PART I : ANALYTICAL INFORMATION

Annual Report 2024-25

(1st July, 2024 to 30th June, 2025)

Professor (Dr.) Suresh Gosavi

Message From Hon'ble Vice Chancellor's Desk

Savitribai Phule Pune University (formerly the University of Pune) has always stood as a beacon in the field of higher education, making significant contributions in academics, research, industry, sports, social outreach, and innovation. Since its establishment, the University has been nurtured by visionary and erudite Vice Chancellors, whose guidance has been instrumental in shaping its legacy.

The University's mission has always been to nurture cultured, committed, and socially responsible citizens. Along with academic and personality development of students, the University has contributed immensely to nation-building. By aligning with the National Education Policy 2020, we continue to strengthen our resolve to pursue excellence in education, innovative research, industry collaboration, and social responsibility, thus preparing for a brighter future.

The academic year 2024–25 has been a landmark year. In the QS World Rankings 2025, the University secured the 566th position globally, 2nd among public universities in India, and 1st in Maharashtra. In the Outlook-ICARE Rankings, we were ranked 3rd nationally, while in NIRF 2025, we attained the 11th position among public state universities and 56th in the overall university category. These achievements highlight the University's consistent quality, research output, and societal engagement.

The year was also marked by several noteworthy initiatives and achievements: a national award for our educational documentary, students' medals at the International Earth Science Olympiad, the National Award for the Geography Department, international collaborations with leading universities, research patents and projects, and historic performances of our students at the World University Games.

All these milestones have been possible due to the relentless efforts of our statutory bodies, faculty, researchers, students, alumni, and staff. I am confident that in the future, the University will continue to embrace emerging technologies, provide quality education, and make significant contributions to the nation's development through research and innovation.

I warmly congratulate everyone associated with the University for these accomplishments and extend my best wishes for greater success in the years to come.

Prof. Suresh Gosavi
Hon'ble Vice-Chancellor

Message From Hon'ble Pro-Vice Chancellor's Desk

As we celebrate 75 years of academic excellence, we stand not just to look back at our rich heritage, but to look forward to the future we must build together. This landmark anniversary belongs to every member of our community—our students, faculty, alumni, industry partners, and policy makers. I am particularly delighted to communicate with all of you on the occasion of Savitribai Phule Pune University's 75th Annual Report. As our university completes its diamond jubilee year and steps into the 76th year, significant changes are occurring in the country's education sector. In particular, the implementation of the National Education Policy 2020 has begun in universities and higher education institutions. During this transitional period, we have the opportunity to lay the foundation for forward-looking education essential for a new knowledge-based society while preserving the legacy of our glorious traditions. This report provides a glimpse into the university's multifaceted journey throughout the year from that perspective.

Our university is renowned not only in the country but also at the international level. Since 2017, it has held an 'A Plus' grade in NAAC rankings with a CGPA of 3.60—the highest in the state—and has continued to elevate its performance in various academic assessments. In 2024-25, based on excellence in teaching and research, we secured a position in the 631-640 band in the QS World University Rankings and 451-500 in Natural Sciences in the QS subject rankings. In the Times Higher Education Asia Ranking, the university is in the 301-350 band, while in The Higher Education World Ranking, it is included in the 801-1000 band. The Ministry of Education annually releases the National Institutional Ranking Framework. Last year, Savitribai Phule Pune University ranked 3rd among state universities in the country. In the past year, it ranked 23rd among universities across India and 37th among all educational institutions. Maintaining and elevating quality in higher education requires continuous efforts, which are made possible through the active participation of all university stakeholders.

The university, bearing the name of Knowledge Beacon Savitribai, has the responsibility to deliver skills and knowledge aligned with the modern world to talented students from all sections of society. Our effort is to empower everyone—from those breaking the chains of ignorance and poverty to those seeking education in the court of Saraswati—to gain the strength to face the challenges of the new world. The implementation of the National Education Policy in various academic departments of the university and the design of new contemporary curricula represent a significant step in that direction.

