April 2024. This one-day conference was conducted in three sub-sessions, conference provided a platform for students to present their research papers and actively engage in academic discussions. A total of 68 papers were presented, and around 126 students present in the event. 5) The Department of Pali, University of Mumbai organized a three-day and three-night study tour to the prominent Buddhist archaeological sites of Maharashtra from 15th to 18th August 2024. The tour covered important sites such as Dharashiv Leni (Osmanabad), known for its rock-cut caves dating back to the 6th–7th century CE with Buddhist, Hindu, and Jain associations; Kharosa Leni (Latur), famous for its chaitya halls and vihāras adorned with sculptures of Buddha and Bodhisattvas; and the Trivikram Temple (Ter/Naldurg region), reflecting the transition of Buddhist influence into later Hindu architectural traditions. Along with these, students also visited other nearby archaeological remains that highlight the cultural and religious exchanges in the Deccan region.

The tour was conducted under the expert guidance of Dr. Yojana Bhagat, whose explanations enriched the students’ understanding of the historical, cultural, and artistic significance of these sites. A total of 108 students enthusiastically participated in the study tour, engaging in discussions, observations, and documentation at each location. This experience not only provided them with academic insights but also deepened their appreciation for the heritage of Buddhism in Maharashtra.

6) The Department of Pali, University of Mumbai, commemorated Dr. Babasaheb Ambedkar on the occasion of DHAMMADĪKṢĀ: THE REVIVAL OF BUDDHISM by organizing a poster presentation and flower arrangement exhibition on Dr. Babasaheb Ambedkar’s Writings and Speeches (Selected Volumes) on 13th–14th October 2024.

7) On Saturday, 4th January 2025, the Department of Pali, University of Mumbai organized the Pāli Upaparikkhā Conference at the Kalyan Sub-Center. This conference was designed as an engaging and educational platform for students enrolled in certificate, diploma, and integrated Pali courses.

8)OJT – The Department of Pali, University of Mumbai, under the guidance of Dr. Yojana Bhagat, Head of the Department, successfully organized the On Job Training (OJT) Program from 15th March to 31st April 2025. This program was specially arranged for the students of M.A. in Pali and M.A. in Pali & Buddhist Studies in accordance with the framework of the National Education Policy (NEP-2020).

A total of around 36 students actively participated in this activity, making the program a truly collaborative and enriching academic exercise.

The training included practical applications of Pali language, translation and interpretation exercises, research methodology, epigraphy, and manuscript preservation. Students also participated in field visits to Buddhist caves, inscriptions, museums, and archives, where they were involved in documentation and observation. In addition, workshops on manuscript handling, digital documentation, and heritage awareness provided students with valuable hands-on experience.