The new National Education Policy emphasizes flexibility for students to enhance their diverse abilities and pursue subjects of interest. It aims to strengthen interdisciplinary teaching-learning while providing skill training essential for employment. In line with guidelines from the University Grants Commission and the state government, the university is steadily developing four-year undergraduate programs, one- and two-year postgraduate programs, and short-term credit-based courses.
Along with new technology-related programs such as Artificial Intelligence, Data Science, Internet of Things, Cloud Computing, Digital Ethical Hacking, B.Sc. (Cyber Security and Digital Forensic), B.Voc (Supply Chain and Logistics), B.Voc (Automatic Mechatronics), M.Tech (Electrical Vehicle Technology), B.Voc (Rubber Technology), B.Voc (Foundry Technology), B.E. (Robotics and Artificial Intelligence), 'hot' subjects like M.Sc. (Molecular Medicine), M.Sc. (Environmental Science) useful for forest rangers, and M.A. (Digital Humanities) have also been launched at the university.

The National Education Policy expects collaboration with various educational institutions, as well as government and industry organizations. In that direction, the university has entered into various agreements with entities such as the Maharashtra Forest Department, India Meteorological Department, SARTHI, Agharkar Research Institute, Goethe-Institute/Max Mueller Bhavan Pune, ETH Ltd. Pune, District Women's Hospital Beed, Divinity Worldwide Pvt. Ltd. Pune, Maharashtra State Skill Development Society Mumbai, Central Council for Research in Ayurvedic Sciences Kolkata, Khwaja Foundation India, Institute Français de Inde New Delhi, and SEARCH by Dr. Abhay Bang in Gadchiroli. Additionally, educational collaboration agreements have been signed this year with one university in Russia and two in Japan. The Nitori International Scholarship Foundation, Tokyo, Japan, provides an annual scholarship of Rs 12 lakh. This will expand partnerships between university higher education and industries.

Keeping in sync with our state's initiative on building Startup ecosystem, SPPUs Centre for Innovation, Incubation and Entrepreneurship at Savitribai Phule Pune University strengthened the university's innovation ecosystem by establishing 520 Startup & Innovation Cells in affiliated colleges, conducting FDPs for faculty coordinators, receiving 388 student idea pitches, and organizing the SPPU Startup Olympiad 2025, where 42 teams were rewarded and mentored.

Work experience and internships (on-the-job training and internship) are an important part of student skill development in the National Education Policy. In that regard, agreements are being made with small and large industries, businesses, and institutions related to various academic departments. This is expected to significantly increase employment opportunities for students.

... No student's education should be halted due to financial difficulties—this is the university's constant endeavor. From this stance, the university takes the initiative to ensure that meritorious and needy students benefit from various scholarship/financial aid schemes. Amounts under schemes like Krantijyoti Savitribai Phule Financial Aid Scheme, Lokshahir Annabhau Sathe Financial Aid Scheme, Financially Weaker Section Student Financial Aid Scheme, Rajarshi Chhatrapati Shahu Maharaj Financial Aid Scheme, Mahatma

Jyotirao Phule Financial Aid Scheme, Swami Vivekananda Student Financial Aid Scheme for flood-affected and disaster-affected areas students, Chhatrapati Shivaji Maharaj Financial Aid Scheme, etc., are directly deposited into students' bank accounts. PhD students receive the Bharatratna J.R.D. Tata Financial Aid Scheme, and meritorious students for postdoctoral research receive the Savitribai Phule Pune University Postdoctoral Fellowship. Additionally, two engineering students receive the D.K. Bhave Scholarship for postgraduate studies abroad. While the total financial value of all this aid is around Rs 13.65 crore, its contribution to shaping talented students in the country is invaluable. Approximately 1400 students were selected in the first round of PhD admissions, with further processes underway. PhD admission process, selection process, subject approval proposals, etc., have been fully developed online via the PhD Tracking System.

Along with academic excellence, the university leads in encouraging arts and sports talents among students. In the All India Inter-University Championships, athletes won 05 gold, 14 silver, and 14 bronze medals in individual sports, totaling 33 medals. At the 26th Maharashtra State Sports Festival in Gadchiroli, the university secured the overall runner-up position. For the World University Sports Championship in Germany, six athletes from the university represented India: three in rowing, two in badminton, and one in lawn tennis. Notably, Vaishnavi Adkar became India's first female tennis player to win a bronze medal at the World University Sports Championship with a stellar performance. This achievement elevates the university's prestige. As per the University Authorities' decision, 188 boys and girls athletes are eligible for sports scholarships for the 2024-25 academic year, and Rs 13,51,000 will soon be disbursed to them.

The various initiatives of the Student Development Board and National Service Scheme further enhance Savitribai Phule Pune University's socially oriented image. Through the Student Development Board, on the occasion of World Yoga Day on June 21, under the concept of Hon. Minister for Higher and Technical Education Chandrakantdada Patil, a novel cultural program called Bhaktiyog was organized last year with pilgrims during the Wari on June 21. Considering the importance of organ donation, National Service Scheme and the Regional Transplant Coordination Center Pune jointly celebrated Organ Donation Day in colleges in Pune, Ahmednagar, and Nashik districts under the university.

Countless initiatives in teaching, research, extension education, and promoting arts and sports are hallmarks of our university. They propagate the message: "Let knowledge be action-oriented, and action knowledgeable." The innovative spirit to overcome challenges without fear and forge new paths is present among all teachers, non-teaching staff, administrative officers, and Management Council members of Savitribai Phule Pune University. A glimpse of this is reflected in this annual report.

Let this moment mark a transition from fragmented efforts to a unified, ecosystem-driven approach. By breaking down silos and aligning our diverse expertise—from academic innovation to industry demand—we can transform challenges into opportunities for growth. Only through this concerted, shared commitment can we build a sustainable, future-ready higher education system that empowers students and serves society.

Prof. Parag Kalkar
Hon'ble Pro-Vice Chancellor

2.1 Centre for Innovation, Incubation & Enterprise (CIIE):

The Centre for Innovation, Incubation & Enterprise (CIIE) was established in accordance with the Maharashtra Public Universities Act, 2016. The Centre is actively engaged in promoting innovation and entrepreneurship and in supporting startups through mentorship, investor connect initiatives and capacity-building workshops.

Savitribai Phule Pune University consistently supports its departments, affiliated colleges and institutions in creating awareness among students about entrepreneurship and innovation. CIIE regularly organizes ideation competitions to encourage students to express and develop innovative ideas. The University also motivates faculty members and students to apply for patents and copyrights. CIIE has established Startup and Innovation Cells (Pre-incubation) on the University campus as well as across its 510 affiliated colleges.

Outreach and Capacity-Building Activities at CIIE:

CIIE organized meetings of principals from affiliated colleges in Ahilyanagar, Nashik, and Pune districts. In addition, workshops for coordinators of Startup Cells were conducted during January and February 2025, with participation from over 600 faculty members.

SPPU Startup Olympiad 2025:

The SPPU Startup Olympiad 2025 witnessed participation from 9,032 students from affiliated colleges and 50 students from University departments. A total of 633 student teams from colleges in Ahilyanagar, Nashik and Pune districts registered for the event. Online training sessions on "Innovation Presentations" were organized, with more than 1,500 students participating. For the Startup Olympiad 2025, 396 student teams submitted pitch presentation videos.

Faculty Development Programme on Industry 4.0:

The Centre for Innovation, Incubation & Enterprise of the University, in collaboration with the UGC–Malaviya Mission Teacher Training Centre, successfully organized a six-day online Faculty Development Programme (FDP) on *Industry 4.0* from 3 to 8 February 2025. The programme aimed to enhance faculty competencies in emerging technologies, innovation-driven teaching practices, industry–academia collaboration and future-ready education frameworks.

The FDP commenced with an inaugural session that included a comprehensive overview of the programme by Dr. Devidas Golhar, Director, IIL, SPPU. The keynote address was delivered by Prof. Dr. Parag Kalkar, Pro Vice-Chancellor, SPPU, who emphasized the transformative role of Industry 4.0 in higher education and research. The session was further enriched by insights from Dr. Shubhangee Ramaswamy, In-charge Director, MM's IMERT, Pune. Throughout the programme, eminent academicians and industry experts delivered sessions on a wide range of contemporary themes including innovation leadership, Web 4.0, Web 3.0 and Blockchain, cybersecurity, sustainability and ESG, competency frameworks, curriculum design, project-based learning, Industry–Academia collaboration, digital transformation, global economic shifts, and the evolution from Industry 1.0 to Industry 5.0 with a focus on human values and ethical AI. The FDP placed strong emphasis on experiential learning and evaluation, with participant presentations based on Harvard Business Review articles, interactive discussions, and MCQ-based assessments. These activities encouraged critical thinking, collaborative learning, and practical application of Industry 4.0 concepts in teaching and institutional practices.

The programme concluded with a valedictory session, reflecting on key learnings and outcomes. Overall, the FDP served as a robust academic platform that successfully bridged theory and practice, empowered educators with future-oriented skills, and reinforced the University's commitment to innovation, entrepreneurship, and excellence in higher education.

2.2 SPPU Research Park Foundation (RPF)

Savitribai Phule Pune University's Research Park Foundation (RPF) is a Section 8 company fully owned by Savitribai Phule Pune University. SPPU-RPF was established to provide direct and indirect support and facilities to innovators. This includes assistance in infrastructure, laboratories, special equipment and tools, knowledge and technical support, information, business-related guidance, administration, and marketing.

SPPU-RPF's primary goal is to offer a platform for researchers to implement their technologies and research conducted in various academic and research institution laboratories. The objectives of SPPU-RPF include:

- Bringing together micro, small, and medium enterprises by providing co-working facilities.

- Conducting entrepreneurship training camps.
- Incubating startups.
- Organizing interactive meets between students, faculty members, and industry and academic leaders.

Another objective is to attract leading industries to establish research and development centers within the University and generate income towards achieving self-reliance.

Current and former students, faculty, and other individuals can submit incubation proposals for their startups to SPPU-RPF. They receive appropriate guidance and incubation support. Startups evaluated through the Centre for Innovation and Incubation Enterprise (CIIE) are also incubated at SPPU-RPF. It serves as a medium to transfer university-led research to the business sector and broader society.

Incubated Startups List:

2.3 SPPU Edutech Foundation

Savitribai Phule Pune University Edutech Foundation (SPPUEF) is a wholly owned Section 8 company of Savitribai Phule Pune University (SPPU), established to design, develop and implement large-scale digital, e-Governance and EdTech solutions for the University and the higher education ecosystem.

SPPUEF works as the technology and digital transformation arm of the university, ensuring secure, scalable, and sustainable IT systems fully aligned with academic governance, regulatory compliance, and public accountability.

Key Focus Areas

- University e-Governance Systems
- Examination & Evaluation Digitization
- Learning Management Systems (LMS)
- Admissions, Eligibility & Academic ERP
- Digital Certificates & Verification
- AI-driven Analytics and Decision Support
- Cyber Security & Data Protection

Major Achievements During 2024–25

1. Strengthening University e-Governance

SPPUEF successfully operated and enhanced multiple mission-critical university platforms covering admissions, academics, examinations, results, and finance, ensuring seamless integration and end-to-end digital workflows under the direct control of the university authorities.

2. Examination System Excellence

The examination ecosystem—ranging from student portals, online exam forms, hall tickets, QPD barcoding, result processing, and digital certificates—continued to function at scale with improved accuracy, security, and transparency, supporting lakhs of students and thousands of affiliated colleges.

3. Learning & Academic Innovation

SPPUEF continued to support SPPU's digital learning initiatives through LMS platforms, virtual classrooms, and academic content delivery systems, enabling technology-enabled teaching, learning, and evaluation.

4. AI & Advanced Technology Initiatives

During the year, SPPUEF initiated and implemented AI-powered solutions for document intelligence, data analytics, and decision support systems, including pilots on local and on-premise AI models suitable for government and university environments.

5. Cyber Security & Compliance

SPPUEF continued to maintain high standards of information security and governance, operating in line with ISO 9001 and ISO 27001 frameworks, ensuring data confidentiality, integrity, and availability across all systems.

6. National & State-Level Contributions

SPPUEF actively collaborated with universities, government bodies, and public institutions across Maharashtra and India, contributing expertise in digital governance, large-scale system design, and EdTech innovation.

7. Global Recognition & Innovation Milestone

The SPPUEF technology team played a key role as a core technology partner in achieving a Guinness World Record for creating the world's largest photo album of books, demonstrating SPPUEF's capability in handling mass-scale data processing, analytics, and technology innovation.

Vision Ahead

SPPUEF remains committed to strengthening SPPU's position as a digitally empowered, future-ready public university, with a continued focus on innovation, inclusivity, transparency, and academic excellence through technology.

2.4 Centre for Intelligent Systems

Under the initiative of the National Higher Education Mission (RUSA*)*, the **Centre for Intelligent Systems (CIS)** has been established at the **Department of Technology**, of the university. The CIS has been developed over a dedicated area of **4000 sq. ft.**, equipped with state-of-the-art facilities to support advanced research and innovation.

Significance of the Centre for Intelligent Systems (CIS) in Intellectual Development

- **Foresight in Emerging Technologies**: CIS develops technologies that predict how emerging innovations will be adopted. This foresight enhances the quality of ongoing research and helps identify new research directions within existing technological areas.
- **Broad Impact of CIS**:
  - The center supports the development of analytical technologies that benefit multiple sectors such as science and technology, sociology, environment, education, and agriculture.
  - Research benefits are extended to students through experience-based learning in undergraduate and postgraduate engineering and technology courses. These programs are tailored to align with current market demands and technological trends.
  - Postgraduate and doctoral aspirants are motivated to pursue higher education and research in emerging fields through the exposure and opportunities offered by CIS.
  - The CIS laboratory serves as a valuable resource for technical systems and infrastructure required to support modern engineering curricula.

Placement Highlights

Students graduating from CIS-aligned courses have received excellent placement offers in reputed national and international organizations.

- Students have secured roles such as:
  - Data Analyst
  - Data Scientist
  - Software Developer
  - AI/ML Engineer
  - Cloud Solutions Associate
  - Business Intelligence Developer

2.5 Design Innovation Centre

A. Activities undertaken through Design Innovation Centre during the academic year 2024-25 are as follows:

Sr. No.	Activities	Date	Participants
1	Workshop on "Role of Authenticated Fungi in Modern Industry and Agriculture".	24/10/2024	52
2	Workshop on "Entrepreneurship & Innovation as Career Opportunity".	17/01/2025	175
3	Comprehensive Training Workshop on HPTLC and HPLC Applications	21/03/2025	35
4	Seminar on "The Basics of HPTLC and HPLC Instrumentation, its Application, Analytical Method Development and Validation	21/03/2025	35

B. Courses conducted through Design Innovation Centre in the academic year 2024-25 are as follows:

Sr. No	Course	Duration	No. of Students
1	Certificate Course in Chromatographic Technique for Designing Forensic and Industrial Application	06 Months	11
2	Introduction to Cyber Security Compulsory (Extra 04 Credit) Course	-	1000

C. During the academic year 2024-25, Design Innovation Centre participated in various National/International events as follows: -

Sr. No.	Events	Venue	Date	No. of Participants
1	NDIN Design Education Meet	Indian Institute of Science (IISc), Bengaluru.	23/08/2024	01
2	International Conference on Sickle Cell Disease Advances in Management and Prevention	ICMR-CRMCH Chandrapur, Maharashtra	04/10/2024 & 06/10/2023	02
3	Review Meeting of the Scheme NIDI	Indian Institute of Technology (IITD), New Delhi	03/03/2025	01
4	E-Summit 2025 (IIC IP & TT Workshop)	Bharti Vidyapeeth College of Engineering, Lavale, Pune.	11/03/2025	02

2.6 Educational Multimedia Research Centre (EMMRC)

- The Centre has produced 06 MOOC's (257 Modules) for SWAYAM Portal and 01 SWAYAM PRABHA Course (25 Modules) during the period ranging from July 2024 to June 2025. 29 courses produced by the centre were offered on SWAYAM online platform
- The Centre has carried out Video Recording of major activities and events of the university i.e. Republic Day, University Foundation Day, Chhatrapati Shivaji Maharaj Jayanti, Dr. Babasaheb Ambedkar Jayanti, Mahatma Phule Jayanti and many other such activities.
- A two-day 106th Co-ordination Committee Meeting was held on 14th & 15th November 2024 at the Centre. Prof. J. B. Nadda, Director CEC, Hon. Vice Chancellor Prof. Suresh Gosavi, Dr. Rajnish Shrivastava, Additional Director, CEC & all Directors of EMMRC Centre of other States attended the meeting.
- The documentary 'Couple for the Environment' produced by the Centre has been awarded the "Best Educational Programme" in the Government Organisation Category by AICEeCC.
- Developed modules on Mathematical Modelling for control on Infectious Diseases in India for ICMR-NITVAR.
- A documentary film on Maharashtra was presented by the Centre in the presence of Governor Hon. C. P. Radhakrishnan on rich cultural heritage, historical significance, UNESCO World Heritage sites of Maharashtra on the occasion of Maharashtra Day.

2.7. E-Content Development & Learning Innovation Centre (e-CDLIC)

The University has established a comprehensive e-content Development & Learning Innovation Centre on the campus, equipped with modern facilities. Numerous e-content modules have been created, and digital classrooms have been set up to enhance the effectiveness of the teaching-learning process. The University boasts a fully functional state-of-the-art e-content creation studio, enabling teachers to record their sessions using various IT tools in high-definition video format. Faculty members extensively use modern technologies for lecture preparation. Live online broadcasts of sessions to students in affiliated colleges are facilitated, with a mechanism to receive queries through the website. The University has developed several digital classrooms to ensure the effective and efficient delivery of lectures. The online Ph. D viva examinations conducted by eCDLIC reflected a strong, inclusive and efficiently coordinated academic evaluation process across diverse academic disciplines.

A total of **617 online viva** were successfully organized in 2024-25, demonstrating the robustness of the digital academic ecosystem. The highest participation was observed in **Science (162)** and **Engineering (119)**, underscoring the active research engagement in core and applied sciences. Significant numbers were also recorded in **Arts (93)**, **Management (71)**, **Commerce (51)**, and **Mental, Moral and Social Sciences (50)**, highlighting balanced representation from humanities and social sciences. Professional and specialized fields such as **Pharmacy (36)**, **Education (18)**, **Law (10)**, **Physical Education (3)**, **Technology (3)**, and **Fine Arts (1)** further contributed to the overall count. The smooth conduct of these vivas in an online mode ensured academic rigor, accessibility, and continuity of doctoral assessments, reinforcing eCDLIC's commitment to quality research evaluation in a digitally enabled environment.

2.9 Skill Development Centre (SDC):

B.Voc. in Renewable Energy

- Skill Development Centre conducted training programme in Solar PV System Installation, Operation and Maintenance for the disabled solders in QMTI, Pune from 1st Feb 2025 to 31st March 2025.
- Industry Academia Forum organized lectures by Deepak Kamble, Yubi Solar Pvt. Ltd. on technical skills in solar PVS.
- Windson Energy, Volstar Energy, Yubi Solar and Sailee Electrical provided placement for students.

B.Voc. in Manufacturing Technology

The Skill Development Centre of Savitribai Phule Pune University, in collaboration with Maxion Wheels, a wheel manufacturer, and the Iochpe Foundation, Brazil, has introduced "Formare," a well-established academic scholarship programme, B.Voc. in Manufacturing Technology. The program aims to enhance the employability of underprivileged Indian youth in the region by connecting classroom learning with real-world workplace experiences. This is achieved by incorporating university curriculum with theory while simultaneously providing targeted professional and social skills training at Maxion Wheels' facilities in the Pune area. Students will receive a comprehensive academic scholarship sponsored by Maxion Wheels. In addition to 100% tuition being reimbursed, they will also receive a uniform, transportation, meals, and a monthly stipend. Unlike other educational scholarship programs in the region, this program focuses on giving participants an opportunity to succeed in the job market overall.

This unique program is as per the National Education Policy (NEP) of the UGC which opens doors to a wide range of employment opportunities, fostering new generation of skilled professionals in manufacturing industry.

B. Voc. (Retail Management)

- A total of 25 students of B. Voc. in Retail Management have been awarded internships at Maruti Suzuki India Ltd. and Tata Motors showrooms. Each student will be paid a stipend of Rs. 15,000 per month.
- 6000 students completed 4-credit skill-based courses run by the Skill Development Center. These courses are conducted through e- content on university's Moodle LMS. These courses are as follows:
  I. Personal Financial Planning
  II. Programmable Logic Controller and Business Communication Skills.
- On 28 February 2025, the Skill Development Center organized a Safe Driving Workshop aimed at promoting road safety awareness and responsible driving habits among students and staff. The workshop was part of a broader initiative to reduce traffic accidents and fatalities through education and practical training. The workshop began with sessions led by road safety experts & SAI SERVICE Maruti Suzuki Trainer Mr. Pradeep Katekar who discussed the alarming statistics on road accidents and the critical role of driver education in saving lives. Emphasis was placed on understanding traffic rules, recognizing road signs, and the consequences of reckless driving.

BHAU (Bamboo Handicraft & Art Unit)

Under the Quality Improvement Scheme, training on Bamboo Project was successfully conducted for 10 colleges in tribal areas from 29th February 2025 to 8th March 2025
Unders Quality Improvement Program of the University following colleges were given financial assistance for arrangement of workshops under the scheme the Bamboo Prakriya Prakalp Yojana:

3.3 Competitive Examinations Centre

Competitive Examination Centre started with the following objectives:

- Creating awareness and encouraging the youth of Maharashtra for UPSC/MPSC Civil Service and other competitive examinations.
- To cultivate interest and provide specific training required for such examinations.
- To build confidence among the students through continuous counseling, and provide necessary exposure to competitive environment.
- To provide adequate infrastructure and state of the art training tools for achieving such targets.

CENTRAL FACILITIES

5.1 Central Instrumentation Facility (CIF)

The Central Instrumentation Facility (CIF) at the Savitribai Phule Pune University has been established to cater to the need of academicians and researchers, on the campus and affiliated colleges of the SPPU, in the high priority areas of research in basic sciences. This facility is extended to all the universities, academic institutes, national research institutes, defense institutes, and industries in India. This facility has substantially catalyzed rote of publications in SPPU.

Key Facilities and Services Offered:

Services include sample analysis, method development, instrument training, and technical consultancy, managed by a team of qualified and experienced staff. CIF houses a range of high-end analytical equipment such as:

- Nuclear Magnetic Resonance Liquid State 500MHz (NMR): It is mostly used for determining molecular structure of organic molecules.
- Liquid Chromatography Mass Spectrometer (LCMSMS): Determination of molecular weight of organic/ coordination compounds, plant extracts, proteins, peptides, sugars, nucleotides etc.
- Gas Chromatography Mass Spectrometer (GCMSMS): Identification of environmental pollutants, drug molecules, organic/inorganic compounds, pesticides etc.
- Field Emission Scanning Electron Microscopy (FESEM)- Energy Dispersive Spectroscopy (EDS): Microscopic feature measurements, surface morphology, qualitative and quantitative elemental analysis, elemental mapping
- Circular Dichroism Spectropolarimeter with Stopped Flow (CD): Studies of protein secondary and tertiary structure with variable pH, temperature and time. Stereo-chemical analysis of peptides
- Thermophoresis: Quantitative analysis and biomolecular, Protein-protein interaction studies, Nucleic acid-protein binding, Studying complex biological systems.
- Atomic Force Microscopy (AFM): Surface studies at atomic scale
- Inductively Coupled Plasma Mass Spectrometry with Laser Ablation (ICPMS-LA): Tracing elemental origins in rocks, elemental mapping.
- Physical Properties Measurements System (PPMS): characterizing materials by measuring magnetism and thermal properties, etc.
- Powder X-ray Diffractometer (PXRD): Identifying polymorphs of drugs, characterizing nanoparticles, a non-destructive technique that uses X-rays to identify the crystalline structure, phase, and purity of powdered materials.

These high-end instruments support applications in scientific research, R&D laboratories, pharmaceuticals, manufacturing, materials science, and environmental analysis. CIF plays a crucial role in providing high-quality analytical support for academic and industrial research.

At CIF we provide service to more than 3500+ users:

- Research students from various departments of Savitribai Phule Pune University.
- Affiliated colleges from Pune, Ahilyanagar, Nashik, etc.
- Other Universities from all over India.
- Government institutes like HEMRL-DRDO, NCCS, NCMR, ARI, NIV, IITM, NCL, Government Institute of Forensic Science, IISER, PPCRC, National Institute of Technology, Serum Institute of India, etc.
- Industries like Innovassynth Technologies India Ltd., Hikal, Vipanan Analytical Technologies, Knowchem Lab Pvt. Ltd., Matrix Global Speciality Pvt. Ltd., Anlage Materials Pvt. Ltd., Speciality Sintered Pvt Ltd Shirwal, HKR Biotech Pvt. Ltd., etc.

Activities from July 2024 to June 2025:

- Samples analyzed during July 2024 to June 2025.

- **In 2024–25, a total of 3,737 books were added to Library Resources.**

Weeding Out of Books

Books that were unusable or reported lost by readers were weeded out from the centre's records as per committee recommendations. Till date, around 5,000 books have been withdrawn.

Periodicals

Subscriptions for printed and electronic periodicals were renewed in 2024–25 based on recommendations of department heads. Number of subscribed periodicals:

- National journals: 34
- Databases subscribed: 18
- Databases received under ONOS: 30 (covering 13,000+ journals)

During the year, most readers benefited from the centre's reading resources and services. Copies of journal articles were provided through photocopying or by downloading online articles. Along with regular members, temporary members also availed services of the periodicals section.

The **'Article Alert'** service, providing scanned contents pages of new journal issues by email to faculty was continued this year.

A new service, **'Literature Search Service,'** was launched in January 2025. Through this, Ph.D. researchers and faculty of SPPU received research articles by email. In 2024–25, 34 researchers were provided a total of 270 research articles.

Membership Statistics

New memberships and renewals during the year:

Sr. No.	Reader Type	Number
1.	University Faculty	09
2.	Retired Faculty	05
3.	Administrative Staff	01
4.	Retired Administrative Staff	06
5.	Institutional Members	121

14.	Chair Professors	04

In 2024–25, a total of **27,350 books were circulated** (issue, return, renewal) with a daily average of **105 transactions**.

Reference Services

Reference service is one of the most important library services. JKRC provides this service personally, by via telephone and email to regular members, and in a limited way to temporary members.

Orientation programs were conducted for newly admitted UG and PG students on how to use the resources and online catalogue. Training was given to departmental groups on how to search and use reading materials.

Facilities

The reading hall remains open **365 days a year from 7:00 AM to 12:00 midnight.** On the occasion of Dr. B.R. Ambedkar's birth anniversary, the annual '18 hours of continuous reading' event was organized.

In addition, the reference section in the Library, with unique design and rich printed resources, is available during office hours. The Bharat Ratna Dr. B.R. Ambedkar Hall also provides additional reading facilities.

JKRC Portal

The JKRC portal was developed to provide access to all resources at one place. It includes books, theses, periodicals, and open-access resources. The portal can be accessed online at: **http://lib.unipune.ac.in**.

Subscribed online databases include:

1. AIR Online
2. Bloomsbury Drama Online
3. CLA Online
4. CMIE Economic Outlook and State of India
5. EBSCO Host Communication and Mass Media Complete
6. EBSCO's Business Source Complete

13. ProQuest LISA Full Text
14. PsychArticles
15. Sage Research Methods Online
16. SCC Online Web Platinum Plus
17. Scifinder
18. Scopus

These databases were regularly used by campus researchers and through the Remote Login facility. On average, they received over **30,000 hits per month.**

To promote usage, several **webinars and orientation programs** were conducted in 2024–25 for different departments. Details of Programs:

विद्यापीठ गीत

ज्ञान बनो कर्मशील, कर्म ज्ञानवान

पुण्यमयी दे आम्हा अक्षर वरदान
ज्ञान बनो कर्मशील, कर्म ज्ञानवान

जातिभेद, धर्मभेद, वंशभेद दूर
सारख सारख कंठांतुनि हाच एक सूर
करुणेच्या चरणांशी नत हो विज्ञान

माणुसकी धर्माचा अर्थ जाणतों
श्रमनिष्ठा हें पवित्र तीर्थ मानतों
हृदयांतुनि समतेचा निर्भय अभिमान

सेवेतच मुक्ती ही मंगल दीक्षा
न्यायास्तव जागृति ही सत्यपरीक्षा
हें विश्वचि घर अमुचे मंत्र हा महान
